AWARD

This reference under section 10 of the Industrial Disputes Act, 1947, is by the Government of West Bengal under its order No. 7479-I.R./IR/11L-699/69, dated 22nd September 1969, for adjudication of the issue that arises out of the dispute between Messrs. The Western India Match Co. Ltd., Alambazar, Calcutta-35 (hereinafter be mentioned as the Company), and their workman Shri Jahar Lal Banerjee, 12 A. C. Sarkar Road, Dakshineswar, Calcutta-57, over the dismissal of the latter from service on 13th January 1969. The issue is whether the dismissal of Shri Jahar Lal Banerjee is justified? To what relief, if any, is he entitled?

Pursuant to the usual notices served upon the parties they entered appearance and filed their respective written statements.

Preliminary objection raised by the Company is taken up first for hearing at the instance of the Company. The preliminary objection is that the reference is bad in law firstly because Shri Banerjee, the employee concerned, was not a workman as defined in section 2(s) of the Industrial Disputes Act at the time of the dismissal, but was a supervisory personnel drawing wages of more than Rs. 500 per month and secondly because no dispute was raised over the dismissal by the employee concerned with the Company before he took up the matter with the Labour Directorate for getting it referred to the Tribunal for adjudication.

I shall take up the second point first for determination. The Company took up this plea basing upon the rulling reported in 1968 Vol. I L.L.J., 835 (S.C.) that a mere demand to a Government without a dispute being raised by the workmen with their employer, connot become an industrial dispute. Whether such dispute was raised by the employee concerned with the Company or not is a question of fact. No objection on a question of fact can be allowed to be raised at the time of hearing unless it has been specifically taken up in the pleading submitted in the proceeding. The Company has filed two written statements in this proceeding. But in none of them this point was taken up. Even the specific assertion of the employee concerned in paragraph 9 of the supplementary statement filed by him that his representation to reconsider the order of dismissal, was turned down by the management, was not denied or controverted by the Company, in the written statement filed by it, in reply to this supplementary statement of the employee concerned. The order of dismissal passed on 13th January 1969 was communicated to the employee concerned by a letter received by him on 16th January 1969 as appears from the Annexure 'C'. The evidence of the employee concerned (P.W. 1 Shri Jahar Lal Banerjee) is that on receipt of the letter of dismissal he saw the Personnel Officer, Shri Debi Prasad Guha, represented him his difficulties and requested him to consider his case and allow him to work and that on the following day, he saw the Manager and reported to him the same matter. But the Manager said that it was then beyond his control. He took up the matter therefore to the Labour Commissioner for his intervention. The Personnel Officer Shri Guha is O. P.W. 2. He has denied the statement of the employee concerned and said that the employee concerned did not see him any day over the dismissal. Mr. Von Sydow, the Factory Manager, was not examined in the case as he left the service and is not available. O P.W. 2 Shri Guha has said that Shri Banerjee did not see the Factory Manager even over his dismissal because had he done so, he must have been referred to him by the Manager. In view of what was said by the Manager to Shri Jahar Lal Banerjee, the employee concerned, no occasion could arise to refer the employee concerned to him. The evidence of P.W. 1 Shri Banerjee is, in such circumstance, worth believable. The point raised by the Company bears no substance and thus fails.

Now I shall take up the first point. It stands undisputed that Shri Jahar Lal Banerjee, the employee concerned, joined this Company some time in 1950 as a clerk at a monthly salary of Rs. 45 plus the usual dearness allowance and production bonus. He was promoted to Grade C-2 as a general store-keeper from the 1st of March 1952 as is evident from Ext. B. In appreciation of his service rendered to the Company he was promoted to Grade C-3 with effect from 1st January 1956 as appears from the letter Ext. D. Shri Banerjee, the employee concerned, was a monthly-rated employee and the Memorandum of Settlement, Ext. S, was applicable to him. In Schedule 2 of this Memorandum of Settlement Ext. S remains mentioned as Grades C-1, C-2 and C-3. All ordinary clerks have been placed under Grade C-1. Store-keepers,, Assistant Foreman, Head Fitters, Typists, Comptometer Operator, Senior General Clerks, Boiler Attendants with 1st Class Certificates, Chemist, Paper Mill Supervisor, Canteen Supervisors and Draftsmen, have been grouped under Grade C-2 and Grade C-3 is Steno Typists, Foremen or Senior Supervisors, Tmiber Depot Inspectors, Book Keepers and Cashier. The case of the employee concerned is that the post of C 3 Grade to which he was promoted is a clerical post. The Company denies it and contends that it is a supervisory post. The designation given is not itself a conclusive evidence in deciding the question as to whether the employee concerned was a workman or a supervisory personnel. The nature of works allotted to and performed by Shri Jahar Lal Banerjee, the employee concerned, on promotion to the post in Grade C-3, is a decisive test on the point at issue. It is to be noted here that at the time of the dismissal Shri Banerjee was drawing wages exceeding Rs. 500 per month.

The contention of Shri Jahar Lal Banerjee, the employee concerned, is that the post he held in C-3 Grade was a clerical post firstly because the standing order applicable to clerks only was made applicable to him by the Company as is evident from the charge-sheet Ext. 1 issued against him and the reply given by the Company to his letter for adjournment of the enquiry Ext. 2. Secondly, special duty allowance which is allowable to the clerks only and not to the supervisory staff, was drawn by him even after he was promoted to C-3 Grade, and thirdly, the overtime allowance which the clerks are entitled to, had been drawn by him while holding the post in C-3 Grade and that this will appear from the Income Tax Returns issued by the Company relating to him Exts. 3 and 3/a. The explanation of the Company relating to the standing order is that it was mentioned through mistake in Exts. 1 and 2 and that this mistake was detected at the time the dismissal order was passed. As to the payment of special duty allowance, the contention of the Company is that the special duty allowance was drawn by the employee concerned when he was a clerk and that he continued to withdraw the same even after his promotion to Grade C-3 as it was not withdrawn and that this is not a singular instance because Stenographer is not admittedly eligible to special duty allowance, but Shri Abanindra Nath Biswas, who used to get special duty allowance, as a clerk, has been drawing the same till now even though he became the Stenographer of the Personnel Officer as it has not been withdrawn. O.P.W. 1 Shri Subrata Mitra, the Factory Accountant of the Company, admits the correctness of Ext. 3/a and contends that the employee concerned got the overtime allowance in the year in question as his wages at that time being less than Rs. 500 per month, he was a workman. But he disputes the correctness of Ext. 3 contending that the figure mentioned in the column 'Total' of Ext. 3 is an erased one and an interpolation and the figure in column 'Overtime' is a subsequent insertion. O.P.W. 1 Shri Mitra admits that they maintain records in the office regarding deductions of income tax at source from the employees and that that paper will show from which employee how much was deducted as income tax. That paper if produced, would have shown whether Ext. 3 represents the correct picture of the matter or not. In the absence of that paper I cannot but hold that Ext. 3 is a genuine document. Application of the standing order and payment of special duty allowance and overtime allowance to the employee concerned are not of much importance in deciding the point at issue because those will not and cannot convert him to a clerk if it is found on evidence that the nature of the works assigned to and performed by him was of supervisory character, because supervisory personnel drawing wage more than Rs. 500 per month, has been excluded from the defination of workman under section 2(s) of the Industrial Disputes Act.

Writing gate-passes, taking attendance of the workers, preparing statements and noting of Cardex are admittedly the clerical jobs of the Store Department. Manual works in the Store Department are admittedly performed by the Store Mazdoors numbering 22. According to O.P.W. 1 and O.P.W. 2, the clerical jobs of the Store Department were performed by the Store clerks who were 4 in number and that they were under Shri Jahar Lal Banerjee who was the Store-keeper in-charge of the Store Department. Allotment of duties and overtime works to the clerks and Mazdoors, recommending increments, transfers, disciplinary action and supervision of the works of the clerks and the Mazdoors were the duties of the Store-keeper Shri Jahar Lal Banerjee. The evidence of P.W. 1 Shri Jahar Lal Banerjee is that he did the clerical jobs of the Store Department along with the other 4 Store clerks and that he performed the same kind of work which the other 4 clerks in the Store Department used to do. He further contends that his nature of work was never supervisory. Exhibit E is admittedly a note of Shri Banerjee recommending increment of pay of two Store Mazdoors, one Ambar by name on the ground that he had shown capabilities in his work and discharged his duties with satisfaction and the other Dipak by name on the ground that he specifically helped in the matter of systimatically arranging the goods in the Stores to avoid any inconvenience and was found always to be very effecient in his works. Exhibit G is admittedly a report of Shri Banerjee under his signature to his superior authority pressing for more space requirements for General Stores as the existing space was found too insufficient to accommodate the stores and to carry out the works of the Stores satisfactorily. Exhibit I is a letter of one Shri Nagendra Nath Pandey, a Mozdoor of the Stores for his transfer from the Store Department to the Factory Dispensary and the report of Shri Banerjee, Store-keeper, is that he could not be spared as his services were indispensable. Exhibit J is also his report recommending transfers of two Mazdoors from the Stores to the General Department. Exhibit F is a report submitted by Shri Banerjee to his superior officer recommending disciplinary action against a Mazdoor of the Stores for insubordination and negligence of duties. Exhibit H is a recommendation by Shri Banerjee as Store-keeper for appointment of contractor on furnishing a comparison table of the labour cost by their own Mazdoor and by contractors with the comments that if the work was done by the contractor, there would be much saving of money and he would be in a position to reduce his labour by three heads. Exhibit M is a letter submitted by Shri Banerjee as Store-keeper suggesting for making available one travelling trolley in the workshop for the purpose of transport of labels to GSS Godown. Exhibit M is a report submitted by him complaining disobedience of order and slow down of work by the Store Mazdoors. Exhibit K is a report made by Shri Banerjee to his superior officer recommending disciplinary action against a Mazdoor for refusal to do the work assigned to him. Exhibit L is a leave application of a Store clerk named Mohan Lal Chatterjee and the report of Shri Banerjee is that he may be spared. Exhibit U and Exhibit U/1 are the allotment of overtime to the Mazdoors under the signature of Shri Banerjee as Store-keeper. Exhibit X is a document under the signature of Shri Banerjee which shows that during the Puja Holidays, 1967, he allotted works to the Mazdoors. All these go to show that the works assigned to and performed by Shri Banerjee as Store-keeper, were of supervisory in nature and were not clerical. In the case reported in 1965 Vol. II, L.L.J., 175, it was held by their Lordships of the Supreme Court at page 189 that distribution of works, detection of faults, report of penalty and making arrangements for filling vacancies are supervisory and not merely clerical. Exhibit V is a job description of Shri Banerjee, the employee concerned, under the signature of the Factory Manager Mr. Von Sidow. The evidence on the side of the Company is that the copy of this job description was made over to Shri Banerjee, Store-keeper, but no signature was taken for the same from him as it was not the practice with the Company. Shri Banerjee of course, has denied of having received such job description. Be that as it may, it has been argued basing upon this job description on behalf of the employee concerned that the jobs assigned to him were mainly clerical and the small amount of supervision which he had to perform was only incidental to his main works. I have gone through the job description and it appears very clear from it that the jobs assigned to him were principally supervisory and a few clerical works he used to do were only incidental to his main job.

In the result, I do hold that the employee concerned Shri Jahar Lal Banerjee was not a workman at the time of the dismissal and as such, the dispute is not an industrial dispute as defined in section 2(s)/(k) of the Industrial Disputes Act.

The reference is thus bad in law.

AWARD

This is a reference under section 10 of the Industrial Disputes Act, 1947, made by the Labour Department of the Government of West Bengal, under G.O. No. 7475-IR, dated 9th November 1970, for adjudication of an industrial dispute existing between Messrs. Gajkumar Brothers, 5 Dharamtala Street, Calcutta-13 (hereinafter referred to as the Company), and their workmen represented by Central Calcutta Shops and Establishment Employees' Union, 2A Free School Street, Calcutta-16 (hereinafter referred to as the Union), on the following issue:

Issue

Whether lockout of the shops situated at 5 Dharmatala Street, Calcutta-13, is justified? To what relief, if any, are the workmen entitled?

On receipt of reference notices were issued on the Company and the Union by registered post fixing 9th December 1970 for appearance. The Company appeared on 9th December 1970 The Union, however, did not appear in spite of service of notice. Thereafter the Company filed a memorandum of settlement reached between the parties before the receipt of reference. The case was adjourned from time to time. On 16th January 1971 the Company also prayed for passing a 'no dispute' award in terms of the settlement made out of Court. It appears that the Union is not taking any interest in the dispute referred to this Tribunal for adjudication, and the Union and the concerned workmen are not pursuing the dispute as the same has been amicably settled between the parties. The dispute is therefore to be deemed to be non-existence and an award is to be made accordingly on the basis that at present there is no subsisting dispute for adjudication.

In the result, I made a 'no dispute' award in the case.

AWARD

This case arising out of an application under section 33A of the Industrial Disputes Act was originally filed before the learned Eighth Industrial Tribunal. The Company filed their written-statement in that Tribunal on 26th July 1968 and thereafter the case was received on transfer in this Court. After several adjournments, 3rd February 1970 was fixed for hearing. On 3rd February 1970 and also on the next date, i.e., 19th February 1970, the parties were found absent and the case was directed to be put up on 19th June 1970 for a "no-dispute" award. On 19th June 1970, however, the Company appeared and submitted that the dispute had been amicably settled finally and fully between the parties outside the Court. The Company also produced an application purporting to have been signed by the workman Shri Ganga Prosad Gurung and stating that the dispute had been amicably settled between the parties by a Memorandum of Settlement, dated 14th June 1969 and that the workman did no longer wish to proceed further with this case. The workman did not turn up even on that day, but the learned Lawyer for the workman submitted that he had also heard that the matter had actually been settled amicably. In the circumstances, I think that the dispute has been amicably settled and that in any case, the dispute is no longer in existence. Accordingly, I pass a "No Dispute" award in this case. This disposes of the instant application under section 33A of the Industrial Disputes Act

The Government of West Bengal, Labour Department, by its order No. 2444-I.R./IR/11L-289/68, dated 11th April 1969, referred this industrial dispute between Messrs. Madras Rubber Factory Ltd., 4 Justice Dwarakanath Road, Calcutta-20 and their workmen represented by Madras Rubber Factory Employees' Union, 27/1/1 Jadunath Ukil Road, Calcutta-41, to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issue :

Issue

Whether the management are justified in refusing to pay Shri S. Ganguly salary of grade C-7 ? What relief, if any, is Shri Ganguly entitled to ?

8th January 1971 was the date fixed for hearing after the parties had filed their respective written statements. On the date of final hearing the parties filed a joint petition stating that the dispute between the parties had been settled amicably. It was stated in the petition of compromise that the parties had amicably settled the dispute covered by the issue under reference in terms of agreement and it was prayed that an award might be passed according to the terms of the settlement.

The joint petition for a compromise award in terms of the settlement as per agreement between the parties was directed to be put up on 14th January 1971

The matter is taken up today (14th January 1971). I have considered the terms of settlement reached between the parties. The terms appear to be quite lawful, fair and reasonable. I am satisfied that the dispute covered by the issue under reference has been amicably settled in terms of the petition of compromise and it is a bona fide settlement. Accordingly I would make a compromise award in the case as prayed for.

In the result, I make a compromise award in terms of the joint petition, dated 8th January 1971 and the copy of the agreement filed therewith, copies whereof are made part of the award as Annexure.

Road, Kamarhati, Calcutta-58, and their workman, Shri H. N. Choubey, C/o. R. D. Upadhaya, 9 Lower Chitpur Road, Calcutta-1, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, or adjudication, on the following issue:

Issue

Whether the dismissal of Shri H. N. Choubey with effect from the 9th May 1967 is justified? What relief, if any, is he entitled to?

On receipt of the reference, notices were issued to oth the parties and both the parties appeared and filed their respective written statements. The case f the workman is that he has been wrongfully dismissed from service by the Company for his activities in connection with the Union of the workmen and he ants to be reinstated in his service with back wages. The said allegation of the workman is denied by the Company and it is contended on behalf of the Company that proceeding was drawn against the workman concerned for his laches in duty and after termination f the said proceeding the workman was dismissed from service as he was found guilty of the charges as rought against him.

At the very outset the Company raise a preliminary objection as to the maintainability of this reference, the contention of the Company being that it is not an industrial dispute at all inasmuch as the workman did not raise the dispute under reference with the Company before he went to the Labour Department for redress and as such the reference is not competent. The said contention of the Company is opposed from the side of the workman. Both the parties have adduced oral as well as documentary evidence on he said preliminary point.

It is contended from the side of the workman that n his written statement he has stated specifically that "he made representation to the Company verbally nd in writing to vacate the order of dismissal and o reinstate him with retrospective effect," but there is no specific denial to the said fact in the written statement of the Company and as such it will be tantamount to admission on behalf of the Company. In Industrial adjudication, however, the law of pleadings is not applicable in all strictness [(1964) 1 Labour Law Journal, Page 737] and as such the absence of specific denial on a particular point as mentioned in the written statement of the other side cannot be treated as an admission of his adversary and the said plea is not available to the workman. The workman himself has deposed in this case but nowhere in his evidence he has stated that he took up the matter of his reinstatement in his post with the Company before he approached the Labour Department of the Government for redress. The Chief Accountant of the Company and one of his Directors have deposed in this case and they deny altogether that he workman took up the matter of his reinstatement with the Company after his dismissal nd before he went to the Labour Department. It appears that the workman concerned approached the Labour Department on 31st May 1967 (Ext. A). The said date, however, is not there in the copy of the said letter filed by the Company which was sent to the Company by the Labour Department (Ext. 2). Be that as it may, the Company has filed a document, dated 3rd January 1967 (Ext. 1), addressed to the Works Manager of the Company by the workman concerned and it appears from the said document that the workman requested the Works Manager of the Company "to withdraw the charge-sheet and suspension order and to permit him to join his duty and the workman wants to rely upon this document to show that the dispute under reference was taken up by him with the Company before he took resort to the Labour Department. Now as mentioned above it appears from the written statements of the workman as well as of the Company that a proceeding was drawn against the workman by the Company and he was suspended from service and thereafter on the conclusion of the proceedings he was dismissed from service. From the written statement of the workman it appears that charge-sheet was submitted to him on 23rd December 1966 and from that date he was suspended from service and thereafter he was dismissed from service from the 9th May 1967. As mentioned above the document Ext. 1 was, dated the 3rd January 1967, that is, after the suspension of the workman, but long before his dismissal and it appears further that the said document was only a show-cause petition filed by the workman in connection with the charges as brought against him and against the order of his suspension and in the the said petition he sought for withdrawal of his suspension order. Now the order of suspension which is only an interim order pending inquiry is not the same thing as the final order of dismissal which is passed after conclusion of the enquiry. The order of suspension does not dissolve the relationship of employer and employee and the employee continues to be in service until a final order of dismissal is passed against him. The document Ext. 1 cannot, therefore, be construed as an application by the workman for reinstatement in service after the final order of his dismissal from service was passed by the Company. And there is nothing on record to show that the workman took up the dispute under reference with the Company after the final order of his dismissal was passed and before he went to the Labour Department for redress. It has been held that "a mere demand to a Government without a dispute being raised by the workmen with their employer cannot become an industrial dispute" [(1968) 1 Labour Law Journal, page 834]. Thus it appears that the present dispute is not an industrial dispute and the reference is incompetent. The case of the workman, therefore, fails in limine and he is not entitled to any relief in this case.

By the Government of West Bengal, Labour Department, order No. 5304-I.R./IR/11L-426/70, dated the 17th July 1970, this industrial dispute between Messrs. Rita Bakery and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mention below:

Issue

Bonus for the year 1967 payable in 1968.

The Union took several adjournments for filing written statement, but it did not file any written statement. On 25th January 1971 the parties did not take any steps. Hence it appears to me that the parties are no longer interested in the matter and, as such, the industrial dispute under reference is no longer in existence. The case is therefore struck off for default and the reference is disposed of accordingly.

AWARD

By order No. 4934-I.R./IR/10L-166/70, dated the 24th June 1970, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Hindusthan Auto Distributors, 62 Hazra Road, Calcutta-19 and their workmen represented by Hindusthan Auto Distributor & Vishwa Engineering Workmen's Union, 249-D Bepin Behary Ganguli Street, Calcutta-12, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue:

Issue

Bonus for the accounting year 1968-69.

The usual notices of the proceeding having been duly served upon them, the parties entered appearance on 3rd August 1970. By order No 2, dated 3rd August 1970, the parties were asked to file their respective written statements by 3rd September 1970. On that date the Union prayed for further time to file written statement. By order No. 3, dated 6th September 1970, extension of time for filing written statement was granted. On 3rd October 1970 the Union again prayed for further time to file written statement. Time was allowed till 3rd November 1970 for filing their written statement. On 3rd November 1970 the Union again came up with a prayer for further time to file written statement. Time was allowed till 24th November 1970 for filing written statement by the Union as the last chance. As before, the Union failed to file their written statement on the date fixed. On 25th November 1970 they prayed for further time to file written statement. On their prayer time was allowed till 19th January 1971 for filing written statement. On 19th January 1971, however, the Union again failed to file written statement. Neither did they take any steps in the matter. The case was adjourned by the Tribunal suo moto for disposal. The Union neither entered appearance nor filed any written statement on 29th January 1971. There is, therefore, no alternative other than taking up the reference for disposal according to law. From the facts stated above it is clear that the Union took a number of adjournments to file written statement. On last two occasions they did not enter appearance. Neither did they take any steps in the matter. In the circumstances, I am inclined to hold that the Union has ceased to take any interest in the proceeding and it is likely that the dispute under reference is no longer in existence. Consequently, a "no dispute" award must be passed in this case. The reference, under the circumstances, is disposed of accordingly.

AWARD

By Labour Department, order No. 4727-I.R./IR/11L-347/70, dated 12th June 1970, the Governor was pleased to refer the instant dispute between Messrs. Dey's Scientific Corporation, 33 Lalit Mitra Lane, Calcutta-4, and their workmen represented by Scientific Instrument Employees' Union, Calcutta, 1 Bhabanath Sen Street, Calcutta-4, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issues:

Issues

1. Grade and Scale.
2. Bonus for 1968-69.

On receipt of the reference, notices were issued to both the parties fixing 5th August 1970 for appearance of the parties. The said notices were received by the Union and by the Company on 17th July 1970 and 16th July 1970 respectively. The Company appeared on 5th August 1970 but the Union was absent and the case was fixed on 1st September 1970 and on that day both the parties were absent and the case was adjourned to 28th September 1970 for appearance by the Union. On that day the Company was present but the Union was absent and the case was put up on 4th November 1970 for appearance by the Union. The Union, however, remained absent on that day also and a notice was again issued to the Union fixing 4th December 1970 for appearance and for taking proper steps. On the said date the return of the aforesaid notice was not received and both the parties remained absent and the case was fixed on 29th December 1970 and on the said day the return of the notice to the Union was received with the "not claimed" endorsement by the postal peon. The Company was also absent on the said date. A fresh notice was issued to the Union fixing 29th January 1971 for order. The said notice has also come back with the same "not claimed" endorsement by the postal peon. On the said date (29th January 1971) both the parties were absent. Thus it appears that none of the parties takes any interest in this case and it appears further that the dispute under reference is no longer in existence. The reference is, therefore, disposed of on the basis of a "no dispute" award.

Present for the Company : Shri C. L. Ganguly, Advocate, assisted by Shri P. K. Mukherjee, Advocate.

For the Union : None.

AWARD

This reference made at the instance of the parties under sub-section 2 of section 10 of the Industrial Disputes Act, 1947, by the Government of West Bengal, in its order No. 5114 I.R./IR/11L-243/68, dated 16th July 1968, relates to a dispute between Messrs. Sett Bakeries Private Ltd., 3 Ramakanta Sen Lane, Calcutta-4 (hereinafter referred to as the Company) and their workmen represented by Sett Concerns Employees' Union, 38/H/27 Manicktolla Main Road, Calcutta 54 (hereinafter referred to as the Union), over the quantum of bonus for the accounting years 1965-66 (1372 B.S.) and 1966-67 (1373 B.S.). The issues referred for adjudication are as under :

Issues

(i) Quantum of Bonus for 1965-66 (1372 B.S.) and 1966-67 (1373 B.S.).

(ii) Adjustment or otherwise of the amount paid as advance in 1966 and as financial assistance in 1967 with the bonuses payable for the relevant years respectively.

(iii) The manner of payment or recovery of the excess amount as the case may be, in the light of bonus to be awarded.

Pursuant to the usual notices served upon the parties they entered appearance and submitted their respective written statement. Several adjournments were granted to the Union to get themselves ready for hearing of the case, but they did not avail of that opportunity and turn up for hearing. The case was thus heard ex parte on 22th January 1971 and the evidence from the side of the Union was taken. Argument for the Company was heard on 25th January 1971. The Union was not present on that day even.

It transpires from the notice Ext. D hung up in the notice board at the office premises of the Company that to meet Puja expenses in 1372 B. S the employees were allowed to draw 4 per cent of the wages or salaries earned by them during the accounting year 1965-1966 (1372 B. S.) or Rs. 40 whichever is higher on the terms that after finalisation of the balance sheet for the year in question, if any further amount was found payable as bonus under the provisions of Payment of Bonus Act over and above the amount announced and now being paid, the same would be paid and that if no further bonus was found payable for the year in question then the payment now being made, would be treated as bonus paid in full and final settlement of bonus due to the employees for the year in question. In the accounting year 1966-67 corresponding to 1373 B. S., the employees demanded 20 per cent. as bonus for the year and the Company was not agreeable to pay the said amount. Ultimately a settlement was arrived at between the parties by which it was agreed that as an interim measure the Company would pay to the employees an amount equal to 13 per cent. of the wages disbursed in the accounting year 1966-67 (1373 B. S.) as financial assistance against the demand for bonus for the accounted year in question to enable the employees to meet the Puja expenses, that the dispute on bonus for the accounting year would be referred to the Tribunal for adjudication under section 10(2) of the Industrial Disputes Act, that the bonus for the year in question awarded by the Tribunal would be adjusted with the financial assistance mentioned above and that the Company would pay an additional amount as bonus if the same is found payable under the award and recover the excess amount paid as financial assistance from the employees if the same is directed in the award in the manner prescribed therein.

Issue No. 1: Exhibit A and Ext. B are the statements of accounts of the Company for the accounting year 1965-66 corresponding to 1372 B. S. and 1966-67 corresponding to 1373 B. S. respectively duly audited by a Chartered Accountant. In the absence of evidence to the contrary they are to be presumed to be correct. Exhibit E and Ext. F are the available surplus statements for the years in question worked out by P. W. 1 Shri Abhoy Kumar Sett, who is a Chartered Accountant and used to work in the Company in its Accounts Department under the provisions of the Payment of Bonus Act. They are found to be accurate on scrutiny. The statements of Accounts Exts. A and B show that in both the accounting years the Company suffered loss. In the case of loss in the business in any accounting year, the Company is under a statutory obligation to pay to its employees minimum bonus at the rate of 4 per cent. of the salary or wage earned by the employee during the accounting year or Rs 40 whichever is higher as provided under section 10 of the Payment of Bonus Act. So the quantum of bonus for both the years 1965-66 (1372 B.S.) and 1966-67 (1373 B. S.) shall be as awarded by this Tribunal 4 per cent. of the salary and wage earned by the employee during the year in question or Rs. 40 whichever is higher.

Issue No. 2: The advance received by the employees in 1966 shall be adjusted against the bonus payable for the year in question and shall be treated as bonus paid in full due to the employees for the year. The financial assistance received by the employees at the rate of 13 per cent. of the wages disbursed in the accounting year 1966-67 (1373 B. S.) shall be adjusted against the bonus for the year awarded by the Tribunal and the excess amount is to be refunded by the employee to the Company.

Issue No. 3: Due to the closure of the business, the employees who received the financial assistance in the accounting year 1966-67, ceased to be the employees of the Company. In the circumstances, the Company shall recover the excess amount of the financial assistance from the employees in any manner allowable under the law of the land.

This is my award.

AWARD

By Labour Department order No. 1962-I.R/IR/11L 292/68, dated the 26th March 1969, the Governor was pleased to refer the instant dispute between Messrs. Asiatic Paints and Chemicals, 48/50 Baidya Avatan Sarani, Calcutta-35 and their workman Shri Danish Chandra Das, Natungram, Rishra, Hooghly, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication on the following issue:

Issue

Whether termination of service of Shri Danish Chandra Das by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

On receipt of the reference, notices were issued to both the parties and both the parties appeared and filed their respective written statements. The case of the workman in his written statement is that he was an employee at Messrs. Asiatic Paints & Chemicals since May 1965 and had been working there honestly and faithfully, but on 27th December 1967 he was verbally told by one of the directors of the said firm, namely, by Shri Tushar Sen not to report for duty in the said firm from 1st January 1968 without assigning any reason whatsoever for the said order. The workman contends in his written statement that thereafter he made several representations to the firm but without any result and ultimately he took up the case with the Labour Department of the Government of West Bengal. In his written statement he has prayed for reinstatement with back wages.

The case of the firm in their written statement is that by the end of December 1967 the said workman was found to have misappropriated a certain sum of money from the fund of the firm and when he was asked to account for the said sum he absented himself from duty. The contention of the firm is that this is a case of voluntary abandonment of employment and that the workman is not entitled to any relief in this case.

At the very outset a preliminary objection is raised from the side of the firm as to the maintainability of this reference, their contention being that the dispute under reference is not an industrial dispute within the meaning of section 2k of the Industrial Disputes Act inasmuch as the workman concerned did not raise up the dispute with the employers before he went to the Labour Department of the Government for redress and as such the reference is not competent.

The said contention of the firm is opposed from the side of the workman. Both the parties have adduced oral as well as documentary evidence in this case.

As mentioned above the case of the workman in his written statement as well as in his evidence is that his service was terminated with effect from 1st January 1968 It appears that on 8th January 1968 the workman gave a letter to the firm (Ext. F). In the said letter it was stated inter alia by the workman that in view of the directions given by Shri Tushar Sen, he (workman) had to "refrain from attending" his duties from the 1st January 1968 and that he had "no other alternative but to take it granted that" his "services were no longer required" and in the said letter the workman sought for one month's pay in lieu of notice and 20 days leave salary for 1967 and nothing else. In the said letter the workman did not seek for nor demanded reinstatement in service; nor he raised any question as to the justification or otherwise of his alleged termination of service. In continuation of the said letter the workman gave another letter to the firm on 27th January 1968 (Ext. 4) and in the said letter he pursued his claim as made by him in his previous letter, dated 8th January 1968 and specifically sought for settlement of his leave salary accounts and other dues in terms of his appointment. In the said letter even the workman did not raise any question as to his reinstatement in service. In another letter

(Ext. E) the workman stated his unwillingness to meet the said Shri Tushar Kumar Sen as directed by the firm and requested the firm to settle his dues as per factory rules in his absence. On 15th February 1968 also the workman addressed a letter to the firm (Ext. 10) in which the workman requested the firm to issue him a letter of termination of his service so that he could procure a new job and in the said letter the workman complained about the delay on the part of the Company to settle the matter with him but there also he did not raise any question as to his reinstatement in service. It appears that in response to the said letters given by the workman the directors of the firm requested the said workman to meet the men of the firm and to explain the discrepancies found in the accounts (Ext. A & Ext. C). The directors of the firm, however, never rejected the demands raised by the workman with them as referred to above as to give rise to an industrial dispute. Be that as it may, it is evident that in none of the abovementioned letters the workman raised any dispute as to his employment or non-employment in the firm or sought for his reinstatement in the said firm and that he confined his claim to one month's salary in lieu of notice and 20 days' leave salary for 1967 which the directors were always willing to settle with the workman and which were never rejected by them. The workman has filed another letter, dated 23rd March 1968, addressed to the firm (Ext. 11) and in the said letter the workman stated that he represented the matter verbally and in writing to the firm and recorded his protest in connection therewith and claimed adequate compensation and other dues for breach of contact of his service by the firm and he stated further that the termination of his service was illegal and unjustified and that if the firm were not prepared to settle the matter amicably, he would move the Government for taking appropriate action in the matter. It is denied from the side of the firm that they received the said letter. The workman concerned contends in his evidence that he sent the said letter under certificate of posting but no such certificate has been filed in this case. There is no mention of this letter even in the written statement of the workman though the other letters said to have been addressed by the workman to the firm have been specifically referred to in the said written statement. In the circumstances I am not at all inclined to hold that this letter was actually issued by the workman to the Company. The said letter, therefore, does not come to any help to the workman.

It appears that the workman approached the Labour Department of the Government of West Bengal for redress on 30th April 1968 (Ext 5). It is evident, however, from the above discussions that before the said date the workman did not raise the dispute under reference with the employer. It has been held that a mere demand to a Government without a dispute being raised by the workmen with their employer cannot become an industrial dispute (A. I. R. 1968, Supreme Court, 529). Thus the present dispute is not an industrial dispute and the reference is not competent. The case, therefore, fails in limine and the workman is not entitled to any relief in this case.

ANNEXURE

In the matter of an industrial dispute between (1) Messrs. Hindusthan Iron & Steel Co., 68 Jessore Road, Calcutta-55, (2) Messrs. Hotel Hindusthan International, 235A Lower Circular Road, Calcutta-20, and their workman Shri Shew Shankarlal Srivastava, 21 Agamehadi Street, Calcutta-16, referred under G. O. AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between (1) Messrs. Hindusthan Iron & Steel Co., 68 Jessore Road, Calcutta-55, (2) Messrs. Hotel Hindusthan International, 235A Lower Circular Road, Calcutta-20 and their workman

Shri Shew Shankarlal Srivastava, 21 Agamehadi Street, Calcutta-16, to this Court by its order No. 3934-I.R./IR/11L-332/70, dated 4th May 1970, under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issues :

Issues

1 "Whether Hindusthan Iron & Steel Co., terminated employment of Shri Shew Shankarlal Srivastava or transferred him to Hotel Hindusthan International ? To what relief, if any, is he entitled ?

2. Whether refusal of employment by Hotel Hindusthan International to Shri Shew Shankarlal Srivastava is justified ? To what relief, if any, is he entitled ?"

Notices were served on the parties. The workman and the Opposite Party-Company No. 1, Messrs. Hindusthan Iron & Steed Co. entered appearance on 27th July 1970. The workman subsequently filed written statement but the Opposite Party-Company No. 1 did not file any written statement. Thereafter both the Opposite Party-Companies did not turn up and ultimately the case was heard ex parte.

The case of the workman is that he was an employee of Messrs. Hindusthan Iron & Steel Co., Opposite Party-Company No. 1 since July 1961 and he worked there up to July 1964 when he was asked to work as a Store-keeper in Hotel Hindusthan International, which was also under the same management. His further case was that he worked in Hotel Hindusthan International up to 31st October 1969 and that suddenly on and from 1st November 1969 he was refused employment without any notice. He contends that refusal of employment to him since 1st November 1969 was arbitrary and illegal. Thereafter he requested his employer on several occasions for his reinstatement but to no effect. He now prays for his reinstatement in service with full back wages.

The workman has examined himself on oath before me. He says that Hindusthan Iron & Steel Co. and Hotel Hindusthan International are under the same management. He says further that he joined Hindusthan Iron & Steel Co. in July 1961 and he worked there up to July 1964 when he was transferred to Hotel Hindusthan International. He says further that while he was working in Hotel Hindusthan International he took some days leave and that on return from his leave he was refused employment with effect from 1st November 1969. He says further that no notice nor any charge-sheet was given to him before his dismissal from service. He says further that there was no reason to refuse employment to him. I have no reason to disbelieve this statement of the workman. I accordingly find that Hindusthan Iron & Steel Co. transfered the workman to Hotel Hindusthan International which was under the same management and that the termination of service to the workman concerned by the Hotel Hindusthan International was unjustified and illegal. Accordingly I find that the workman concerned is liable to be reinstated in service and that he is entitled to recover full back wages.

The Opposite Party-Companies are accordingly, directed to reinstate the workman concerned in service and to pay him full back wages within 30 days from the date of publication of this award in the "Calcutta Gazette".

This is my award.

Judge, Third Industrial Tribunal.

AWARD

By order No. 6470-I.R./IR/11L-524/70, dated the 15th September 1970, the Government of West Bangal, Labour Department, referred an industrial dispute existing between Messrs. Paul & Chakraborty, Chusery, Howrah and their workmen represented by Howrah Marine Engineering Workers' Union, 77 Upen Mitra Lane, Salkia, Howrah, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues:

Issues

1. Fixation of rate of annual increment.
2. Fixation of the number of National and Festival holidays.
3. Conditions for permanency of the workmen.
4. Introduction of pay register and attendance card.

After service of usual notices of the proceeding upon the parties, the Company alone entered appearance on 11th November 1970. Although the General Secretary of the Opposite Party-Union was duly served with notice, the Union did not appear. Neither did it toke any steps. The case was adjourned by the Tribunal *suo motu* on three occasions. The record was put up on 29th January 1971 "for appearance or for disposal". On 29th January 1971, however, none appeared. Hence, the case is now taken up for disposal.

On consideration of the materials on record and the conduct of the parties, I am inclined to hold that the parties are no longer interested in the proceeding and in all probability the dispute under reference has ceased to exist. Consequently, a "no dispute" award must be passed in this case. The reference is accordingly disposed of.

AWARD

The Government of West Bengal, Labour Department, by order No. 8370-I.R./IR/10L-346/67, dated the 30th October 1969, referred an industrial dispute between Messrs. Bengal Engineering Co. Private Ltd., 12 Dalhousie Square (East), Calcuatta-1 (hereinafter referred to as the Company) and their workman Shri Prabhu Das Shah, 6 Bow Street, 1st Floor, Flat-4, Calcutta-12 (hereinafter referred to as Shri Shah), to this Tribunal for adjudication on the issue herein under mentioned:

Issue

Whether the termination of service of Shri Prabhu Das Shah is justified? To what relief, if any, is he entitled?

After the receipt of the order of reference, notices were issued. Parties appeared and filed their respective written statements. It is alleged by Shri Shah in his written statement that he was appointed in the year 1948 as a probationer on a monthly wages of Rs. 40. He was confirmed in 1949 on a monthly salary of Rs. 60. His remuneration was gradually increased and in the year 1964 the total wages were Rs. 400 per month. In the month of October 1967, Shri A. L. Goswamy, a Director of the Company, asked Shri Shah to provide with some finance. It was impossible for Shri Shah to procure or to supply the aforesaid Director with the said sum of money. The inability on the part of the said workman enraged the said Director and on 1st December 1967 when Shri Shah went to the office, Shri A. L. Goswamy asked him verbally not to do any work and also not to occupy his seat in the office. He was ordered to leave the office immediately and collect his wages and other dues subsequently from the office. The whole of the wages for the month of November 1967 remained unpaid. Shri Shah went to the office on several occasions, but his dues were not paid to him. On 8th June 1968 Shri Shah sent a letter to the Company through his lawyer and the Company replied to the said letter. On 15th July 1968 Shri Shah wrote a letter to the Labour Commissioner. The Labour Officer forwarded the same to the Company for comments and the Company in its comments took a new plea of voluntary resignation of Shri Shah. There were conciliation proceedings, but the Company refused to reinstate him. It is alleged by the workman in his written statement that he is still in the employment of the Company and he is entitled to reinstatement with full wages, bonuses and other privileges with effect from 1st December 1967.

In its written statement, the Company contends that the employee concerned is not a workman and there is no industrial dispute. The order of reference is bad in law and invalid. The issue in the order of reference is inconsistent with Shri Shah's alleged claim for notice pay, gratuity, leave salary, arrear salary. In his letter, dated 15th July 1968, addressed to the Labour Commissioner and other letters addressed to the Company, Shri Shah raised his alleged claim for arrear salary, gratuity, leave salary, notice pay, etc., which do not partake of the character of industrial dispute within the meaning of the Industrial Disputes Act. The Company denies the material allegations of the workman. It is contended by the Company that during 1967 the Company was passing through a very bad time and was on the verge of closure. Shri Shah absented himself from duty on and from 1st December 1967 without any authority and the Company did not take any serious step in that respect in view of its precarious financial position. On or about 15th January 1968 Shri Shah came to Shri A. L. Goswamy, Director of the Company and represented that he had been employed in another Company and he further represented that as he was no longer in service of the Company, his dues, namely, leave salary, arrear salary, gratuity, notice pay might be squared up. The said Director of the Company believing in his representation of voluntary resignation did not ask for any formal letter of resignation and requested him to see the Director on any other date for settlement of accounts. The Company did never terminate the services of Shri Shah as alleged. The Company states that Shri Shah left the services without notice of the own accord. It is submitted by the Company that the Tribunal should declare the order of reference to be invalid and bad in law.

The Company raised preliminary objection that the order of reference was incompetent. Preliminary objection was taken up for hearing. The Company did not examine any witness. The workman did not depose and no witness was also examined on his behalf. The Company relied up on documents, Exts. 1 to 12. The only document produced on behalf of the workman is Ext. A, a notice sent by the Labour Officer to the workman on 5th December 1969, i.e., during the pendency of this reference. It has been argued by the learned Advocate for the Company that the only claim made by the workman before the Company was in respect of non-payment of his arrear salary and dues. In his letter to the Company, the workman did never state that his services had been terminated and no claim for reinstatement was made. It has been argued by the learned Advocate for the Company that the refusal to pay arrear dues is not an industrial dispute. The learned Advocate for the Company has referred to the decision reported in 1968(I) L.L.J., 834 (Sindhu Re-settlement Corporation Ltd., and Industrial Tribunal, Gujurat and others) and has argued that in view of the principles of law laid down in this decision the instant reference should be held to be invalid and incompetent.

The learned Advocate for the workman has argued that the workman worked up to November 1967 and he was refused employment from 1st December 1967. It has been argued that there is no substance in the contention of the Company that the workman left without notice. There was illegal termination of service by way of refusal of employment and as such the present reference is competent.

The case of the workman is that he worked up to November 1967 and on 1st December 1967 Shri A. L. Goswamy, a Director of the Company, asked him not to do any work and the workman was ordered to leave the office immediately. The case of the Company is that the workman left the service of the Company without notice in December 1967 and as the Company was then passing through severe financial crisis, the Company did not take any formal letter of resignation. Parties have not adduced any oral evidence in support of their respective contentions. We shall have to consider the documentary evidence on record.

The document Ext. A is subsequent to the order of reference. The learned Advocate for the Company has relied upon the documents—Exts. 1 to 12 and has argued that these documents will show that the only claim of the workman before the Company was for the payment of his arrear salaries and other dues. It has been argued that no allegation was made by the workman about the termination of service and there was no claim for reinstatement. It has been held in 1968(I) L.L.J., 834 that a mere demand to a Government without a dispute being raised by the workmen with their employer cannot become an industrial dispute. In that case the claim of the workmen was in respect of retrenchment compensation. It is held in this decision that both the respondents in their claim put forward before the management of the appellant requested for payment of retrenchment compensation and did not raise any dispute for reinstatement. It has been further held that since no such dispute about reinstatement was raised by either of the respondents before the management of the appellant, it is clear that the State Government was not competent to refer a question of reinstatement as an industrial dispute for adjudication by the Tribunal. In the instant case, Ext. 1 contains the conditions of service of Shri Shah. In the letter, Ext. 2, dated 4th May 1968, Shri Shah wrote to the Directors of the Company asking the Company to pay him his uptodate dues immediately. In this letter there was no mention of any termination of service or any claim for reinstatement. In the letter, Ext. 3, dated 25th May 1968, addressed to the Company, Shri Shah stated that he received his salary for the month of October 1967 in two instalments, the last one on 25th January 1968. Since then he did not receive his salary. He went to the Director several times to collect his dues, but could not succeed. It is also stated that an amount is lying to his credit in the books of account of the Company. In Ext. 3 Shri Shah requested the Company to pay his arrear salary according to prescribed rules and also to pay him the amount lying in his credit. The next letter, Ext. 4, dated 8th June 1968, is the letter sent by Shri A. Q Chaudhury, Advocate of Shri Shah, to the Company. In this letter also there was the demand for payment of arrear salary and the money lying to the credit of Shri Shah. Exhibit 5 is the reply, dated 15th June 1968, sent by the Company to Shri A. Q. Chaudhury, Advocate. In this letter the Company requested Shri Chaudhury to send his client to the office of the Company with necessary papers during the first week of July 1968 to collect payment. Exhibit 6 is the letter, dated 15th July 1968, sent by Shri Shah to the Labour Commissioner, Government of West Bengal. In this letter, there is no mention of any termination of service. It is stated that Shri Shah received his salary for the month of October 1967 in two instalments and since then he has not received his salary. It is also stated that he went to the Company on several occasions to collect his dues, but he had not been able to succeed in realising the sums. Shri Shah requested the Labour Commissioner to look into the matter and ask the Company to compensate him fully as per prescribed rules together with gratuity, leave salary, notice pay, etc. It would thus appear that the contention raised by Shri Shah before the Company was in respect of non-payment of the arrear salary and other dues. Even in his letter before the Labour Commissioner, Ext. 6, Shri Shah did not mention that his services had been terminated and he did not make any claim for reinstatement. Exhibit 7 is the comment of the Company on the petition of Shri Shah sent to the Labour Commissioner. In Ext. 7, the Company contended that Shri Shah left the services without notice. In Ext. 8, the letter, dated 17th September 1968, written by Shri Shah to the Labour Commissioner Shri Shah denied that he had left the service of the Company without notice. He also stated that the Company refused to pay his dues and refused to employ him. In Ext. 10, the letter, dated 12th April 1969, written by Shri Shah to the Labour Commissioner, Shri Shah stated that he called upon the Company to receive his dues, but he has not been paid. In Ext. 11, the letter sent by the Company to the Labour Officer on 2nd July 1969 the Company stated that the sum of Rs. 1,750 was lying in the credit of Shri Shah. It appears that in his letters before the Company Shri Shah did not state that his services had been terminated and he did not also claim any reinstatement. His claim was confined to realisation of his salary and other dues. The dispute raised by the workman with the Company did not thus relate to discharge, dismissal, retrenchment or termination of services. There was no industrial dispute. In view of the principles of law laid down in the decision referred to above, it must be held that the reference is incompetent. The reference is thus not competent. The preliminary objection raised by the Company succeeds. The reference be disposed of.

Most Respectfully Sheweth :

1 That the parties have settled their dispute on the following terms and conditions :—

(i) **Issue No. 1. : Grade and scale of pay** of Electrician.—That the scale of pay and the grade of the Electric Mistry has been revised to Rs. 50-5-90 applicable for all pass certificate holder with the benefit of fixation of pay at the next higher stage.

I. Quantum of Bonus for 1965-66 (1372 B.S.) and 1966-67 (1373 B.S.).

II. Adjustment or otherwise of the amount paid as financial assistance in 1967 with the bonuses payable for the relevant years.

III. The manner of payment or recovery of the excess amount as the case may be, in the light of bonus to be awarded.

Pursuant to the usual notices served upon the parties they entered appearance and submitted their respective written statements. Several adjournments were granted to the Union to get themselves ready for hearing of the case, but they did not avail of that opportunity and turn up for hearing. The case was thus heard ex parte on 22nd January 1971 and the evidence from the side of the Company was taken. Argument for the Company was heard on 25th January 1971. The Union was not present on that day even.

It transpires from the notice Ext. E hung up in the notice board at the office premises of the Company that to meet Puja expenses in 1372 B.S., the employees were allowed to draw 4 per cent. of the wages or salaries earned by them during the accounting year 1965-1966 (1372 B.S.) or Rs. 40 whichever is higher on the terms that after finalisation of the balance sheet for the year in question, if any further amount was found payable as bonus under the provisions of Payment of Bonus Act over and above, the amount announced and now being paid, the same would be paid and that if no further bonus was found payable for the year in question, then the payment now being made would be treated as bonus paid in full and final settlement of bonus due to the employees for the year in question. In the accounting year 1966-67 corresponding to 1373 B.S., the employees demanded 20 per cent. as bonus for the year and the Company was not agreeable to pay the said amount. Ultimately a settlement was arrived at between the parties by which it was agreed that as an interim measure the Company would pay to the employees an amount equal to 13 per cent. of the wages disbursed in the accounting year 1966-67 (1373 B.S.) as financial assistant against the demand for bonus for the accounting year in question to enable the employees to meet the Puja expenses, that the dispute on bonus for the accounting year would be referred to the Tribunal for adjudication under section 10(2) of the Industrial Disputes Act, that the bonus for the year in question awarded by the Tribunal would be adjusted with the financial assistance mentioned above and that the Company would pay an additional amount as bonus if the same is found payable under the award and recover the excess amount paid as financial assistance from the employees if the same is directed in the award in the manner prescribed therein.

Issue No. 1 : . Ext. and Ext. B are the annual statements of Accounts of the Company for the accounting year 1965-66 (1372 B.S.) and 1966-67 (1373 B.S.) respectively They were
by the Chartered Accountants and are
sumed to be correct and accurate in
any evidence to the contrary. Exhibits
the available surplus statements for
question worked out under the provisio
ment of Bonus Act by P.W. 1 Shri
Sett, who is a Chartered Accountant and
in the Company in its Accounts Depar
available surplus accounts are found to
accurate on scrutiny. The availabl
distribution of bonus for the year 1372 B.S. is found to be Rs. 4,326.26 P. 60 per cent. of the amount which is payable to the employees as bonus, works out at Rs. 2,595.60 P. In no case the bonus payable to the employees for any accounting year will be less than 4 per cent. of the wage or salary earned by the employee during the year as provided under section 10 of the Payment of Bonus Act. So, for the accounting year 1965-66 (1372 B.S.), the quantum bonus shall be 4 per cent of the wage or salary earned by the employee during the year or Rs. 40 whichever is higher.

For the accounting year 1966-67 (1373 B.S.) the available surplus as has been worked out is Rs. 9,548.20 P. 60 per cent. of the same works out at Rs. 5,728.90 P. So, 6 per cent. on the annual salary and wage paid during the year to the employees shall be the bonus.

Issue No. 2 : The advance paid to the employees in the accounting year 1965-66 at the rate of the annual salary or wage paid, shall be adjusted against the bonus for the year and shall be treated as payment of bonus in full for the year. In the accounting year 1966-67, financial assistance to meet the Puja expenses at the rate of 13 per cent. of the annual salary or wage paid during the year, was given to the employees. Out of this 13 per cent, 6 per cent. shall be adjusted against the bonus awarded for the year and the employees shall refund the excess to the Company.

Issue No. 3 : The excess amount refundable by the employees out of the financial assistance received by them in the accounting year 1966-67 from the Company shall be recovered by the Company from the employees in 18 equal monthly instalments by deduction from wages commencing from the month following the month of publication of the award in the "Calcutta Gazette".

By order No. 3710-I.R./IR/13L-53/68, dated the 29th May 1969, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. New Saraswati Press, George Road, P.O. Naihati, district 24-Parganas, and their workman Shri Kshitish Chandra Chakravarty, P.O. Hazinagar, village Prosadnagar, district 24-Parganas, to this Tribunal under section 10 of the Industrial Disputes Act, 1947 read with section 2A thereof, for adjudication on the following issue :

Issue

> Whether termination of service of Shri Kshitish Chandra Chakraborty is justified? To what relief, if any, is he entitled ?

Usual notices were served on the Company as well as the workman. Both the parties appeared and filed written statements.

In his written statement the workman Shri Kshitish Chandra Chakraborty pointed out that in 1960 he was appointed by Shri Provat Kumar Chaudhury, Proprietor of New Saraswati Press, George Road, Naihati, as a permanent compositor. In 1962 his salary was raised to Rs. 100. In the following year he was entrusted with some of the duties of the Manager of the Press in addition to his normal duties as a compositor, the agreement being that he would receive Rs. 50 per month for such additional duty. It was stated that only in July, August and September 1964, he obtained payment of this additional pay. Be that as it may, he fell ill on 4th December 1967 and went on leave. By his letter, dated 17th December 1967, the proprietor then terminated his service. According to the workman such termination of his service was improper, there being 5/6 junior compositors who were retained in service. Being aggrieved by such improper termination of service, the workman made representation to the Labour Commissioner, Kalyani. He also made representations to his employer for reinstatement. Thereafter this reference was made by the Government.

In the written statement the employer challenged the material averments of the workman. According to him, there was no industrial dispute in respect of which the Government could pass an order of reference to the Industrial Tribunal. It was admitted that Shri Chakravarty had been appointed as a permanent compositor in 1960 and was later entrusted with the work of Manager of the Press as claimed. It was pointed out that from 4th December 1967 the workman absented himself from work and did not thereafter contact the employer. The allegation of illegal termination of service of the workman was denied. It was also denied that the workman had ever approached the proprietor for reinstatement in service. On these averments, the parties sought for an adjudication on the question of justifiability of the termination of service of the workman and the relief he was entitled to.

Material facts of the case remain undisputed. The admitted position is that Shri Kshitish Chandra Chakravarty, the workman, was appointed as compositor of the New Saraswati Press in 1960, and that some time in May 1963, he was entrusted with, at least, some of the principal duties of the Manager of the Press. It is common ground that on 4th December 1967 Shri Chakrabarty worked in the Press for some time and then left for home on the plea of sickness. Evidently he never resumed work of the Press. While the case of the workman is that on 4th December 1967 he left the press after obtaining leave of his employer, and that he was sick and underwent treatment in the hospital, the employer contends that the workman left without notice and never approached him for resumption of duties. The question now is, whether service of Shri Chakravarty had been terminated. If it is found, that Shri Chakravarty had been illegally retrenched, then the question of relief, to which he is entitled, will have to be considered.

The proprietor of the Press assails the order of reference and this proceeding on three main grounds. In the first place, it is contended that Shri Chakravarty was not a workman in whose favour an order of reference could be passed in terms of section 10 of the Industrial Disputes Act. The learned Advocate for the proprietor refers in this connection to the evidence of the proprietor (D. W 1) Shri Provat Kumar Chaudhury as well as to letter, dated 21st December 1967, written by Shri Chakravarty to the Assistant Labour Commissioner. D. W. 1 Shri Provat Kumar Chaudhury states that Shri Chakravarty ceased to work as a compositor of the Press after he had been made the Manager of the Press in October 1963. However, there is no documentary evidence to show that Shri Chakravarty was ever appointed Manager of the Press. In cross-examination the proprietor is constrained to admit that no written appointment letter was issued to Kshitish Babu in respect of his appointment as Manager. The contention of the proprietor that Kshitish Babu was actually working as Manager of the Press finds support from his own letter, dated 21st December 1967, addressed to the Assistant Labour Commissioner, Ext. A. In this letter Kshitish Babu described himself as the Manager of New Saraswati Press, Naihati. Besides, a receipt has been produced by the proprietor, Ext. 2, which shows that Kshitish Babu signed as Manager of the Press. Relying on this evidence the learned Advocate for the proprietor argues that there is no escape from the conclusion that Kshitish Babu was in fact the Manager of the Press. It follows that he was not a workman in whose favour an order of reference could be passed. Ordinarily, the evidence discussed above would be sufficient for holding that Kshitish Babu was not a workman. However, it appears from the proprietor's letter, dated 20th January 1968, addressed to the Assistant Labour Commissioner, Ext. D, that Kshitish Babu was all along a compositor of the Press. In fact, the proprietor challenged the contents of the letter of Shri Kshitish Chandra Chakrabarty, Ext. A and denied that he ever worked as Manager of the Press. Thus on admission of the proprietor himself, Shri Kshitish Chakrabarty was not the full-fledged Manager of the Press. On a careful consideration of the materials on record I am inclined to hold that Shri Chakrabarty was, in fact, a compositor working in the Press. Only he had been entrusted with some duties of the Manager of the Press. There cannot be any doubt that the preponderance of work of compositor rendered it impossible for him to become the full-fledged Manager of the Press. It is clear that he remained a workman although he did some duties of the Manager on consideration of additional remuneration offered by the employer. The first objection taken by the employer must, therefore, fail.

Next, the learned Advocate for the employer contends that the order of reference is not competent because there was no industrial dispute between the employer and the workman whereupon the Government could make an order of reference in terms of section 10 of the Industrial Disputes Act. The learned Advocate for the proprietor of the Press submits that it is clear that the workman had never raised a dispute touching termination of his service with the employer before the Government referred such dispute to the Tribunal. On the authority of the decision of the Supreme Court reported in 1968(I) LLJ. 834, it is argued that there was no existence of any industrial dispute between the employer and the workman and the order of reference is consequently incompetent. Although it is urged on behalf of the proprietor that even the written statement of the workman does not indicate that the workman had ever raised a dispute with the employer, I find that in paragraph 17 of his written statement, the workman has, in fact, indicated that he made representations to the proprietor for reinstating him in service before making any representation to the Assistant Labour Commissioner. The learned Advocate for the employer also refers to the workman's letter to the Assistant Labour Commissioner, Ext. A, for the purpose of showing what was the bone of contention between the parties. It appears that in this letter the workman merely sought relief in respect of non-payment of his dues. He did not seek the relief of reinstatement in service. It is true that in the ultimate paragraph of the letter, the workman merely claimed payment of his dues. Even so, it cannot be said that he did not refer to paragraph of his service. It was clearly stated that he had received notice of termination of service along with a remittance of Rs. 12. 88p. Besides, in his evidence Shri Chakrabarti has also claimed that he approached the employer for reinstatement in vain. On consideration of the evidence on record I must hold that there was prior representation by the workman before the employer and an industrial dispute was in existence. It follows that the order of reference which came in its wake, is competent.

Lastly, the employer contends that, in fact, there was no termination of service of the workman. Service of the proprietor's letter, dated 17th December 1967, Ext. I, which has been characterised by the workman as "Chhatai Notice", the learned Advocate for the proprietor argues that this could not be regarded as a notice for termination of service. On consideration of the letter, I am also inclined to hold that this cannot be treated as a formal notice of termination of his service. It was nowhere stated when the employment of the workman was to be terminated. Indeed there is no positive indication that the employment of the workman had been terminated. There is no other evidence to show that the service of Shri Chakrabarti was terminated. On the other hand, D.W. 1 Shri Provat Kumar Chaudhury states in his examination-in-chief that he did not discharge or retrench Kshitish Babu. That being so, it must be held that the service of Shri Chakrabarti was not terminated.

In view of my findings above, it is clear that Shri Kshitish Chandra Chakrabarti was not retrenched and no question of any relief being granted to him in this proceeding can arise. The order of reference is disposed of accordingly.

This is my award.

Issue

Whether the termination of employment of Miss Althea de Rozario is justified ? To what relief, if any, is she entitled ?

On receipt of the reference, notices were issued to the parties and both the parties appeared and filed their respective written statements.

The case of the Union in its written statement in short is that Miss Althea de Rozario was appointed as a telephone operator, telex operator and receptionist at Messrs. Atlas Copco (India) Pvt. Ltd. on probation for six months with effect from the 18th December 1968 and apart from the said duties she had to do typing and despatch works. The contention of the Union is that Miss Rozario did all her duties honestly, faithfully and efficiently and to the satisfaction of the management and nobody ever expressed any disapprobation of her work. It is further contended by the Union that due to some extraneous considerations, namely, the facts that she joined the Union and that she refused to oblige the storekeeper of the Company by giving him her company outside the office, she incurred displeasure of the management and for that her service was terminated by the Company with effect from the 17th June 1969. The case of the Union is that the termination of service of Miss Althea de Rozario was unjustified, mala fide and it was an act of victimization and unfair labour practice.

It is not disputed from the side of the Company that Miss Althea de Rozario was appointed by the said Company as a telephone operator, telex operator and receptionist on a probation for six months from the 18th December 1968 and she worked as such in the said Company up to 17th June 1969. The case of the Company is, however, that she was quite inefficient in her works and she was very slow and did not work properly and she had not the ability, initiative or keenness to learn and pick up the jobs assigned to her in spite of various assistance having been given to her and that she was found quite unsuitable for the works for which she was appointed in the Company and as such according to the terms of her appointment her service was terminated on the expiry of her probationary period. It is totally denied from the side of the Company that there was any mala fide in the matter of termination of her service or that it was a case of victimization or unfair labour practice.

The contention of the Company is that she is not entitled to any relief in this case.

As mentioned above it is admitted by both the parties that Miss Althea de Rozario was appointed in the said Company as telephone operator, telex operator and receptionist on probation for six months with effect from the 18th December 1968 and in this connection reference may be made to Ext. C, Ext. D and Ext. E. It is also admitted by both the parties that Miss Althea de Rozario worked in the said Company in the said capacities up to 17th June 1969 and that her service was terminated with effect from the said date. Ext. Q is the memo. of the Company terminating the service of Miss Rozario with effect from the 17th June 1969.

From the appointment letter (Ext. E) it appears that the appointment of Miss Rozario was "initially for a probationary period of six months from the date of joining the Company" and that during the said period her service was liable to be terminated by the Company "at any time without giving" her "any previous notice and without assigning any reason therefor" on payment of salary due to her up to the date of such termination. Now "in the case of a probationer the management might have the contractual right to terminate the services of the probationer during the probationary period without notice and without assigning any reason. But when the validity of such termination is challenged in an industrial adjudication, it would be competent to the Industrial Tribunal to enquire whether the order of termination has been effected in the bona fide exercise of its power conferred by the contract. If the discharge of the employee has been ordered by the management in bona fide exercise of its power, the Industrial Tribunal will not interfere with it, but it is open to the Industrial Tribunal to consider whether the order of termination is mala fide or whether it amounts to victimization of the employee on an unfair labour practice or if so capricious or unreasonable as would lead to the inference that it has been passed for ulterior motive and not in bona fide exercise of the power arising out of the contract." In such a case it is open to the Industrial Tribunal to interfere with the order of the management and to afford proper relief to the employee. [Utkal Machinery Limited Vs. Santi Patnaik (Miss) as reported in (1966) I Labour Law Journal, page—398.]. "The form of order in such a case is not conclusive and the Tribunal can go behind the order to find the reason which led to order and then consider for itself whether the termination was a colourable exercise of power or was a result of victimization or unfair labour practice."

In this case both the parties have adduced oral as well as documentary evidence. On the side of Miss Rozario she herself and the General Secretary of the Union who is a Stenographer in the said Company have deposed. Miss Rozario (P.W. 2) denies altogether that she was inefficient, slow or that she lacked in initiative, ability and keenness to pick up her job or that she was unsuitable for the works, she was appointed for and she contends that she performed her job quite well, honestly and faithfully and there was no laches on her part 'nor any defect' in her work. That is also the contention of the General Secretary of the Union (P.W. 1) who says that he saw Miss Rozario while she was at work and that he sometimes gave her some typing works and further that she was quite efficient and her work was satisfactory. Two witnesses have been examined on the side of the Company, namely, two pro-regional managers of the Company (O.P.W. 1 & O.P.W. 2) who were posted at Calcutta at the relevant time, one after the other and both of them contend that Miss Rozario was slow, inefficient and that she had not the ability, initiative or keenness to pick up the jobs assigned to her in spite of various assistance having been given to her and that she was found quite unsuitable for the works for which she was appointed and for that her service was terminated on the expiry of her probationary period. It is not the case of any party that the service of Miss Rozario was terminated for any misconduct.

Now it is for the management to decide whether the work of a probationer is satisfactory and he or she is suitable for the post for which he or she is appointed and it is not for anybody else nor for the secretary of the Union to assess the performance of a probationer or to decide whether his or her work is satisfactory. The opinion of the secretary of the Union (P.W. 1) as to the work of Miss Rozario is, therefore, not at all important and is quite irrelevant for the matter at issue. "Whether a probationer had put in satisfactory service or not rests with the satisfaction of the employer. Such satisfaction could not be objectively tested and an employer is not bound to give any reason if he does not confirm a probationer on the expiry of the period of probationership" [(1963) 1 Labour Law Journal, page-156]. As mentioned above, both the pro-regional managers of the Company (P.W. 1 and P.W. 2) under whom Miss Rozario worked have stated in their evidence that she was quite unsuitable for the post in which she was appointed as a probationer and her work was not at all satisfactory. The said pro-regional managers cannot say in their cross-examination as to on which day or in which matter exactly the deficiency of Miss Rozario was found and whether there was any record as to that but that is not at all material and what is important in this matter is the over-all impression of the employer about the work of the employee and if the employer is not satisfied with the work of the probationer employee he may terminate the service of such employee as per terms of the contract. "If one acts within his discretionary rights, it is difficult to ascribe mala fides against him" and "the employer need not give any reason for discharging a probationer" [(1963) 1 Labour Law Journal, page-156]. It is contended from the side of the Union that never before issuing the letter of termination of the service of Miss Rozario the management gave anything in writing to Miss Rozario expressing their disapprobation of her work. It is, however, stated both by the O.P.W. 1 & O.P.W. 2 that on a number of occasions they asked Miss Rozario to be more keen and active to pick up her jobs and that they would not recommend her for confirmation in service until she could be more progressive in work and improve her quality but without any result. It was not likely or usual that the said managers would issue instruction or warning in writing every time they would find any deficiency or fault in the work of a worker and I do not find any occasion to disbelieve the said managers on the said points. Again it appears that on 7th April 1969 the O.P.W. 1 sent a personnel appraisal form (Ext. P) and a report (Ext. O) about the work of Miss Rozario to the head office at Bombay and on 9th June 1969 the O.P.W. 2 sent a personnel appraisal form about the work of Miss Rozario (Ext. P/1) to the said head office of the Company and both the said personnel appraisal forms and reports support the opinion of the said two managers about the works of Miss Rozario as expressed by them in their evidence. These documents were referred to in the written statement of the Company and there is no occasion to discard the same. The said reports and the personnel appraisal forms are not, however, corroborated by any other document but that is not necessary. This Tribunal is not sitting in appeal over the assessment of the qualities of Miss Rozario by the said two managers. The moot question in this matter is whether the work of Miss Rozario was up to the satisfaction of the management, the real test of which was the assessment of her work by the management themselves or the management was actuated by some mala fide or ulterior motive to terminate the service of Miss Rozario. The materials on record, however, do not lead to any inference that the management were guided by extraneous considerations in assessing the quality of the work of Miss Rozario or they acted out of any mala fide or ulterior motive or their act was an outcome of victimization or unfair labour practice.

As mentioned above in the written statement of the Union it has been alleged that the storekeeper of the Company whom Miss Rozario failed to oblige by giving him her company outside the office had some hand in the matter of termination of her service. The said fact, however, is denied from the side of the Company and it was not persued by the Union at the time of hearing.

From the letter terminating the service of Miss Rozario (Ext. Q) it appears that her service was terminated with effect from 17th June 1969. It appears, however, that Miss Rozario got her pay up to 17th June 1969 (Ext. 4'B) and as such she was practically in service up to the said date and in fact her service was terminated with effect from 18th June 1968. There was, therefore, no anomaly on that ground.

In the circumstances it cannot be held that termination of service of Miss Althea de Rozario by the Company was unjustified or illegal and thus she is not entitled to any relief in this case.

After the receipt of the order of reference, notices were issued. Parties appeared and filed their respective written statements. It is alleged by the Union in its written statement that Messrs. Kohinoor Art Press and Messrs. Kohinoor Binding Works are two first grade, big, prosperous and financially sound concerns among the printing presses and allied concerns in Calcutta earning huge profits for many years. The workmen employed in the said concerns are very efficient and have been making substantial contributions to the earnings of the said concerns. The wages of the workers, however, are very low and far from subsistence level. Even the enhancement of dearness allowances as per minimum wage notification are not paid to the workmen employed in the said concerns and there are cases pending before the authority appointed under the Payment of Wages Act, 1936, for recovery of the wages to which the workers are entitled. The workers employed in the said concerns are not allowed to enjoy their earned leave and the wages in respect thereof. Cases are pending before the authority appointed under the Payment of Wages Act for realisation of their wages on account of earned leave accrued to them. The Union placed a charter of demands on behalf of the workmen and the demands regarding grades and scales of pay, gratuity and dearness allowance have been referred to the Tribunal for adjudication. The management of the said concerns indulges in unfair labour practice and the management also administers discipline vindictively and arbitrarily in complete disregard of the provisions of the Industrial Laws and principles of natural justice. The management are always trying to break the Union by harassing, victimising and thereby demoralising the active members of the Union. Sarbasri Golam Mustafa and others mentioned in the order of reference are loyal and active members of the Union and are applicants before the authority appointed under the Payment of Wages Act for recovery and realisation of the arrear minimum wages with regard to dearness allowances and wages for the period of earned leave which were refused to them. The management of the said concerns forced the workers who were applicants before the authority under the Payment of Wages Act to sign a petition on 7th November 1967 to the effect that the matters regarding arrear minimum wages, amongst others, have been settled. The said incident was reported on 7th November 1967 to the Park Street thana and to the Union by the workmen concerned in this dispute and an officer of the thana and the Union Secretary went to the factory on 7th November 1967 for investigation in respect thereof. The management of the said concerns got angry with the workers who reported the aforesaid incident to the Park Street thana and to the Union and terminated summarily and arbitrarily the services of the workmen mentioned in the order of reference, amongst others, with effect from 11th November 1967. The said matter was referred to the Labour Commissioner, Government of West Bengal. A joint conference was called at the office of the Labour Commissioner on 24th November 1967 and in the said conference the Manager of the said concerns told that the workers would be charge-sheeted and final decision regarding them would be taken. As the matter was being delayed the Union, by its letter dated 4th December 1967 brought the matter before the Conciliation Officer stating that the management was deliberately disallowing the workers to join their respective duties. Several conciliation meetings were called on 29th December 1967, 15th January 1968 and 24th January 1968 with regard to the retrenchment of the workers mentioned in the order of reference. On or about 24th January 1968 the management of the said concerns issued letters purporting to dismiss the workers on the basis of alleged charge-sheets and enquiries. The said purported dismissal letters contain charges not mentioned in the charge-sheets. The workers replied to the charge-sheets denying all the charges against them and stating that the charges were false, baseless and motivated. The workers also protested against the enquiries stating that they were not allowed opportunities for self-defence and the decisions of the enquiries were not binding on them. The enquiries were not proper and fair. The purported dismissal orders were illegal, bad in law and mala fide. The workers concerned have been victimised due to their trade union activities. The Union, therefore, prays for an award for reinstatement of the workmen concerned with all back wages and other benefits during their period of forced unemployment.

Messrs. Kohinoor Art Press and Messrs. Kohinoor Binding Works have filed separate written statements. The contentions raised in these written statements are substantially the same. It is contended by the Companies in their written statements that the purported order of reference is misconceived and bad in law. The Government has no power or authority to refer by only one order of reference the alleged dispute between Messrs. Kohinoor Art Press and Messrs. Kohinoor Binding Works, and their workmen with the issues mentioned in the said order of reference. The purported order of reference does not disclose who are the persons employed under which Company and the Tribunal has no jurisdiction to adjudicate upon the issue whether the workmen concerned were employees of Messrs. Kohinoor Art Press or Messrs. Kohinoor Binding Works and against which concern the workmen individually are entitled to any relief. The West Bengal Press Workers' and Employees' Union does not represent the workmen of the Companies. The Union thus has no right to represent the workmen. Messrs. Kohinoor Art Press and Messrs. Kohinoor Binding Works are situate in the same buildings, but they are essentially different and distinct and carry on business not of similar nature. The Companies are also under different managements. The Companies are very small and the financial condition of the Companies is far from satisfactory. The workmen mostly employed by these Companies are unskilled. The workmen are not denied or deprived of the benefits which are enjoyed by the workmen of similar or other like concerns. The Companies deny that the management of the Companies ever indulge in unfair labour practice with regard to labour matters. The relation between the workmen and the Companies is very cordial and the workmen in general have no grievances against the management. The Companies administer discipline fairly and properly. The management did never force any workman to sign any petition on 7th November 1967. Some of the employees on misapprehension of facts and law and under the instigation of some interested persons filed an application before the Authority under the Payment of Wages Act. Afterwards, some of those employees approached the management and signed the joint petition voluntarily with the management to the effect that they have amicably settled their claim out of Court with the Company and they have no claim against the Company. Afterwards, with the help of some outsiders, the interested persons terrorised some of the workmen and forced them to make false report to the Park Street thana and the officer of the thana after proper investigation refused to take cognizance of their false allegation. The Union Secretary who pretends to represent the case of the workmen has no right to hold any investigation about the incident as alleged or at all. The actions of the Companies in dismissing the workmen after proper and fair enquiry are perfectly justified and bona fide. The workmen concerned were found guilty of misconduct as alleged in the respective charge-sheet on a fair and proper enquiry after giving them full and reasonable opportunity to defend themselves. The dismissal orders against the workmen concerned are legal and valid and the workmen concerned are not entitled to any relief. The Companies deny that any workman was victimised for his alleged Trade Union activities. It is contended further by Messrs. Kohinoor Art Press that many of the persons mentioned in the order of reference were never employed at any point of time. Messrs. Kohinoor Binding Works also contends in its written statement that many of the persons mentioned in the order of reference were never employed in the Company at any point of time.

Issue No. 1 :

It has been contended by Shri B. K. Mukherjee, learned Advocate for the Company that the order of reference is misconceived and bad in law as the appropriate Government has no power or authority to refer by only one order of reference the alleged dispute between Messrs. Kohinoor Art Press and Messrs. Kohinoor Binding Works and their workmen on the issues mentioned in the order of reference. It has been contended that Messrs. Kohinoor Art Press and Messrs. Kohinoor Binding Works are two separate and distinct concerns and the dispute between the workmen and Messrs. Kohinoor Art Press is distinct from the dispute between Messrs. Kohinoor Binding Works and its workmen. The contention of Shri Mukherjee is that as the disputes are different they can only be referred by separate orders of reference. It has been next contended by Shri Mukherjee that the order of reference does not disclose who are the persons employed under which Company and the Tribunal has no jurisdiction to decide which of the workmen are employees of which Company. In this connection Shri Mukherjee has referred to the decision reported in 1960 (I) L.L.J., 806. It has been argued by Shri S. R. Ghosh, learned Advocate for the Union that the order of reference is legal and valid in view of the provisions of section 10(5) of the Industrial Disputes Act. It has been further argued that Messrs. Kohinoor Art Press and Messrs. Kohinoor Binding Works are practically the same concerns, as they are under the same management and situated in the same building. Shri Ghosh has contended that as both the concerns are interested in the dispute the appropriate Government was justified in making one order of reference in view of section 10(5) of the Industrial Disputes Act. It has been argued by Shri Ghosh that the evidence on record clearly shows who are the employees of which concern and there will thus be no difficulty to implement the award.

I have considered the contentions of the learned Advocates of both sides. Messrs. Kohinoor Art Press and Messrs. Kohinoor Binding Works are stated to be two concerns in the written statement of the Union. In their written statements the Companies also state that they are two different concerns. The evidence also shows that some of the workmen mentioned in the order of reference were employees of Messrs. Kohinoor Art Press, and some were employees of Messrs. Kohinoor Binding Works. The question is whether the dispute can be referred by only one order of reference. In his evidence P.W. 1 Shri Anil Bose, Secretary of West Bengal Press Workers' and Employees' Union, has stated that ordinarily they treat Messrs. Kohinoor Art Press and Messrs. Kohinoor Binding Works as the same concern as the Proprietor is the same and these concerns occupy the same building at the same address. O.P.W. 2 Shri Md. Suleman, Manager of Messrs. Kohinoor Binding Works has stated that Messrs. Kohinoor Binding Works is a partnership firm and there are four partners. O.P.W. 2 also states that the offices of Kohinoor Art Press and Kohinoor Binding Works are in the same building. O.P.W. 2 is not in a position to deny that the partners of Kohinoor Binding Works are also the partners of Kohinoor Art Press. O.P.W. 3 Shri Md. Sirajuddin Ahmed is the Assistant Manager of Kohinoor Art Press. His evidence is that there are five partners of Kohinoor Art Press. It appears that previously there was another order of reference being No. 245-I.R./IR/13L-54/67, dated 17th January 1968, in respect of three issues. Exhibit 1 is the copy of the notification. Exhibit 1 shows that the reference was in respect of these two Companies and their workmen represented by West Bengal Press Workers' and Employees' Union. It appears that the offices of both the concerns are in the same building and they are practically under the same management. Having regard to the provision of section 10(5) of the Industrial Disputes Act, I am of opinion that the reference by the Government in one order of reference is valid.

In the decision reported in 1960(I) LLJ, 806, there was a reference to the Tribunal and the reference order referred only the two parties to the dispute, namely, the Contractors and their workmen. Subsequently the Company was impleaded as the party to the dispute, but the matters in dispute remained unamended. It was held in this decision that on such a reference there could be no jurisdiction in the Tribunal to decide the question whether these workmen were the workmen of the Company or of the contractors, for such a question was not referred to the Tribunal. In the instant case, however, both the concerns have been named in the order of reference as parties to the dispute. The issues in the present reference are: (1) Whether the dismissals of 11 workmen are justified and to what relief, if any, are they individually entitled, and (2) Whether the termination of employement of another workman is justified and to what relief, if any, is he entitled. The Companies have adduced evidence to show who are the employees of which concern and no dispute has been raised by the Union on that score. Hence the position is admitted as regards the question which of the workmen were employees of which concern. There is thus no question of deciding any dispute not referred to the Tribunal. It appears from the evidence on record that Sarbashri Golam Mustafa, Md. Hanif, Golam Haidar, Dullu, Samsul Haque, Abdul Barik, Manaranjan Chandra, Ali Jan, Golam Hossain and Soukat were employees of Messrs. Kohinoor Binding Works Evidence shows that Md. Yusuf and Sabir Ahmmad were employees of Messrs. Kohinoor Art Press.

It has been contended by the learned Advocate for the Company that the Union has no right to represent the workmen and no evidence has been adduced by the Union to show that any of the workmen mentioned in the order of reference was a member of the Union. Shri Mukherjee contends that the Union thus has no right to proceed with the reference specially when none of the workmen is coming forward to speak of any dispute between the workmen and the Companies. Shri Mukherjee has referred to the decision reported in 1963(I) LLJ, 163. It has been held in this decision that if a stranger Union takes up the case of the individual workman the onus is on the Union to prove that it has the backing, sympathy or collaboration of a substantial number of workmen employed in the industry Shri S. R. Ghosh, the learned Advocate for the Union, has referred to the decision reported in A.I.R. 1970 S. C. 1205 and has argued that it is not necessary that the workmen should be members of the Union. Shri Ghosh has submitted that in the instant case the evidence would show that the workmen concerned were members of the Union. In this decision it has been held that the test whether an individual dispute got converted into an industrial dispute depended on whether at the date of the reference the dispute was taken up and supported by the Union of workmen of the employer against whom the dispute was raised by an individual workman or by appreciable number of such workmen. It has been further held that the only condition for an individual dispute turning into an industrial dispute, is the necessity of community of interest and not whether the concerned workman was or was not a member of the Union at the time of his dismissal. In the instant case, none of the workmen has diposed. P. W. 1 Shri Anil Bose, Secretary of the Union, has stated that the workmen mentioned in the order of reference are members of the Union. He has further stated that Golam Mustafa was a member of the executive committee and other workers also took active part in the Union activities. The evidence also shows that the dispute was taken up by the present Union before the order of reference was made. On a consideration of the materials on record, I am of opinion that the Union has right to represent the workmen.

The learned Advocate for the Company has contended that no dispute was raised by the Union or the workmen before the management regarding the dismissal of the workmen, and as such, in view of the principles of law laid down in the decision reported in 1968 (I) L.L.J., 834, the reference is incompetent. The learned Advocate for the Union has argued that no such contention was raised by the Company in their written statement and as such they are not entitled to urge this objection without amendment of the written statement. In this connection the learned Advocate for the Union has referred to the decision reported in 1970(20) Factories and Labour Reports, page 1. It was held in 1968 (I) L.L.J., 834 that a mere demand to the Government without a dispute being raised by the workmen with their employer cannot become an industrial dispute. In that case it was held that the only reference that the Government could have made had to be related to the payment of retrenchment compensation which was the only subject-matter of the dispute between the appellant and the respondent. The objection that no demand has been made was not taken in the written statement. In F.L.R., Vol. 20, page 1, it has been held that as soon as the management came to know of a point, an application should have been made for amending the written statement so that basic facts would be found on plea, issue and evidence. It appears from the evidence of P.W. 1 that the employees were dismissed on 24th January 1968. Evidence also shows that charge-sheets were given to the workmen under reference who were dismissed. The Company, however, has not produced the orders regarding their dismissals. Exhibit 26 is the letter, dated 31st January 1968, by which Md. Yusuf protested to the Manager, Kohinoor Art Press, that the enquiry was illegal and he was not bound by the decision of the enquiry. Exhibit 27 is a letter by Gulam Mustafa and 8 others, dated 31st January 1968, addressed to the Manager, Kohinoor Binding Works, contending that the enquiry was illegal and unjust and the result of such enquiries cannot be binding upon them. The dismissals took place as a result of the enquiries and when these workmen protested and raised dispute regarding the results of the enquiry it would appear that disputes were raised before the management on 31st January 1968 immediately after the dismissals. In the circumstances, it cannot be said that the order of reference is incompetent.

Let us consider the cases of eleven workmen mentioned in issue No. 1 of the order of reference. It has been contended by Shri Mukherjee, learned Advocate for the Company, that ten of these workmen except Shri Md. Hanif have settled their disputes with the Company and they have filed joint petitions and affidavits. The submission of Shri Mukherjee is that there is thus no dispute pending between these workmen and the Company and there should be "no-dispute" award in respect of them. Shri S. R. Ghosh, learned Advocate for the Union, has argued that these alleged settlements are not genuine. The workmen have been gained over by the Company. It has been further argued that the workmen individually are not entitled to enter into settlement with the Company behind the back of the Union. It has been argued that the Tribunal cannot take notice of these alleged settlements. Shri Ghosh argues that the gaining over of the workmen is an unfair labour practice aimed at weakening the power of collective bargaining, and the Tribunal, under the law, cannot thus act upon these joint petitions and affidavits filed during the pendency of this case. In this connection, Shri Ghosh has referred to the decision reported in 1970 Lab. I. C., 154. In answer to this contention Shri Mukherjee has argued that the workmen are entitled to enter into individual settlements with the Company in view of the principles of law laid down in the decision reported in 1959 (II) L.L.J., 553.

Exhibit A, dated 3rd December 1969, is the joint petition filed by Shri Golam Mustafa and Kohinoor Binding Works and Ext. B is the affidavit sworn by Shri Golam Mustafa. It is stated in Ext. A that Shri Golam Mustafa was dismissed on 24th January 1968 and the Company has paid him Rs. 650 in full and final settlement of all claims and dues including the claim of reinstatement. Exhibit C, dated 9th December 1968, is the petition of Shri Golam Haidar and Messrs. Kohinoor Binding Works, and Ext. D is the affidavit of Shri Golam Haidar. It is stated in these documents that Shri Golam Haidar was dismissed on 24th January 1968 and the Company has paid Rs. 330 to him in full and final settlement of all claims and dues including the claim of reinstatement and Shri Golam Haidar has no further claim. Exhibit E, dated 9th December 1969, is the joint petition of Shri Dullu and Kohinoor Binding Works, and Ext. F is the affidavit of Shri Dullu. It is stated that Shri Dullu was dismissed on 24th January 1968 and the Company has paid Rs. 290 to Shri Dullu in full and final settlement of all claims and dues including the claim of reinstatement and Shri Dullu has no further claims. Exhibit G, dated 9th December 1969 is a joint petition of Shri Samsul Haque and Kohinoor Binding Works and Ext. H is the affidavit of Shri Samsul Haque It is stated that Shri Samsul Haque was dismissed on 24th January 1968 and the Company has paid Rs. 330 to him in full and final settlement of all claims and dues including the claim of reinstatement and he has no further claim against the Company. Exhibit I, dated 10th September 1969 is the joint petition of Shri Abdul Barik and Kohinoor Binding Works, and Ext. J is the affidavit of Shri Abdul Barik. It is stated that Shri Abdul Barik was dismissed on 24th January 1968. The Company has paid Rs. 300 to him in full and final settlement of all claims and dues including the claim of reinstatement and he has no further claim against the Company. Exhibit K, dated 24th February 1970, is the joint petition of Shri Manaranjan Chandra and Kohinoor Binding Works and Ext. L is the affidavit of Shri Manaranjan Chandra. It is stated that Shri Manaranjan Chandra was dismissed on 24th January 1968. The Company has paid Rs. 300 to him in full and final settlement of all claims including the claim of reinstatement and he has no further claim against the Company. Exhibit M, dated 9th December 1969, is the joint petition of Shri Sk. Ali Jan and Kohinoor Binding Works and Ext. N is the affidavit of Shri Ali Jan. It is stated that Shri Ali Jan was dismissed on 24th January 1968. The Company has paid Rs. 330 to him in full and final settlement of all claims and dues including the claim of reinstatement and he has no further claim against the Company. Exhibit O, dated 5th August 1969 is the joint petition of Shri Golam Hossain and Kohinoor Binding Works and Ext. P is the affidavit of Shri Golam Hossain. It is stated that the Company will withdraw the letter of dismissal, dated 24th January 1968 and Shri Golam Hossain will be reappointed with effect from 6th August 1969 It is further stated that the Company will give a flat increase in the wages of Shri Golam Hossain of Rs. 20 per month over his wages with effect from the date of his reemployment. Shri Golam Hossain will not be paid any wages or compensation for the period of his unemployment and Shri Golam Hossain has no further claim against the Company. Exhibit Q, dated 22nd September 1969, is the joint petition of Shri Saukat Ali and Messrs. Kohinoor Binding Works and Ext. R is the affidavit of Shri Saukat Ali. It is stated that Shri Saukat Ali was dismissed on 24th January 1968. The Company has paid him Rs. 300 in full and final settlement of all claims and dues including the claim of reinstatement and he has no further claim against the Company. Exhibit U, dated 1st August 1969, is the joint petition of Shri Md. Yusuf and Messrs. Kohinoor Art Press and Ext. V is the affidavit of Shri Md. Yusuf. It is stated that Shri Md Yusuf was dismissed on 24th January 1968. The Company has paid to him a sum of Rs. 330 in full and final settlement of all claims and dues including the claim of reinstatement and he has no further claim against the Company. In these joint petitions, parties have prayed that an award should be passed in terms of the joint petitions.

Shri N. R. Mazumder, learned Advocate, submitted that he was appearing on behalf of these workmen who had filed the compromise petitions and award should passed on the basis of the compromise petitions. He has also contended that in view of the decision reported in 1964 (II) L.L.J., 392, the workmen are entitled to enter into compromise individually.

The question is whether in the instant case the workmen are individually entitled to enter into settlement with the Company independently of the Union. The facts of the instant case are different from those giving rise to the decision reported in 1964 (II) L.L.J., 392 and the said decision will thus have no application to the instant case. In the decision reported in 1959 (II) L.L.J., 553, it has been held that the addition of the words "as represented by a particular Union" was merely for the sake of convenience so that the Tribunal may know to whom it should give notice when proceeding to deal with the reference. That however did not preclude the workmen, if they wanted to be represented by any other Union, to apply to the Tribunal for such representation or even to apply for being made parties individually. In the instant case, the workmen concerned did not apply for being represented by any other Union or to be made parties individually. In the decision reported in 1970 Lab. I. C., 154 (workmen represented by General Secretary, West Bengal Card Board and Printing Mazdoor Union versus Card Board Box Manufacturing Co.) it has been held that the importance of collective bargaining prevails over the choice of individual workmen to be represented by somebody other than the Union so that the employer cannot sabotage the collective bargaining power of the Union by winning over individual workmen. It has been further held that settlements come to individually by the workmen over the head of the Union are beneath notice. Another case which also deals with this question is reported in A.I.R. 1961 S.C., 857 (Ram Prosad Biswakarma versus Industrial Tribunal, Patna) It has been held that the ordinary rule should be that representation by an officer of the Trade Union should continue throughout the proceedings before the Tribunal in the absence of such exceptional circumstances as may justify the Tribunal to permit some other representation to the workmen concerned. The evidence of P.W. 1, Shri Anil Bose, Secretary of West Bengal Press Workers and Employees' Union, shows that the workmen mentioned in the issues of the order of reference are members of his Union. The Union filed the written statement and the workmen were being represented by the Uinon. The workmen who subsequently filed joint petition did not urge any exceptional circumstances which may justify the Tribunal to permit some other representation to the workmen concerned. Having regard to the principles of law referred to above, it appears that settlements come to individually by the workmen over the head of the Union cannot be taken notice of

It has been contended by the learned Advocate for the Union that the eleven workmen mentioned in issue No 1 in the order of reference were dismissed on 24th January 1968 in contravention of the provision of section 33(2)(b) of the Industrial Disputes Act. It has been argued that the reference between these Companies and their workmen represented by the present Union was pending before this Tribunal at that time and the Company dismissed them in violation of the statutory provision of section 33(2)(b) of the Industrial Disputes Act. It has been further contended that the enquiries were not fair and proper. The enquiry proceedings have not been produced. The dismissals are thus invalid and the workmen concerned are entitled to reinstatement and back wages. Shri Mukherjee for the Company has contended that if there be infringement of the provision of section 33(2)(b) of the Industrial Disputes Act, the remedy lies under section 33A of the said Act, and there has been no such application in the instant case. It has been further argued that mere contravention of the provision of section 33(2)(b) of the Industrial Disputes Act will not entitle the workmen concerned to obtain relief. It has been argued that the Tribunal cannot direct reinstatement on the only ground of failure on the part of the management to obtain the approval under section 33(2)(b) of the Act. In this connection, Shri Mukherjee has referred to a decision reported in 1963 (I) L.L.J., 502. It has been held in this decision that in a reference in regard to justifiability of the dismissal of the concerned workmen the Industrial Tribunal would not direct their reinstatement on the only ground that the management had failed to obtain the necessary approval for their action in dismissing them as required under the proviso to section 33(2)(b) of the Industrial Disputes Act without going into the merits of the issue. In such cases the Industrial Tribunal must go into the merits of the case also and the Industrial Tribunal will have to see whether the impugned order of dismissal was otherwise justified. Another decision relied upon by Shri Mukherjee in support of his contention is reported in 1968 (I) L.L.J., 765; it has been held in this decision that the Labour Court is bound to take into account the merits of the rival contentions about the alleged misconduct and give a decision whether the misconduct is proved and therefore the punishment is justified. It appears from Ext. I that by order No. 245-I.R./IR/13L-54/67, dated 17th January 1968, the Government of West Bengal referred an industrial dispute between Messrs. Kohinoor Art Press and Messrs. Kohinoor Binding Works and their workmen represented by West Bengal Press Workers and Employees' Union on the following issues: (1) Gratuity, (2) Grades and Scales of Pay, and (3) Dearness Allowance, to this Seventh Industrial Tribunal. It is admitted by the learned representatives of both sides that a no-dispute award was passed by the Tribunal on 20th January 1969 and the said award has been published in the "Calcutta Gazette", dated February 27, 1969. The evidence of P.W. 1 shows that all the workmen were dismissed on 24th January 1968. It is also admitted by the learned representatives of both sides that no application was filed under section 33(2)(b) of the Act for approval of the dismissal of these workmen The contention of the Union is that these workmen were dismissed on the basis of alleged charge-sheets and enquiries. The charges were false, baseless and motivated and the workmen were not allowed opportunities for self-defence. Enquiries were not proper and fair. The Companies, on the other hand. contend that all the actions in dismissing the workmen after proper and fair enquiry are perfectly justified and bona fide and the workmen concerned were found guilty of the misconduct as alleged in the respective charge-sheets on a fair and proper enquiry after giving them full and reasonable opportunities to defend themselves. None of the workmen has deposed. Exhibit 12 is the charge-sheet against Shri Golam Mustafa, Ext. 13 is the charge-sheet against Shri Golam Haider and Ext. 14 is the charge-sheet against Shri Dullu. Exhibit 15 is the charge-sheet against Shri Abdul Bari and Ext. 16 is the charge-sheet against Shri Ali Jan. Exhibit 17 is the charge-sheet issued against Shri Saukat Ali and Ext. 18 is the charge-sheet issued against Md. Yusuf. Exhibit 19 is the explanation of Shri Golam Mustafa, Ext. 20 is the explanation of Shri Golam Haider, Ext. 21 is the explanation of Shri Dullu, Ext. 22 is the explanation of Abdul Bari, Ext. 23 is the explanation of Shri Ali Jan, Ext. 24 is the explanation of Shri Saukat Ali and Ext. 25 is the explanation of Md. Yusuf. Exhibit 26 shows that Md. Yusuf by the letter, dated 31st January 1968, submitted that they were not given full opportunities for defending their case and natural justice was denied to them. By Ext. 27, a letter, dated 31st January 1968, Sarbashri Golam Mustafa, Abdul Bari, Ali Jan, Dullu, Manaranjan Chandra, Golam Hossain, Golam Haider, Saukat Ali and another contended that they were not given full facilities for defending their cases and the enquiries were illegal and unjust. The Companies have not produced any document regarding these enquiries, the enquiry proceedings and the letters dismissing the workmen. The witnesses O.P.W. 1, Shri Md. Haider Ali, Manager of Kohinoor Art Press, O.P.W. 2, Shri Md. Suleman, Manager of Kohinoor Binding Works, did not also speak anything regarding the enquiry proceedings. It is not known how and under what circumstances enquiry proceedings were held and findings were arrived at resulting in the dismissals of these workmen. The Companies have not produced any material to show that the impugned orders of dismissals were otherwise justified. It has been held in A.I.R., 1970 Calcutta, 343 that the dismissal of workman in a case contemplated under section 33(2)(b) of the Industrial Disputes Act would be invalid, ineffective and inoperative, if no approval of the order of dismissal is obtained from the relevant Tribunal.

On a consideration of the materials on record. I am of opinion that the dismissal of Sarbashri Golam Mustafa, Md Hanif, Golam Haider, Dullu, Samsul Haque, Abdul Barik, Manaranjan Chandra, Ali Jan, Golam Hossain, Md. Yusuf and Sk. Saukat, is not justified. They are entitled to reinstatement with back wages less any amount that might have been paid to them

Issue No. 2:

Shri Sabir Ahmmad was an employee of Messrs. Kohinoor Art Press. On 13th February 1970 Shri Sabir Ahmmad and Kohinoor Art Press filed a joint petition (Ext. S). It is stated that Shri Sabir Ahmmad admits and accepts that he left the service of the Company of his own accord on 8th November 1967. The Company has paid to Shri Sabir Ahmmad a sum of Rs. 240 in full and final settlement of all claims and dues including the claim of reinstatement and he has no further claim against the Company. Shri Sabir Ahmmad also filed an affidavit (Ext. T) on 13th February 1970 to that effect. Shri N. R. Mazumder, learned Advocate, submitted that he appeared on behalf of Shri Sabir Ahmmad and an award should be passed on the basis of the joint petition. Shri B. K. Mukherjee, learned Advocate for the Company, submitted that there was no dispute between Shri Sabir Ahmmad and the Company and there should be thus no-dispute award. The learned Advocate for the Union contended that under the law, the joint petition cannot be considered and the affidavit is also of no force, as Shri Sabir Ahmmad has not been produced for cross-examination. It has been further contended by Shri Ghosh that the workman concerned had been gained over and the joint petition and the alleged settlement have no force in the eye of law.

I have considered the contentions. For the reasons stated before and in view of the principles of law laid down in A.I.R. 1961, S.C., 857 and 1970 Lab. I. C., 154, no notice can be taken of the joint petition.

In his evidence O.P.W. 3, Md. Serajuddin Ahmed, Assistant Manager of Kohinoor Art Press has stated that Sabir Ahmmad left the job and went away and no charge-sheet was given to him. O.P.W. 3 has, however, stated that Shri Sabir Ahmmad did not give any letter of resignation. It appears that Sabir Ahmmad left the job of his own accord. The fact that no writing was taken from him does not make the termination of his service improper and illegal. The question of holding an enquiry or serving the workman with notice, did not arise because the termination of service did not amount to dismissal or discharge by the Company. There is thus no question of infringement of the provision of section 33(2)(b) of the Industrial Disputes Act in the case of Shri Sabir Ahmmad as he left the job of his own accord. On a consideration of the materials on record, I find that the termination of employment of Shri Sabir Ahmmad is justified and he is not entitled to any relief.

This is my award. The reference be disposed of.

ANNEXURE

In the matter of an industrial dispute between Messrs. Jagadamba Iron Foundry Ltd., 12 'IB' Road, Bamungachi, Howrah and their workmen represented by Iron and Steel Workmen's Union, 172 Benares Road, Salkia, Howrah. (Case No. 186/68.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri B. C. CHAUDHURI, Judge,
Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 3010-I.R./IR/10L-135/66, dated the 23rd May 1968, referred this industrial dispute between Messrs. Jagadamba Iron Foundry Ltd., 12 "IB" Road, Bamungachi, Howrah (hereinafter referred to as the Company), and their workmen represented by Iron & Steel Workmen's Union, 172 Benares Road, Salkia, Howrah (hereinafter referred to as the Union), to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issues:

Issues

1. Wages.
2. Whether refusal of employment to Shri Rambrich Yadav is justified? To what relief, if any, is he entitled?

On receipt of reference notices were issued to the Company and the Union by registered post fixing 20th June 1968 for appearance. The case was adjourned from time to time after the Company and the Union filed their written statements. On the date of hearing on 11th November 1970, the Company filed an application praying for passing a "no dispute" award. Nobody on behalf of the Union was present on 11th November 1970. None on behalf of the Union appeared during the period from 4th December 1970 to 27th January 1971 after the case was adjourned from time to time.

In appears that the Union is not taking any interest in the dispute referred to this Tribunal for adjudication, and the Union and the workmen concerned are not pursuing the dispute as the same has been amicably settled between the parties as claimed by the Company. The dispute is therefore to be deemed to be non-existence, and an award is to be made accordingly on the basis that at present there is no subsisting dispute for adjudication.

In the result, I make a "no dispute" award in the case.

AWARD

By order No. 3706-I.R./IR/11L-571/68, dated the 29th May 1969, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Kshirod Mohan Mullick & Sons, 13 Dr. Kartick Bose Street, Calcutta-9, and their workmen represented by Kshirod Mohan Mullick & Sons Workers' Union, 249-D Bepin Behari Ganguly Street (Top Floor), Calcutta-12, to this Tribunal, under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues :

Issues

1. Whether the closure of the workshop with effect from 1st April 1969 is real or it is a case of lock-out in the grab of closure? To what relief, if any, are the workmen entitled?
2. Grades and Scales of Pay.
3. Dearness Allowance.
4. Festival Holidays.
5. Medical Benefits.
6. Whether the refusal of employment to Shri Biswanath Bose is justified? To what relief, if any, is he entitled?

After receipt of the order of reference, usual notices were served on the Company as well as on the workmen represented by Kshirod Mohan Mullick & Sons Workers' Union. Both the parties filed their respective written statements. By a petition, dated 22nd January 1970, the Company prayed that issue No. 1 be taken up first for hearing as a preliminary issue. Regard being had to the fact that a decision of this issue touching the true character of the closure of the factory would be conclusive for the disposal of the entire reference my learned predecessor-in-office by his order No. 8, dated 22nd January 1970 allowed the Company's prayer for determination of issue No. 1 as a preliminary issue. Accordingly issue No. 1 was taken up for consideration before other issues. Both parties adduced evidence, oral and documentary, on this material issue: "Whether the closure of the workshop with effect from 1st April 1969 is real or it is a case of lock-out in the grab of closure? To what relief, if any, are the workmen entitled?"

It will be useful now to give a resume of the contentions of the parties in their written statements. The workmen represented by Kshirod Mohan Mullick & Sons Workers' Union (hereinafter referred to as the Union) claimed that the workmen of the establishment were 25 in number, that the wage level of the workmen was very low, that the Company wrongfully refused to recognise the Workers' Union, that the Workers' Union submitted a charter of demands on 6th December 1967 giving details of their demands, that the Company thereafter victimised Shri Biswanath Bose, the Secretary of the Union by transferring him to the Wood Working Department, that the issue of charter of demands was thereafter taken up by the Labour Commissioner's Office where talks were fruitless, that the Company refused employment to workers from 6th January 1969, that the Union gave a strike notice to the Company on 29th February 1969 and workmen went on strike from 14th March 1969 and that on 1st Aprill 1969 the Company effected a lock-out which was described in its notice as a closure. The Union contended that the Company had, in fact, reopened the factory in another place and the factory was running with new hands. Hence, the issue of lock-out and demands of the workmen were taken up by the Labour Commissioner. This reference by the State Government followed. The Union prayed for reinstatement of Shri Biswanath Bose, for declaration that the factory had been illegally closed and for an award fixing minimum wages, and annual increment of unskilled workmen, as also dearness allowance and festival holidays and medical leave. Further, provision for making all workmen permanent was also sought for.

The Company challenged the validity of the order of reference. It was contended that there was no industrial dispute as alleged in the order of reference inasmuch as the workshop had been closed down on and from 1st Aprill 1969 and had ceased to exist. Therefore, there could not be any question of the Company effecting a lock-out. It was pointed out that the workshop had been closed down for good and that out of the total of 12 workmen discharged on account of closure of the workshop in terms of notice, dated 1st April 1969, 9 workmen have obtained settlement of their account fully and finally declaring that they do not have any claim against the Company. It was further pointed out that the Company had two wings of business, viz., manufacture of rubber stamp, name plates, etc., and a trading section for sale of the articles produced. According to the Company, the manufacturing establishment, to which the workmen belonged, had been finally closed down. Consequently, the 12 workmen attached to this establishment had been discharged from service. All allegations of the Union regarding wilful victimisation were denied. It was alleged that the members of the Union had threatened the management with violence. By its letter, dated 27th January 1968 the Union raised a dispute in the matter with the Labour Commissioner. The conciliation proceedings were held but no acceptable solution could be found: Eventually, the factory was closed down.

Under the order of reference as many as six issues were referred to this Tribunal for decision. The issue under consideration relates to the nature of the closure of the factory. Other issues relate to the emoluments, holidays, medical benefits and employment of Shri Biswanath Bose. There can be no manner of doubt that the fate of this reference must depend on the findings on issue No. 1. If it is found that the workshop has been finally closed down from 1st April 1969, the workmen have no remedy.

On behalf of the Company evidence was adduced to show that following a bona fide decision of the Company to close down one section of the establishment, the workshop was closed down and the 12 workmen employed there were discharged from service. The fact of stoppage of work in the factory was sought to be proved by evidence, direct and circumstantial. D.W. 2 Shri Sunil Ranjan Mullick and D. W. 3 Shri Sarada Ranjan Mullick who are partners of the firm, categorically claimed that the factory was closed down with effect from 1st April 1969. According to D.W. 2 Shri Sunil Ranjan Mullick, 12 workmen who had been working in the factory, were discharged with effect from 1st April 1969 in terms of the notice of closure—Ext. F. The postal receipts relating to issue of the notice to the workmen have been marked Exts. I series. Postal acknowledgments Exts. G series, have also been filed. The evidence also is that out of the 12 workmen, in question, 9 are reconciled to the closure of the factory and took payment of their dues in full and final discharge of their claim. 9 receipts have also been filed to prove this (Exts. H series). Even Shri Biswanath Bose, the Secretary of the Workers' Union, had been asked to receive payment. Shri Sunil Ranjan Mullick states that his dues were remitted by money order. The witness claims that the factory is lying closed since 1st April 1969 and there is no one in the employment in the factory. Similar is the evidence of D.W. 3 Shri Sarada Ranjan Mullick another partner. He points out that their business had two establishments. One establishment was the factory in question running at 13, Dr. Kartick Bose Street. This factory was closed down. The other establishment is a trading concern situated at 48 Mahatma Gandhi Road. D.W. 4 Shri D. S. Sarkar is an L. D. Assistant in the Directorate of Factories. He proved Ext. M, which is a letter, dated 9th December 1969 addressed to the Chief Inspector of Factories. The Company thereby gave intimation of closure of the factory with effect from 1st April 1969. The Company gave out that it was not going to renew the licence in respect of the establishment. Evidently, this is good supporting evidence to show that the factory was closed down with effect from 1st April 1969. Regarding stoppage of the work in the factory, evidence of D.W. 1 Shri Rabindra Nath Chakravarty, retired Vice-Principal of Surendra Nath College, was pressed into service. Shri Chakravarty pointed out that he was not related to the partners of the firm. He is the owner of the house to the adjacent south of the workshop in question. The witness is aware that since 1st April 1969 the factory was closed. He did not hear sound of running machineries. This is good evidence to show that the factory had stopped working. As against this P.W. 1 Shri Dinabandhu Sarkar, P.W. 2 Shri Biswanath Basu and P.W. 3 Shri Kali pada Biswas gave evidence indicating that the factory was still running. P.W. 1 Shri Dinabandhu Sarkar denied that the factory was not working: In cross-examination he is constrained to admit, however, that he did not see work in the factory after 1st April 1969. He is also unable to name any worker who is working there. In the circumstances the evidence of P.W. 1 Shri Dinabandhu Sarkar is of little assistance to the Union in the matter. P.W. 2 Shri Biswanath Basu claims that sound of running machineries was heard by him from outside. He is unable to say when he heard such sound. He is also constrained to admit that he did not personally go inside the factory to see whether work was going on He is unable to say which workman is working there. P.W. 3 Shri Kalipada Biswas also claims that he heard sound of moving machines. It appears from his cross-examination that he did not himself see whether any man was working there and how work was being carried on in the workshop. On a careful consideration of the question, I must hold that evidence adduced by the Union to disprove the fact of stoppage of work in the factory, is unreliable. The witnesses examined by the Union merely claimed that they heard sound of running machines. In this matter evidence of D.W. 1 Shri Rabindra Nath Chakravarty, a respectable person, whose house is adjacent to the workshop must be deemed to be conclusive.

Besides the other circumstances indicate that the factory ceased to work on and from 1st April 1969. The notice given to the Chief Inspector of Factories clearly indicates a bona fide decision of the Company to close down this establishment. We have it from D.W. 2 Shri Sunil Ranjan Mullick that the municipal taxes in respect of the establishment were reduced as a result of the closure of the factory. Similarly, there was less charge for electricity consumed. These facts indicate stoppage of work in the factory

It is thus clear that the factory was closed down on 1st April 1969. On behalf of the Union it is contended that the Company cannot urge that their establishment was closed down in the manner stated. The admitted position is that the Company is still carrying on trading in rubber stamps, name plates, etc. It cannot be said, therefore, that the Company had effected closure of the establishment in which the 12 workmen were employed. The learned Advocate for the Company draws my attention to the evidence of D W. 2 Shri Sunil Ranjan Mullick who claims that the firm had two wings of its business. One wing was the factory at 13 Dr. Kartick Bose Street, Calcutta-9. The workmen were employed in this manufacturing establishment. They were discharged from service when this establishment was closed down. The other wing of the firm's business is a trading concerned located at 48 Mahatma Gandhi Road, where only commodities now entirely purchased by the firm from outside is sold. When the disputed workshop was in existence, some of the articles sold were procured from the factory. After 1st April 1969 the articles sold in the shop at Mahatma Gandhi Road, are all manufactured by other manufacturers. According to the Company it was open to the Company to decide to close down the separate unit at 13 Dr. Kartick Bose Street, Calcutta-9, It cannot be urged that such partial closure of the Company's business cannot be effected. Although the Union contends that such partial closure is not contemplated in law, I must hold that in this case it has been established that the workmen were employed in a separate unit run by the said Company, and it was permissible for the Company to close down this manufacturing unit. In this connection the learned Advocate for the Company refers to the decision of the Madras High Court reported in F.L.R. 1970(21) 26, Radio and Electricals Ltd., Madras vs. Industrial Tribunal, Madras and others, wherein it was held that the closure of a part of an establishment is permissible and cannot be interfered with by an Industrial Tribunal. In the case of workmen of the India Leaf Tobacco Development Company Ltd., Guntur, vs. Management of Indian Leaf Tobacco Ltd., Guntur reported in F.L.R. 1970(20) page 269, their Lordships of the Supreme Court also held that the closing of some of its depots by the Company even it is held not to amount to closure of business of the Company, cannot be interfered with by an Industrial Tribunal if, in fact, that the closure was genuine and real. The closure may be treated as stoppage of part of the activity or business of the Company. Such stoppage of part of a business is an act of management which is entirely in the discretion of the Company carrying on the business. No Industrial Tribunal, even in a reference under section 10(1)(d) of the Industrial Disputes Act, can interfere with the discretion exercised in such a matter. In the instant case, there is nothing to show that the closure was not genuine. It follows that the Industrial Tribunal is not competent to interfere in the discretion exercised by the management in the matter. I am not unmindful of the plea taken by the Union that the Company had evil motives when they effected the closure. This again, is a matter, which the Tribunal is not competent to enter into. In Indian Hume Pipe Company Ltd., and their workmen reported in 1969 (I) L.L.J., page 242, their Lordships of the Supreme Court held that the Tribunal has only to determine whether a factory has been closed as a matter of fact and Industrial Tribunal is not concerned to go into the question as to the motive which guided the employer to close his factory. Justification for the closure need not be sought for. Once bona fide closure of the factory is established, the conclusion must be that there is no industrial dispute touching the closure. On consideration of the principles laid down by their Lordships of the Supreme Court, I must hold that the motive of the employer in effecting the closure is immaterial for the purpose of determining whether there has been a closure of the workshop.

On consideration of the evidence on record, I am satisfied that the factory has been closed in fact There is no scope for argument that it is a case of lock-out in the garb of closure. It must also be held that the workmen are dis-entitled to claim any relief in respect of the dispute relating to the closure.

In the circumstances, this issue is answered in the negative.

Before parting with this issue, I must, however, refer to another legal objection taken by the Company in respect of the order of reference touching the closure of the factory. Relying on the decision of the Supreme Court reported in 1968 (I) L.L.J. page 834 the learned Advocate for the Company argues that the workmen who had failed to raise the dispute regarding closure of the factory with their employer beforehand, are precluded from claiming that there was an industrial dispute enabling the Government to make the order of reference. Adverting to paragraph 9 of the written statement of the Union the learned Advocate for the Company points out that the Union went direct to the Labour Commissioner with a charter of demands. The employer had no opportunity to discuss or settle the dispute with the employees. In the decision cited above their Lordships of the Supreme Court laid down that "a mere demand to a Government, without a dispute being raised by the workmen with an employer cannot become an industrial dispute. Consequently, the material before the Tribunal clearly show that no such industrial dispute as was purported to be referred to by the State Government to the Tribunal, had ever existed." In the instant case also the case of the Union is that after victimisation of the Union Secretary, the charter of demands was taken up by the Labour Commissioner's office for consideration. The materials on record go to show that before a dispute between the employers and the employees arose, the Labour Commissioner intervened in the matter. The position will be clear from the letter of the Union, dated 27th January 1968 addressed to the Labour Commissioner, Ext. K(22) that this letter forwarded the copy of charter of demands which was allegedly sent to the Company on 7th February 1967. It is clear from this letter that there was no discussion and there was no industrial dispute as contemplated in section 2(k) of the Industrial Disputes Act. There cannot be any doubt that a dispute or reference might arise after the workmen formerly raised the dispute with the employer. It appears that the workmen directly approached the Labour Commissioner and the issue was raised before him even before the reactions of the employer could be known. At least it is undisputed that the dispute regarding the closure was never raised with the employer. Consequently, this reference on the question of closure of the factory is bad in law.

In the result, on the principles laid down by their Lordships of the Supreme Court it must be held that there was no industrial dispute on which the State Government could make the order of reference. For this reason also, it must be held that the workmen are not entitled to invite the Industrial Tribunal to interfere in the matter.

In any view of the matter, the issue No. 1 stands answered in the negative. As has been stated already the workmen are not entitled to any relief on the reference made by the State Government, the entire reference is incompetent. The case is disposed of accordingly.

EDUCATION DIRECTORATE

NOTIFICATION

No. 1-T.B.—25th January 1971.—It has been represented that consequent on the withdrawal of the approval of all kinds of Bengali Picture books (excepting Sahaj Path I and II by Rabindranath Tagore) for Classes I and II in terms of this Directorate Notification No. 2-T.B., dated 20th November 1969, many students with inadequate grounding in Bengali alphabet are finding it difficult to follow Sahaj Path with facility. In order to fill in the gap it has been thought fit to prescribe supplementary text-books which provide a scientific and graded course for learning the alphabets and particularly the "যুক্তাক্ষর" ।

The traditional books "বর্ণপরিচয়, প্রথম ভাগ ও বর্ণপরিচয় দ্বিতীয় ভাগ by Iswar Chandra Vidyasagar are considered quite suitable for introducing the young learners to the intricacies of spelling in Bengali. Taking into considration all these factors the Government have decided to recommend the traditional books "বর্ণপরিচয় ১ম ভাগ ও বর্ণপরিচয় ২য় ভাগ" by Iswar Chandra Vidyasagar in Classes I and II respectively as supplementary text-books to Sahaj Path I and II. All the heads of the institutions in West Bengal may therefore prescribe these two books in the respective classes with immediate effect until further orders.

Director of Public Instruction.

DEPARTMENT OF HEALTH

RESOLUTION

No. H6/137/2S-4/70.—4th March 1971.—Read—

(i) Resolution No. Medl./1686/DHS/HR/1S-6/47, dated the 27th April 1949.

(ii) Resolution No. 1687/DHS/HR/1S-6/47, dated the 27th April 1949.

The Calcutta School of Tropical Medicine with its attached hospital hereinafter referred to as "the institution" was, prior to 1st May 1949, financed and controlled by the State Government while a large number of its research departments were financed and controlled by funds administered by a Committee created under the Charitable Endowments Act, 1890 (VI of 1890). On and from 1st May 1949 the institution and its Research Departments were brought under the management of a single Governing Body under the control of the State Government. After twenty years of management by the Governing Body it has been found that there has arisen disparity in the service conditions of the three groups of the employees of the institutions, viz., (a) the employees who are Government servants and are on deputation to the Governing Body, (b) the employees who have been appointed by the Governing Body and (c) the employees of the Committee created under the Charitable Endowment Act hereinafter referred to as "Endowment Fund" employees. While the Government employees enjoy the benefits of pension and family pension, the Governing Body employees and the Endowment Fund employees do not enjoy those benefits.

In view of the existing different patterns in the service conditions of these categories of staff working in the institution and the difficulties arising therefrom the Governing Body at their meeting held on the 19th December 1969, resolved unanimously that the Government be requested to resume the entire management of the Institution as existing to ensure a homogeneous character of the service conditions of the staff and efficient functioning of the institution.

In pursuance of this resolution, the Governing Body, which functions as the Committee acting in the administration of the income of the following Endowment Funds:—

(i) The Calcutta School of Tropical Medicine and Hygiene Fund:

(ii) The Dr. A. Mitra Research Scholarship Fund; and

(iii) The Jogendranarayan Roy Research Scholarship Fund;

has moved an application under section 5 of the Charitable Endowments Act, 1890 (Act VI of 1890), for management and conduct of the said institutions by the State Government.

Accordingly, it has been resolved that—

(i) the State Government shall resume the financial and administrative control and management of the Calcutta School of Tropical Medicine and the Carmichael Hospital for Tropical Diseases which was so long vested in the Governing Body and this institution should, as it had been prior to its transfer to the management of the Governing Body on the 1st May 1949, be a full fledged Government institution; and

(ii) the existing scheme for management of the Endowment Funds by a Managing Committee should be amended and the Secretary, Department of Health, Government of West Bengal, shall be appointed as the "Administrator" under section 5(1) of the Charitable Endowments Act, 1890, to administer the properties of the said Endowment Funds in accordance with the Rules to be framed by the State Government for the purpose. Necessary statutory notifications are being issued accordingly.

It has further been resolved that the Governing Body of the Institution for the time being constituted shall function in an advisory capacity and render all assistance and discharge such duties as may be assigned to them by orders to be issued by the State Government in this behalf.

The staff under categories (a), (b), and (c) referred to in paragraph 1 of this Resolution will be Government servants from the date of effect of this Resolution. The terms and conditions of absorption in Government service or ending the period of deputation as the case may be, will be regulated by a separate Government Order which will also provide for the exercise by the staff of option of retaining the conditions of their service as they existed prior to the issue of the Resolution. Pending completion of all such formalities the incumbents will be eligible to draw the pay and allowances of their present posts. The Director of the Institution will send to the Accountant-General, West Bengal, a list of such staff, their pay scales, and the emoluments drawn by them.

In order to maintain the specialised character of the Institution as a Research Institution, it has been resolved that the Director of the Institution shall be authorised to exercise certain powers and functions which had so long been exercised by the Governing Body. The Director of the Institution is accordingly, inter alia, authorised to:

(a) exercise the administrative and financial powers in respect of this institution which are exercisable by the Director of Health Services, West Bengal, as the Head of the Department except in the matter of Cadre-control in respect of the medical, non-medical and para-medical personnel who may be posted in this institution;

(b) correspond direct with Government on any matter affecting the Institution;

(c) have the privilege to be consulted when any staff is sought to be transferred from or posted to the institution. As a general rule transfer of officers should, in order to maintain the highly specialised nature of the Institution, be reduced to the minimum.

It is further resolved that this Resolution shall take effect from 1st April 1961.

Order

Ordered that the Resolution be published in the "Calcutta Gazette".

By order of the Governor,
A. K. SEN,
Secy. to the Govt. of West Bengal.

The employer filed his written statement contending that the dispute under reference is not an industrial dispute. Then the case was adjourned from time to time.

A fresh notice by registered post was sent to the Union fixing 2nd February 1971 for appearance. The notice was received back with the endorsement 'refused'. AWARD

By order No. 113-I.R./IR/10L-337/70, dated the 8th January 1971, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Bengal Metals & Alloys, 19 South Tangra Road, Calcutta-46 and their workman Shri Samar Chandra Dolui, represented by Bengal Metals & Alloys Workers' Union, 124C Dharamtala Street, Calcutta-13, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue:

Issue

Whether the termination of service of Shri Samar Chandra Dolui is justified? To what relief, if any, is he entitled ?

After receipt of the Government order, notices were issued on both parties fixing 10th February 1971 for appearance and orders. Letter, dated 22nd January 1971, with a memorandum of Settlement was thereafter received from the proprietor of Messrs. Bengal Metals & Alloys indicating that the dispute had been settled out of Court and the proprietor would not enter appearance. Despite service of notices of both the parties, none appeared on 10th February 1971, the date fixed for appearance and orders. Neither was any step taken by the parties. The record is, therefore, put up for orders.

In view of the fact that parties have not entered appearance after service of usual notices, it is clear that they are no longer interested in pursuing the dispute. The letter of the proprietor of the Company also indicates that the parties have settled the dispute out of Court. In the circumstances, I am inclined to pass a "no dispute" award on the footing that the dispute is no longer in existence.

This is my award.

Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 600-I.R./IR/11L-782/69, dated the 17th January 1970, referred this industrial dispute between Messrs. Pioneer Match Factory, 11 Sovaram Basak Street, Calcutta-7 (hereinafter referred to as the Company), and their workman Shri Amarendra Nath Bose, 27/1 Rastraguru Avenue, Calcutta-8 (hereinafter referred to as the Workman, to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act for adjudication on the following issue :

Issue

Whether the termination of service of Shri Amarendra Nath Bose is justified? To what relief, if any, is he entitled?

On receipt of the order of reference notices were issued upon the parties for appearance and for filing written statement The dispute came up for hearing on 22nd January 1971 when the parties filed a joint petition stating that the dispute between the parties had been settled amicably. It was stated in the petition of compromise that the parties had amicably settled the dispute covered by the issue under reference in terms of agreement and it was prayed that an award might be passed according to the terms of the settlement.

The joint petition for a compromise award in terms of the settlement as per agreement between the parties was directed to be put up on 27th January 1971, i.e., the date fixed for payment of a sum of Rs 2,400 in terms of agreement between the parties The Company, however, failed to pay the sum on 27th January 1971 and prayed for payment of the same on 4th February 1971.

The matter was taken up on 4th February 1971. I have considered the terms of the settlement reached between the parties. The terms appear to be quite lawful, fair and reasonable. It appears from the receipt filed by the workman that he had got a sum of Rs. 2,400 from the Company in terms of the agreement. I am satisfied that the dispute covered by the issue under the reference has been amicably settled in terms of the petition of compromise and it is a bona fide settlement. Accordingly, I would make a compromise award in the case as prayed for.

In the result, I make a compromise award in terms of the joint petition, dated 22nd January 1971, and the copy of the agreement filed therewith, copies whereof are made part of the award as annexure.

This is my award

By the Government of West Bengal, Labour Department, order No. 5098-I.R./IR/11L-419/70, dated the 8th July 1970, this industrial dispute between Messrs. Little Shoppe and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below.

Issue

To what relief, if any, are the workmen entitled for the stoppage of work in this connection with effect from 19th January 1970 ?

This is a reference under section 10 of the Industrial Disputes Act, 1947. Notices were issued to the Company and the Union. The Company appeared but the Union did not. The notice to the Union came back with the postal endorsement "Not claimed". So a second notice was issued to the Union. But it also came back with the same postal remark. Then a third notice was issued to the Union. This notice appears to have been served upon the Union. But the Union did not appear even after receipt of this notice. Nor did the Union file any written statement. Thereafter the Tribunal fixed 9th February 1971 for appearance and for filing written statement by the Union as a last chance. Still the Union did not appear, not to speak of filing any written statement. It appears that the Union is no longer interested in the dispute and that it is reluctant to proceed with the case.

I, therefore, pass a "no dispute" award.

ARBITRATION AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Rehabilitation Industries Corporation Ltd. and their workmen represented by R. I. C. Concerns' Employees' Union, to this Tribunal by its order No. 8490-IR, dated 5th November 1969, for arbitration of the dispute under section 10A of the Industrial Disputes Act, on the following issue:

Issue

Whether the staff and sub-staff are entitled to Children Education Allowance as granted by the Government of India and also by the State Government to their employees?

This Tribunal received this voluntary reference of dispute on 7th November 1969.

Notices were issued to the parties and thereafter the Union and the management entered appearance. The Union was directed to file its statement on 22nd December 1969 and thereafter on 15th January 1970, 16th February 1970, 16th March 1970, 24th March 1970, 26th June 1970 and ultimately the statement by the Union was filed on 28th August 1970. The management too after taking several adjournments ultimately filed its written statement on 17th December 1970. The case was taken up for hearing on 28th January 1971 and on that date both the Union and the management produced their respective witness— one each, and on 2nd February 1971 argument was heard and concluded.

The case of the Union as contained in its statements is that R.I.C. Ltd., is a Public Sector Undertaking—being a limited Company 97 per cent Shares of which have been subscribed by the President of India. The number of staff and sub-staff regarding whom this arbitration has been made is more or less 750 (the figure is from the agreement itself although in the statement it has been said to be 500). These staff and sub-staff are monthly paid employees and they get inter alia, dearness allowance, leave travelling allowance, city compensatory allowance and medical benefit according to the Government of India Service Rules. Government of India has extended children's educational allowance for its employees and the staff and sub-staff of this undertaking approached the management to cover them under the said benefit which to be extended in their cases too but their representation did not bear any result and as such the staff and sub-staff resorted to hunger strike to realise their "just and reasonable demands". Then the Labour Commissioner, Government of West Bengal, intervened for amicable settlement of the dispute and accordingly on 12th August 1969, following a tripartite settlement, this matter has been referred to arbitration under section 10A of the Industrial Diputes Act. The grievances of the Union is that the existing salary of staff and sub-staff who come from the middle class families and who have to bear the burden of many social and moral obligations, is inadequate to bear the expenses of education of their children. The staff and sub-staff have also referred to the report of the Commission (Administrative) which has been of the opinion that such an allowance as was recommended should have been implemented and at the conclusion they have suggested the remedy by being granted a sum of Rs. 50 per month to them as children's educational allowance and such relief, they further demand, should be given a retrospective effect from the date of the demand.

The management took an objection preliminary in nature that the Union did not represent majority of the workmen of the Company involved in the arbitration proceedings on the issue referred to arbitration and as such the present reference is not maintainable, but before me such an objection was not pressed.

Its further stand is that the Company is registered under the Companies Act and as such although Government of India has a controlling and administrative authority over it, its employees cannot be considered to hold civil post under the Union or State and there is no duty cast upon the Corporation to implement, extend or introduce benefit to the members of the staff and sub-staff of children's educational allowance as granted by the Government of India as also by the State Government to their employees.

Its next objection is that this Company was set up to provide economic rehabilitation to the displaced persons and with that object in view it was set up and conditions of service of the staff and sub-staff of the Corporation are not governed by the rules pertaining to the condition of the Central Government Employees as the members of the staff and sub-staff of the Corporation cannot be considered as Central Government employees. By that obviously it meant to say that the staff and sub-staff not being the Central Government employees, they cannot demand as of their right to have such benefit.

The management concedes that certain benefits, e.g., dearness allowance, leave and medical benefits similar to those as enjoyed by the Central Government employees have been extended from time to time to the staff and sub-staff of the Company by resolution passed by the Board of Directors but this allowance, namely, children's educational allowance was not such extended; on the other hand they have produced a document, dated 6th December 1968, a resolution of the Board of Directors by which it was resolved that no further such facilities as children's educational allowance would be extended to the staff and sub-staff. Apparently the Company was relying upon such a resolution to justify its claim not to extend such relief to the staff and sub-staff and seeking to take shelter behind it using it as a shield.

Its further case is that the Company has been running at a loss from its very inception and it will not be able to bear such extra burden in view of its straitened circumstances.

First of all I should take the evidence of Shri Kalipada Pal, P.W. 1. He has proved his own appointment letter (Ext. 1). Obviously this appointment letter was produced and proved before me in order to show as per its clause 8 that leave, transfer and T.A., and other service conditions would be governed by the Central Government Rules. He also produced and proved the Central Government Rules relating to Children's Educational Allowance to Central Government employees (Exts. 3a and 4). It appears from his evidence that some of the persons who are on the staff working as deputationists from Central Government get children's educational allowance as per certain rules although their number at the present moment has been reduced to one only. In cross-examination it has also come out that these staff and sub-staff receive D.A., house-rent, city compensatory allowance, travelling allowance, medical allowance and leave as per centain rules of Government of India as amended from time to time. Shri Malay Sengupta O.P.W. 1, was the only witness produced by the management. He has proved the memorandum of association, articles of association and the balance-sheets of the Company for 3 years which show consistent losses. In 1967-68, 1968-69 and 1969-70 the losses were respectively 43 lakhs, 40 lakhs and 62 lakhs. It cannot be gainsaid that the amount of loss does not show any downward trend. He, however, conceded that those allowances as stated by Shri Pal, P.W. 1, were extended to the employees of this undertaking according to Central Government Service Rules. In cross-examination, he admitted that Durgapur Steel Project is also a Government undertaking and it has been suffering huge amount of loss for years together last past and when asked about the Food Corporation of India, he said although he did not know for certain, but if the employees of Food Corporation get any allowance they get it at the rate as given by the Government of West Bengal. It further appears from his evidence that the resolution, dated 6th December 1968, was never limited to the persons concerned against whose interest such a resolution was passed. This is all the evidence that I have before me.

Now the question is whether the legal stand and the factual defence can really be considered as justifiable shields for resisting or controverting the claim of the staff and sub-staff. The legal stand is that it being a registered Company, although a public undertaking set up by Government of India whether these staff and sub-staff claim children's educational allowance as granted by the Central Government employees as such. Undeniably this question cannot be dealt with in an isolated way by merely taking into account the resolution and the particular nature of the undertaking. I have to deal with this question in perspective and background of social justice in the canvass of Industrial Law and on such consideration, I answer this question in the affirmative on grounds following:

(1) It appears that most of the facilities that are granted and extended to the Central Government employees are extended to the staff and sub-staff of this undertaking inspite of losses suffered by this undertaking which has been conceded by Shri Malay Sengupta, O.P.W. 1, in examination-in-chief. Therefore, it is rather inexplicable why this allowance should be withheld. It appears that by analogy the employees were getting these benefits and the same principle of analogy will entitle them to get such children education allowance. (2) The letter of appointment itself is rather illuminating on this point and that goes in favour of the claimants and not the management. Clause 8 of the letter of appointment (Ext. 1) clearly and specifically says that leave....... and other service conditions would be governed by Central Government Rules. Certainly children education allowance is a service condition and it has also to be paid according to Central Government Rules. Any subsequent resolution even it were valid cannot resist or wipe out that right once accrued. Therefore, the legal stand taken by the management that as staff and sub-staff were not Central Government employees as such, they have got no legal right to claim it cannot stand to reason in view of the facts and grants mentioned hereof.

Second ground of resistence by the management is rather factual. Management wants to say that the Company has been suffering loss since its inception and as such, such an allowance should not be extended to the staff and sub-staff because it will create some further financial burden upon the Company. But to my mind, that fact too cannot be sufficient to resist the claim. Rightly Shri M. Roy agrued that there are other public undertakings which although suffering loss are extending those facilities to their employees irrespective of the question of loss or profit; it is an obligation on the part of the employer and that obligation has to be fulfilled. Moreover, it has to be borne in mind that inspite of such loss this Company is giving some other facilities as come out in evidence to its employees. Reason being they have to give these facilities under the service conditions and also if I may say so on consideration of social justice.

The Company has been carrying on subsidy. Shri Malay Sengupta, O.P.W. 1, has stated that the Company is being helped by the Central Government by advancement of money which is repayable with interest but that fact did not deter the management from granting those facilities, e.g., dearness allowance, city compensatory, house rent, medical expenses, etc. The demand of children education allowance is also a very legitimate demand. As it appears from the exhibits such a grant is extended to the Central Government employees—even some of the persons who were on deputation used to receive it and to my mind the Company cannot take a negative attitude by taking shelter under its financial inability.

Their lordships of the Supreme Court in a judgment (Niemla Textile Finishing Mills Ltd.) reported in 1957 (I) L.L.J., P. 407 were pleased to observe "industrial courts are to adjudicate on the disputes between the employer and their workmen and in the course of such adjudication they must determine "rights" and "wrongs" of the claim made and in so doing they are undoubtedly free to apply the principles of justice, equity and good conscience, keeping in view the further principle that their jurisdiction is invoked not for the enforcement of mere contractual rights for preventing labour practices regarded as unfair and for restoring industrial peace on the basis of collective bargaining. Their lordship of the Supreme Court in another judgement [Kays Construction Co. (P) Ltd.] reported in 1958 (2) L.L.J., P. 660 were also pleased to observe relying upon another Supreme Court judgment—workmen of Dahingeapar Tea Estate [1958 (II) L.L.J., P. 498] that in dealing with industrial dispute, Tribunal should not be unduly influenced by academic questions of law, they should make an attempt to deal with the merits of each case according to its facts and circumstances.

Judging the circumstances, looking to the exhibits and shifting the evidence and considering the principles laid down by Hon'ble Supreme Court, I answer the issue in favour of the Union that the staff and sub-staff of R.I.C. Ltd., are entitled to children education allowance as granted by Government of India as also by the State Government to their employees.

Now the question is at what rate such children education allowance is to be paid? The Union has proved a scheme of educational assistance to Central Government employees in the form of children education allowance which came into force with effect from 1st of March 1962, vide order, Ministry of Finance (Ext. 3a). Shri Pal, P.W. 1, has stated in course of his evidence-in-chief "As a matter of fact these rules are followed and children education allowance is paid according to this form to some other persons who are on the staff working as deputationists". This fact has not been challenged by the management in course of cross-examination. This is a reasonable guideline and as it is a normal rule for grant of children education allowance, I find no reason to depart from the same and I propose to make a scheme according to such rules as laid down in Exts. 3a and 4 with certain modification as laid down hereunder :

(A) **Eligibility :**

(iii) The allowance will be admissible to a member of the staff and sub-staff who is on duty, under suspension or on leave including leave preparatory to retirement. It will not be admissible to deceased, retired or discharged member of staff and sub-staff. If any such employee dies, retires or is discharged in the middle of an academic year, the allowance will be admissible till the end of that academic year.

Note : The pay with reference to which the allowance will be given while the member of the staff and sub-staff is under suspension or on leave will be the pay admissible to him at the time he was placed under suspension or proceeded on leave.

(B) **Rate of Allowance :**

(i) The allowance will be admissible at the following rates :

Primary classes	Rs. 10.00 p.m. per child
Thereafter up to class VIII	Rs. 12.00 p.m. per child
Secondary classes (IX, X, XI)	Rs. 15.00 p.m. per child

(ii) Total allowance admissible to a member of the staff and sub-staff at any one time shall not exceed Rs. 45 per month.

(C) **Conditions for the Grant of Education Allowance :**

(i) The allowance will be admissible only in respect of children between the age limits of 5 and 18 years.

Note : The allowance shall commence from the month following that in which the child attains the age of 5 and shall cease at the end of the academic year in which the child attains the age of 18.

(ii) The concession will be limited to education up to Higher Secondary classes.

(iii) The allowance will be admissible only when the child or children of a member of staff and sub-staff study in a school away from the station at which he/she is posted and/or is residing :

Illustration :

"A" has his headquarters at Calcutta and is residing at Burdwan. The allowance will not be admissible if this children study in a school either in Calcutta or in Burdwan.

(iv) The allowance will be admissible only if the child is enrolled in a school which is recognised by the Department of Education or educational authorities of the jurisdiction in which the school is situated.

(v) The allowance will be admissible only in respect of legitimate children or member of the staff and sub-staff including step-children and adopted children (where adoption is recognised) under the personal law of such a member who is wholly dependent on him.

(vi) Where a child is in receipt of any Government scholarship the allowance will be reduced by the amount of the Government scholarship. If he is in receipt of a scholarship higher than Rs. 10 in the primary stage, Rs. 12 in a stage thereafter up to class VIII and Rs. 15 in the secondary stage, the allowance will not be admissible in respect of such a child.

(vii) When the pay of a member of the staff and sub-staff is raised beyond Rs. 349 on account of the grant of increment or promotion the allowance will be continued, if other conditions remain unaltered, until his pay exceeds the total of his pay plus educational allowance prior to such rise in pay. The amount of the allowance will, however, be limited to the difference between the sum total of pay plus education allowance prior to grant of increment or promotion and the pay drawn after such promotion.

(viii) In respect of a temporary member of the staff and sub-staff, the allowance will be admissible from the month following that in which he completes two years' service.

(D) Certificates required in support of the claim :

(i) Where the educational allowance is claimed a certificate should be furnished by the member of the staff and sub-staff in the form annexed here to orders twice a year to the officers who would be in charge to deal with the matter. This annexure will form part of the award.

(ii) A certificate should be furnished on the bills by the drawing and disbursing officers every month that the necessary certificates have been obtained.

(iii) The correctness of the certificates should be got verified by the drawing officers periodically.

Now the question is from which date the scheme will come into operation? Shri Roy contended that it should be operative from the date of the demand but viewing the circumstances as also considering the financial position of the Company and further considering that sometime was also wasted by the delay of the Union to file its statement, I direct that this scheme will take effect from 1st of January 1970.

This is my award.

In the matter of an industrial dispute between Messrs. Bengal Ingot Co. (P) Ltd., 5 Hide Road, Kidderpore, Calcutta and their workmen represented by J. Stone & B. I. C. Workers' Union, 27-B Circular Garden Reach Road, Kidderpore, Calcutta. (Case No. 134/60.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri B. C. CHAUDHURI, Judge,
Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 2946-I.R./IR/11L-96(B)/59, dated the 13th June 1960, referred this industrial dispute between Messrs. Bengal Ingot Co. (P) Ltd., 5 Hide Road, Kidderpore, Calcutta and their workmen represented by J. Stone & B. I. C. Workers' Union, 27-B Circular Garden Reach Road, Kidderpore, Calcutta, to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issue :

Issue

Bonus for 1958.

The case of the Union is that Messrs. Bengal Ingot Co. (P) Ltd. (hereinafter referred to as the Company), is a prosperous engineering concern equipped with up-to-date machineries, and the same Company spends a large sum on capital and establishment expenditure. The workmen of the concern are denied living wages and the existing rates of wages are far below the calculated minimum. It is further contended that the Company can easily pay four months' wages as bonus for the year under consideration in accordance with the principles laid by the Hon'ble Supreme Court under the Full Bench Formula.

The case of the Company is that the wages, amenities and benefits offered by the Company are in no way less favourable than what prevails in the comparable units within the engineering industry in the vicinity, and the Company pays wages higher than what has been fixed by the Third Omnibus Engineering Tribunal Award. It is further contended that the Company earned some profits in 1958 and for that the workers were paid two months' wages as bonus and the claim for further amount of bonus under the Full Bench Formula is not tenable.

The dispute first came up for hearing before my predecessor on 22nd March 1961 when both the parties adduced documentary evidence. The Company submitted a calculation of available surplus and certain statements in support of the calculation which are marked Exts. A to G. The Union, on the other hand, submitted a statement showing their own mode of calculation of available surplus which is marked Ext. 1. The Company also examined their Accountant Shri Dinesh Bole (P. W. 1).

According to the Company the available surplus should be calculated in the following manner :

Net Profit as per Profit and Loss Account.		Rs. 3,89,306
Add !		
Depreciation as per Profit and Loss Account	Rs. 1,89,313	
Bonus for 1958, provided in the Account	Rs. 66,616	
		Rs. 2,55,929
		Rs. 6,45,235
Less :		
Normal Depreciation allowable under Law		Rs. 1,03,389
		Rs. 5,51,846

		Rs. 5,51,846
Less :		
Income Tax	Rs. 2,75,129	
Wealth Tax (actually paid)	Rs. 12,226	
		Rs. 2,87,353
Less :		Rs. 2,54,491
Return on Paid-up Capital of Rs. 4,80,000 at the rate of 6 per cent.	Rs. 28,800	
Return on Capital employed in the business as Working Capital at the rate of 4 per cent.	Rs. 94,889	
		Rs. 1,23,689
		Rs. 1,30,802

The capital employed in the business as working capital was calculated in the following manner :

1.	Capital Reserve as per Balance Sheet employed in the business through out the year	Rs. 11,53,138
2.	General Reserve as per Balance Sheet employed in the business throughout the year	Rs. 7,67,176
3.	Reserve for the bad and doubtful debts as per Balance Sheet employed in the business throughout the year	Rs. 47,267
4.	Surplus profits of previous year as per Balance Sheet employed in the business throughout the year	Rs. 2,66,642
5.	Surplus provisions for taxation employed in the business throughout the year	Rs. 1,38,000
		Rs. 23,72,223

A return of 4 per cent. was calculated on theaforesaid sum of Rs. 23,72,223 and a sum of Rs. 94,889 was deducted from the profits to arriveat the figure of available surplus.

The Union did not dispute the statement of accounts as hereinbefore set out so far as deduction made in respect of normal depreciation and return on Paid-up Capital were concerned. They however disputed about the deduction made in respect of Income Tax, Wealth Tax and return on Working Capital.

The Tribunal overruled the objection of theUnion so far as Income Tax and Wealth Tax deductions were concerned, but gave effect totheir contention so far as bad debts, reserve and provisions made for taxation were taken into consideration in working out the figure and capital. The Tribunal calculated the availablesurplus in the following manner :

Net profit as per the Profit and Loss Account		Rs. 3,89,306
Add :		
Depreciation	Rs. 1,89,313	
Bonus provided in the Accounts	Rs. 66,616	
		Rs. 2,55,929
		Rs. 6,45,235
Deduct : Depreciation		Rs. 1,03,389
		Rs. 5,41,846

Deduct :		
Income-tax	Rs. 2,75,129	
Wealth Tax (actually paid)	Rs. 12,226	Rs. 2,87,355
		Rs. 2,54,491
Deduct :		
Return on Paid-up Capital of Rs. 4,80,000 at the rate of 6 per cent.		Rs. 28,800
		Rs. 2,25,691
Deduct :		
Return on Capital employed as Working Capital		Rs. 85,701
		Rs. 1,39,990

The Tribunal found that regard being had to the amount of available surplus the Company should pay three months' basic pay as bonus (i.e. to say one month's basic wage in addition to the amount of bonus already paid) and made its award accordingly.

Being aggrieved by the award the Company moved the Hon'ble High Court under article 226 of the Constitution of India. The Hon'ble Court quashed the award and sent back the reference to pass an award in terms of the directions contained in the judgment. The relevant portion of the judgment runs as follows :

> "I, therefore, modify the award to the extent that in calculating the working capital the Tribunal must not exclude the sum of Rs. 1,38,000 which was kept as revenue Reserve. In all other respect the calculation of the working capital as made by the Tribunal shall be upheld. Therefore, in calculating the available surplus the Tribunal shall deduct a return of 4 per cent. on the working capital calculated in the manner above stated and then calculate the available surplus figure. Having arrived at the figure of such available surplus, the Tribunal shall consider what amount of bonus shall be payable by the petitioner-Company to its workmen.
>
> The result is that the reference made to the Tribunal stands, but the award is quashed The Tribunal may now be free to proceed with the reference according to the directions contained in the judgement."

Both the Company and the Union were duly informed about the date fixed for hearing after receipt of the record from the Hon'ble High Court. None represented the Union when the case was adjourned from time to time after 27th November 1970. None also represented the Union when the case was again taken up for hearing on 3rd February 1971. The Company submitted a calculation of available surplus in terms of the direction of the Hon'ble High Court and certain other documents (vide Exts. A/1 to A/3). O. P. W. 2, Krishna Kumar Sarma, Chief Accountant of the Company, was also examined.

The principal question now comes for consideration is what should be the available surplus in terms of the direction of the Hon'ble High Court as mentioned above. The Chief Accountant of the Company has calculated the available surplus as per direction of the High Court which runs as follows :

Net profit as per the Profit and Loss Account...		Rs. 3,89,306
Add :		
Depreciation as per Profit and Loss Account	Rs. 1,89,313	
Bonus for 1958 provided in Accounts	Rs. 66,616	Rs. 2,55,929
		Rs. 6,45,235
Less :		
Normal Depreciation allowable under Law		Rs. 1,03,389
...		Rs. 5,41,846
Less :		
Income Tax	Rs. 2,75,129	
Wealth-tax (actually paid)	Rs. 12,226	Rs. 2,87,355
		Rs. 2,54,491

Less :		
Return on Paid-up Capital of Rs. 4,80,000 at the rate of 6 per cent.	28,800	
Return on capital employed in the business as Working Capital at the rate of 4 per cent.	Rs. 92,998	Rs. 1,21,798
		Rs. 1,32,693

Thus it appears that the available surplus after deducting return of 4 per cent. on the Working Capital is Rs. 1,32,693. Regarding distribution of available surplus between the parties the Hon'ble Supreme Court in the case of Messrs. Rajendra Mills Ltd. and their workmen reported in L.L.J., II, 1960, p. 53, has observed as follows :

> "When no inflexible rule can possibly be laid down as regards the proportion of distribution of the available surplus, a workable rule, where the surplus is not considerable, very often is that when no other evidence as regards the relevant factors is available the distribution should be such as to leave to the employer and the industry on the one hand and the workmen on the other approximately equal benefits".

Relying upon the above principle, I am of opinion that the parties will not be prejudiced if the available surplus is distributed in a manner as suggested by the Company. In my opinion, the said distribution is a fair one. The Company has distributed the available surplus in a manner as mentioned below :

Company's Share

Available surplus	... ...		Rs. 1,32,693
Less :	Bonus for 2 months provided in the Accounts	Rs. 66,616	
	Proposed bonus for 20 days not provided in the Accounts	Rs. 22,205	Rs. 88,821
		Balance available :	Rs. 43,872
Add :	Rebate on Income-tax on Rs. 88,821 at the rate of 51.5 per cent....		Rs. 45,743
			Rs. 89,616

Workmen's Share

Bonus already provided in the Accounts for 2 months	Rs. 66,616
Proposed bonus for 20 days	Rs. 22,205
	Rs. 88,821

In the result, I allow the workmen bonus at the rate of two months, twenty days' basic wages. In view of the fact that the Company had already paid bonus at 2 months' basic wage, they are to pay in addition, by this award, 20 days' basic wage more as bonus.

This is my award.

Whether termination of service of Shri Ram Chandra Prosad is justified? What relief, if any, is he entitled to?

On receipt of the reference, notices were issued to the parties and both the parties appeared and filed their respective written statements. The case of the workman in short as made out in the written statement is that he had been working in the aforesaid Company since November 1962. But from the 3rd December 1964 he was prevented from attending the said Company and doing his work there without any reason having been shown to him. He says further that his arrears pay and other dues have not been paid to him. In this case he has prayed for reinstatement with back wages. The case of the Company is that on the 3rd December 1964 it was found that the said workman who was an Accountant in the Company had tampered with some documents of the Company and when he was confronted with the said charge he left the service and did not come to office thereafter.

At the very outset the Company raise a preliminary objection as to the maintainability of the reference, their contention being that there was no industrial dispute in this case inasmuch as the workman never raised the dispute under reference with the management and as such the present reference is not competent. The said objection as raised by the Company is opposed from the side of the workman and at the instance of the Company the said objection has been heard first before the case was taken up for hearing on merits. Both the parties have adduced documentary evidence. Two witnesses have been examined from the side of the workman. The Company, however, have not adduced any oral evidence.

It appears that the said workman gave some letters to the Company in connection with the aforesaid matter namely, on 12th January 1965, 29th January 1965, 20th February 1965 and 12th April 1967 (Exts. 1, 2, 3 and 4 respectively). In his letters, dated 12th January 1965, 29th January 1965 and 20th February 1965 (Exts. 1, 2 and 3) the workman demanded his outstanding salary and salary for the notice period from the Company and by his letter, dated 12th April 1967, the said workman demanded his back wages, bonus, gratuity and wages for leave period. In none of the said letters, however, the workman made any claim for his reinstatement in his post. The Labour Officer who dealt with the dispute has been examined by the workman concerned as P.W. 1 and he says in his evidence that he called a joint conference between the Company and the workman concerned and that on 12th March 1968 he verified from the workman that he (workman) submitted a charter of demands with the management and that the said charter of demands included reinstatement and back wages. The P.W. 1 says further that the workman added that he (workman) submitted the charter of demand in writing and that the representative of the management confirmed it. It appears from the evidence of the P.W. 1 that every year he had to deal with thousands of similar cases and it was not possible for him to remember the minute details of every such case. He however, says that he remembers this case because the workman concerned used to see him very often. It appears that the P.W. 1 deposed the said facts on 18th June 1970 and it was curious indeed that he would remember in details the talk which is alleged to have taken place on 12th March 1968 in course of joint conference. He says, however, that he does not remember whether the said workman told him that in 1967 he (workman) was engaged in any other concerned. He (P.W. 1) says further that he did not have it verified from the Company as to whether any written charter of demand was submitted to the Company by the workman or the Union on his behalf.

Again it appears from his evidence that on 12th March 1968 he did not note that the manager of the Company was present when the workman asserted that he submitted a written charter of demands to the Company. He says that his said evidence is from his memory It appears that in this case the P.W. 1 sent two reports to the Government for making reference to the Tribunal and his first report was returned back to him with a direction to make further attempt for conciliation. The P.W. 1 says in his evidence that his first report was on the basis of the workman's demand only for compensation. Thus the evidence of the P.W. 1 as to submission of a charter of demands including his reinstatement by the workman with the Company is quite vague and haphazard and is not possessed of any probative value and I am not inclined to attach any importance to his said evidence

The P.W. 2 is the workman himself and he says that in December 1967 he submitted a written charter of demands with the Company. He says further he met Shri Bilash Singh of the Company in his office and had a discussion with him and on his instruction he (workman) put into writing his demands including reinstatement and back wages and handed over the same to him. No copy of the said charter of demands is forthcoming from the side of the workman. The workman says that he did not take any receipt for the said charter of demands. Thus the evidence of the workman on the said point is equally vague. Again, from the letters addressed by the workman to the Company (Exts. 1 to 4) as already referred to it does not appear that the workman made any demand as to his reinstatement in the Company or raised any question as to his employment or unemployment. It is evident from the said letters that the workman confined his claim to his outstanding salaries and other dues from the Company. Now, if the workman claimed for his reinstatement in the Company, it was really very strange and is not at all believable that he would not raise said question in his said letters The workman contends in his evidence that he made demand for reinstatement by his letter, dated 12th January 1965 (Ext. 1). As already mentioned Ext. 1, however, does not contain any such claim. The workman says further that in December 1967 he made a specific demand for reinstatement and back wages from the management. But except his oral evidence there is no other material to support his said contention. In his written statement even there is no mention that he submitted a charter of demands with the Company as contended by him at the time of hearing of the case. It appears that on 16th March 1970 the workman submitted a petition objecting to the preliminary objection raised by the Company. But in the said petition even it was not mentioned that the workman submitted a charter of demands with the Company. It appears that on the 19th December 1967 the President of the Union wrote a letter to the Labour Officer (Ext. F) for referring the matter for compulsory adjudication on the failure of the conciliation proceedings. The said letter was proved in this Tribunal on 18th June 1970. Subsequently on 18th December 1970 the said Labour Officer (P.W. 1) was recalled and he proved another document namely, Ext. F/1 as an Annexure to Ext. F. In the said Annexure Ext. F/1 it was stated that the demand of the workman concerned was for reinstatement with back wages and that his said demand was turned down by the Company and the Union wants to depend much upon this Annexure. The genuineness of the said annexure is seriously disputed from the side of the Company. The Labour Officer (P W 1) says that there was no entry of the letter Ext F or of the Annexure (Ext. F/1) in record. Be that as it may, the said letter together with the annexure was addressed to the Labour Officer and not to the Company and as such the said letter or the annexure does not help at all the workman. The said documents cannot prevail upon the other facts and circumstances of the case as already discussed and those are not sufficient to prove that the workman actually raised the question of his reinstatement with the management. It appears that the workman gave another letter to the Company on 19th September 1964 (Ext. H). But in the said letter even he demanded only his back wages and other dues and nothing else. In this connection reference may be made as another letter addressed by the workman to the Company on 1st October 1964 (Ext. 1) in which the workman mentioned the facts involved in the matter and stated that in the circumstances he was quite unable to continue his job in the Company and he demanded his salary and other dues from the Company. Now when the workman specifically stated in the said letter that it was not possible for him to continue his job in the said Company it was not at all likely that he would demand reinstatement in the said Company as contended by him in his evidence. There is thus no scape from the conclusion that the workman did not raise the question of his reinstatement with the management before this case was referred to this Tribunal and the case sought to be made out on behalf of the workman on that point is nothing but an after-thought development. It has been held that "a mere demand to a Government without a dispute being raised by the workman with their employer cannot become an industrial dispute" (Sindhu Resettlement Corporation Ltd. Vs. Industrial Tribunal of Gujrat and others, A.I.R. 1968, Supreme Court, 529). It has further been held in the said case that before making any reference "the Government had to come to an opinion that an industrial dispute did exist and that opinion could only be formed on the basis that there was a dispute between employers and workman relating to reinstatement". It appears, therefore, that there was no industrial dispute in this case within the meaning of section 2K of the Industrial Disputes Act and the reference was no competent.

As mentioned above the issue in the reference involves also the question as to what relief, if any, is the workman entitled to and it is contended from the side of the workman that even if the question of reinstatement is not an industrial dispute, it should be decided as to what other relief the workman concerned is entitled to and if he is entitled to retrenchment compensation, award should be made in his favour for that and in this connection the workman refers to the petition of the Company, dated 28th February 1970, by which the Company have raised the aforesaid preliminary objection and in which the workman concerned has been described as a retrenched employee. From the written statements filed by the respective parties it does not, however, appear that it is the case of any party that the said workman was a retrenched employee and the said words have rather been loosely used by the Company in their petition, dated 28th February 1970. In industrial laws the termination of service and retrenchment are not always synonymous [(1966), II, LLJ., 59 (68) and (1957), I, LLJ., 243 (252)] Be that as it may. In this case there is no issue as to retrenchment or retrenchment compensation and as such the said question cannot be entered into. The issue under reference in this case is whether the termination of service of the workman concerned is justified and whether the workman was entitled to any relief therefor, that is, in connection with the alleged termination of his service. The termination of service and the relief therefor cannot be treated separately.

Thus the case fails in limine and the workman is not entitled to any relief in it.

After the receipt of the order of reference, notices were issued. Parties appeared and filed their respective written statements. It is alleged by the Union that the Company is a commercial establishment engaged in the business of import and export of Tractors and its spares. The Company employs about 215 workers in clerical and subordinate category in its office and service department which are situated in the same premises. The working hours and leave and holidays as also other conditions of employment of both clerical and subordinate category have remained identical and without any discrimination. It was for the first time in the year 1964 that the Company fixed enhanced duty hours for subordinate staff even in violations of the provisions of Shops and Establishments Act and the existing practices. The durwans were highly prejudiced in respect of leave and holidays and festival holidays. All the subordinate staff, i.e., bearers, sweepers, malis and durwans are required to work on the National Holidays, but they are paid the ordinate rate of pay rather than at the overtime rate. The Company is having its working hours as prevalent in mercantile firm in respect of clerical employees which are from 9-30 a.m. to 4-30 p.m. on week days and from 9-30 a.m. to 1 p.m. on Saturdays. The working hours are, however, different in respect of the subordinate staff. According to the bipartite agreement the duty hours of the subordinate staff were from 8 a.m. to 5-30 p.m. with half-an-hour recess on weekdays and from 8 a.m. to 2 p.m. on Saturdays for bearers. The working hours for drivers of the Company were from 8 a.m. to 6 p.m. with half-an-hour recess on weekdays and from 8 a.m. to 2-30 p.m. on Saturdays. The working hours of the office employees shall be the same and identical and cannot be any different whether they are clerks, supervisors, bearers, durwans or drivers. The Company has recently and during the pendency of conciliation proceeding changed the time which now stands from 9 a.m. to 4-30 p.m. with half-an-hour recess on weekdays and from 9 a.m. to 1 p.m. on Saturdays by giving increase in wages at the rate of 8 per cent. of wages. This has not, however, been applied to durwans, bearers, sweepers, mates and drivers The Union prays that the Tribunal should pass an award directing the Company to fix the working hours of the subordinate staff at 36 hours a week, i.e., from 9-30 a.m. to 4-30 p.m. with half-an-hour recess on weekdays and from 9-30 a.m. to 1 p.m. on Saturdays, or in the alternative, to give 8 per cent. increase in wages and fix working hours from 9 a.m. to 4-30 p.m. with half-an-hour recess on weekdays and 9 a.m. to 1 p.m. on Saturdays.

The durwans were denied the privilege of weekly holidays for rest although they were legally entitled to the same. However, during the course of conciliation proceedings, the Company allowed the durwans 1½ days' weekly holidays. The Company grants all the gazetted holidays to its employees which are about 21 to 24 days in a year, as the case may be. The durwans are completely denied these holidays and they are given additional seven days' leave in lieu thereof. The durwans are entitled to festival holidays and there should be an award directing the Company to grant all the gazetted holidays to the durwans. All the employees of the Company excepting the durwans had been given holidays in respect of two days, i.e., on 11th and 12th January 1966 on account of the sad demise of the late Shri Lal Bahadur Shastri, Prime Minister of India. The durwans are entitled to these National Holidays, but because they had worked on these days, they are entitled to overtime wages for these days.

As regards Bonus, the submission of the Union is that there should be an award directing the payment of Bonus at the rate of five months' consolidated wages for the year 1964-65.

In its written statement, the Company contends that the issues 1 and 2 are subject-matter of subsisting agreement, dated 31st January 1964 and they are not capable of adjudication. The subordinate staff including bearers, sweepers and malis are not required to work on the holidays save and except the durwans who are members of the Watch & Ward Staff and who are compensated by additional privilege leave, the total quantum of which is 35 days in a year being in excess of which are enjoyed by other members of the staff. The members of the subordinate staff, if and when they are required to do overtime work, are paid overtime allowance according to the West Bengal Shops & Establishments Act. The working hours for the clerical staff are from 9 a.m. to 4-30 p.m. on weekdays and 9 a.m. to 1 p.m. on Saturdays, though the working hours of the bearers, drivers and sweepers are subject-matter of a settlement, dated 31st January 1964, subsequently the said hours were revised to bring the same in conformity with the provisions of the West Bengal Shops & Establishments Act. The question of working hours for durwans is not before this Tribunal. For the purposes of the Government Order, the issue relating to durwans has been segregated from the issue connected with the subordinate staff. The Company denies that the working hours for the subordinate staff should be in accordance with the working hours of office employees, clerks in particular, as the demand overlooks the practical aspect of the functioning of the administrative machinery and jeopardises the existence of the Company itself. The Company submits that during the pendency of conciliation proceedings the then existing working hours were for sufficient considerations reshuffled for a section of the workmen by and under an agreement, dated 31st January 1967. The members of the subordinate staff have not, however, been prejudiced by such action of the Company. The existing working hours of the subordinate staff are strictly within the limits of the statute and that it is an impossible proposition to impose on the Company the financial burden which will suit the convenience of the said members of the staff to the detriment of the Company.

The issues of festival holidays and leave for durwans cannot be adjudicated upon and decided as the same are covered by a settlement, dated 31st January 1964. The durwans preferred to have 7 days' privilege leave in addition to the usual quantum of privilege leave granted to other employees to the exclusion of the holidays granted under the Negotiable Instruments Act inasmuch as it facilitated and prolonged their annual stay at their native place. The Company submits that the durwans are already in enjoyment of 1½ days' weekly holidays and there is no point in making an award granting to the said purported relief. The granting of all Gazetted Holidays to the durwans is an absurd proposition as that will paralyse the administration of the Company in securing safeguard of the Company's properties. The durwans are not also entitled to extra holidays and/or wages in lieu thereof.

The Company submits that it paid bonus for the year 1964-65 at the rate of 20 per cent. of the annual earnings of the employees under the Payment of Bonus Act, and set on a further 20 per cent. to the next succeeding year. The Union is thus not entitled to claim any higher Bonus.

Issue No. 1.

The office of Tractors (India) Ltd. is situated at 1 Taratolla Road. There are two pucca buildings of the Company there. In one building, there are Accounts Section and the offices of the Managing Director, General Manager, Secretary, Accounts Manager, etc. In another building, there are offices of another General Manager, the Sales Manager, Sales Engineers, Clerks, Typists, etc. The Workshop is behind these two buildings.

On 31st January 1964 there was a settlement between the management and the workmen represented by Tractors (India) Ltd. Employees' Association. The said settlement is Ext. A. According to the terms of Ext. A the working hours of the bearers of the Company were from 8 a.m. to 5-30 p.m. with half-an-hour's recess on weekdays and from 8 a.m. to 2 p.m. on Saturdays. The hours of work for the drivers of the Company, according to the terms of the settlement, Ext. A, were from 8 a.m. to 6 p.m. with half-an-hour's recess on weekdays and from 8 a.m. to 2-30 p.m. on Saturdays. By the Letter, Ext. 1, dated 30th October 1965, the Secretary of the Tractors Workmen's Union represented to the management that the drivers and sub-staff of other categories were made to put in more hours of duty than what had been prescribed in the Shops & Establishments Act. The contention of the Union is that the working hours mentioned in Ext. A in respect of the bearers and drivers were being followed even in violation of the provisions of the West Bengal Shops & Establishments Act. It has been argued on behalf of the Company that when the provisions of the West Bengal Shops & Establishments Act, 1963, came into force, the working hours of the subordinate staff were reduced by extending the rest intervals so as to bring the working hours within the limits of the Act. O.P.W. 1, Shri Y. Verma, General Secretary of the Company has stated that after the agreement, Ext. A, West Bengal Shops & Establishments Act came into force the duty hours as mentioned in Ext. A have been changed in accordance with the provisions of the said Act. O.P.W. 1 has further stated that the duty hours of peons, drivers and sweepers are 48 hours in a week which are within the permissible limits of the Act. The contention of the Company is that after the said Act came into force, the working hours for bearers and sweepers became from 8 a.m. to 1-30 p.m. and from 2-35 p.m. to 5-30 p.m. on weekdays and on Saturdays the working hours were from 8 a.m. to 1-30 p.m. and 2 p.m. to 2-30 p.m. The Company further contends that the working hours of the drivers were from 8 a.m. to 1 p.m. and from 2-30 p.m. to 6 p.m. on weekdays and from 8 a.m. to 1 p.m. and from 2 p.m to 2-30 p.m. on Saturdays. P.W. 1 Shri N. K. Ghose, Assistant Secretary of the Union has, however, denied that working hours for bearers, sweepers and drivers were reduced by extending the rest intervals. P.W. 2 Shri Jaladhar Palai is a bearer attached to the Sales Department. His evidence is that the duty hours of the bearers are from 8 a.m. to 5-30 p.m. on weekdays with half-an-hour's recess between 1 p.m. to 1-30 p.m. and from 8 a.m. to 2-30 p.m. on Saturdays. P.W. 2 denies that they get rest intervals from 1-30 p.m. to 2-35 p.m. on weekdays and from 1-30 p.m. to 2 p.m. on Saturdays. The evidence P.W. 2 is that the duty hours of the sweepers are also the same as those of bearers. P.W. 3 Shri Sudam Chandra Palai is a peon. He has stated that they have to work 51 hours weekly. He has also denied that the tiffin hours on weekdays are between 1-30 p.m. 2-35 p.m. He has further denied that the tiffin hours on Saturdays are from 1-30 p.m. to 2 p.m. P.W. 4 Shri Dudnath Prosad is a driver of the Company. His evidence is that their duty hours on weekdays are from 8 a.m. to 6 p.m. with half-an-hour's recess from 1 p.m. to 1-30 p.m. and on Saturdays their duty hours are from 8 a.m. to 2-30 p.m. without any recess.

It has been contended on behalf of the Union that the working hours of the subordinate staff should be the same as those of the clerical staff. P.W. 1 Shri N. K. Ghose, has stated that the working hours of the subordinate staff should be 36 hours a week from 9-30 a.m. to 4-30 p.m. with half-an-hour's recess on weekdays and from 9-30 a.m. to 1 p.m. on Saturdays. P.W . 1 has further stated that if the working hours of the subordinate staff be fixed at 39 hours per week, then they should be given 8 per cent. increase in their wages as compensation for the extra work. The learned representative of the Company contends that the duty hours of the subordinate staff should be different from those of the clerical staff. Moreover, in view of the provisions of the West Bengal Shops & Establishments Act the Company is entitled to fix working hours of the subordinate staff at 48 hours per week and there is no reason to reduce the working hours of the subordinate staff to bring them at par with those of the clerical staff. It appears from the evidence on record that in Parts Department of the Company the duty hours were from 9 a.m to 4-30 p.m. with half-an-hour's recess at 1 p.m. on weekdays and the duty hours were from 9 a.m. to 1 p.m on Saturdays. In the Accounts and Sales Department, the duty hours were from 9-30 a.m. to 4-30 p.m. on weekdays with half-an-hour's break from 1 p.m. to 1-30 p.m. and from 9-30 a.m. to 1-30 p.m. on Saturdays. Exhibit E shows that there was an agreement between the Company and the members of the clerical staff in the Accounts and Sales Department on 31st January 1967. According to this agreement, those employees whose starting time was fixed at 9-30 a.m. would start work half-an-hour earlier, i.e., from 9 a.m. with effect from 1st March 1967 and on Saturdays close at 1 p.m. In view of the new timings, an increase in their salary for half-an-hour's extra work at normal rate was granted and this came to 8 per cent. of the basic salary. The learned representative of the Union has contended that members of the subordinate staff are also entitled to the benefit granted under the agreement, Ext. E. The learned representative of the Company has argued that the agreement was in respect of those employees only whose working hours were enhanced by the agreement, Ext. E and the same is not applicable to the members of the subordinate staff as their working hours were governed by the agreement, Ext. A with the subsequent modification in view of the provisions of the West Bengal Shops & Establishments Act.

After the agreement, Ext. E, the working hours of the clerical staff attached to the office thus were from 9 a.m. to 4-30 p.m. with lunch break between 1 p.m. to 1-30 p.m on Mondays to Fridays, and on Saturdays the working hours were from 9 a.m. to 1 p.m. The working hours of the clerical staff attached to the factory were from 8 a.m. to 4-30 p.m. with lunch break between 12 noon to 12-30 p.m. on Mondays to Fridays. On Saturdays the working hours were from 8 a.m. to 1 p.m. (vide Ext.D). The learned representative of the Company has argued that the working hours of the subordinate staff should be fixed in such a way that they can do their work properly. It has been contended that the bearers and sweepers should begin their work before the arrival of the clerks and they have also to work after the departure of the clerks. As regards the drivers, the learned representative of the Company has argued that the drivers have to bring the officers from their residence and have to take them back to their residence. O.P.W. 1 has stated that the officers and executives of the office establishment generally report for duty between 8-15 a.m. to 8-30 a.m. and they do not generally leave before 5 p.m.

The working hours of the bearers and drivers were governed by Ext. A Bearers had to work for 51 hours in a week and the drivers had to work for 54 hours in a week. The contention of the Union is that these working hours are being followed. The Company has, however, contended that after the introduction of the West Bengal Shops & Establishments Act, the working hours were reduced by extending the rest intervals so as to bring the working hours within the limits of the West Bengal Shops & Establishments Act, 1963. Witnesses examined on behalf of the Union, however, denied this contention of the Company. It has been argued by the learned representative of the Union that according to the West Bengal Shops & Establishments Rules, the Company has to maintain registers of work and intervals and also in respect of overtime. It has been argued that these registers have not, however, been produced and the contention of the Company cannot be given any weight.

I have considered the contentions. The working hours of bearers, drivers and sweepers, etc., cannot be in excess of the limits laid down in the West Bengal Shops and Establishments Act, 1963. The contention of the Union in Ext. 1 was that the drivers and sub-staff of other categories had been asked to put in more hours of duty than what had been prescribed in the Shops and Establishments Act. It has been further stated in Ext. 1 that the Union reasonably can have no objection for any staff being asked to put in more hours of duty within the limit of overtime work prescribed in the Act provided they are paid overtime wages at the rate provided in the Act. In the circumstances, we have to consider the provisions of the West Bengal Shops & Establishments Act while fixing the working hours of the subordinate staff. Having regard to the circumstances of the case and the nature of the work, the members of the subordinate staff are required to perform, I do not think that he contention of the Union that the working hours of the subordinate staff should be the same as those of the clerical staff, can be accepted. According to section 7 of the West Bengal Shops and Establishments Act, 1963, no person employed in an establishment shall be required or permitted to work in such establishment for more than 8 hours and a half in any one day or for more than 48 hours in one week. It has been further stated that no person employed in an establishment shall be required or permitted to work in such establishment for more than 6 hours in any one day unless he has been allowed an interval for rest of at least one hour during that day. The learned representative of the Union has argued that according to the terms of the agreement, Ext. A, interval for rest on weekdays was half-an-hour and the workmen are entitled to this right or privilege in view of section 24 of the West Bengal Shops and Establishments Act, 1963. It has been argued that interval for rest for one hour will affect the workers prejudicially as they will have to remain in office for a longer period

On a consideration on the materials on record, I am of opinion that the working hours of the bearers, drivers, sweepers should be from 8 a.m. to 1 p.m. and from 1-30 p.m. to 5 p.m. on weekdays with rest interval from 1 p.m. to 1-30 p.m. On Saturdays working hours will be from 8 a.m. to 1-30 p.m.

It appears from the evidence of P.W. 1 that there are three shift duties in respect of the durwans. The duty hours are from 8 a.m. to 4 p.m. in one shift and from 4 p.m. to 12 midnight in another shift and from 12 midnight to 8 a.m. in the third shift. Durwans have no recess period. From June or July 1966, the durwans were getting 1½ days' rest in a week. The contention of the Company is that the duty hours of durwans are 44 hours in a week which is within the permissible limit of the West Bengal Shops and Establishments Act. It has been argued on behalf of the Company that the durwans are members of the Watch and Ward staff and they are to guard the properties of the Company throughout the day and night and as such their working hours should be different from those of the subordinate staff attached to the office and workshop. There is much force in the contention of the learned representative of the Company in this respect. The working hours of the durwans are within the limit of the West Bengal Shops and Establishments Act. I do not propose to make any change in respect of the working hours of the durwans.

The working hours of the subordinate staff will be from 8 a.m. to 1 p.m. and from 1-30 p.m. to 5 p.m. on weekdays (i.e. on Mondays to Fridays), the interval for rest being from 1 p.m to 1-30 p.m. On Saturdays working hours will be from 8 a.m. to 1-30 p.m. This issue is thus disposed of.

Issue No. 2.

Weekly holidays have been declared by the Company for the durwans and it was submitted by the learned representatives of both sides that this matter in dispute has been amicably settled The Union did not want to press the matter regarding leave for durwans and it was also stated that this matter has been settled. The only point that remains for adjudication in respect of issue No. 2 is festival holidays for durwans. According to the terms of Ext. A, the settlement, dated 31st January 1964, the durwans were entitled to 35 days annual leave and they were not entitled to any festival holidays or salary in lieu thereof. It appears from the evidence on record that the durwans get 35 days privilege leave in a year. Bearers, sweepers and drivers get 28 days privilege leave in a year. P.W. 1 has stated that they get festival holidays according to the Negotiable Instruments Act and the festival holidays vary between 22 to 24 days in a year. P.W. 1 has further stated that all the employees except durwans get festival holidays. The learned representative of the Union has argued that it is unjust and inequitable that the durwans should be deprived of these festival holidays numbering 22 or 24 days when they get merely 7 days' extra privilege leave in lieu of festival holidays. The learned representative of the Company has argued that even on holidays the durwans have to guard the properties of the Company and as such they cannot be granted festival holidays as the properties will lie unprotected. I have considered the respective contentions of the parties and the materials on record. It is true that the durwans are getting 7 days' extra privilege leave. This 7 days' extra leave cannot give full compensation for the loss of festival holidays numbering 22 to 24 days. The durwans should also get some festival holidays though much less in number than others in view of the facilities in the shape of extra privilege leave Evidence shows that the Company has 11/12 durwans. Durwans are also being granted weekly rest and leave. Hence, if the durwans are granted festival holidays for 7 days in a year, I do not think protection of the Company's properties will be jeopardised. The durwans are not getting all the festival holidays and the Company will have sufficient opportunity to make suitable arrangements. In my opinion durwans are entitled to festival holidays for seven days in a year. This issue be thus disposed of.

Issue No. 3

It has been submitted by the learned representatives of both sides that there is no dispute for extra wages for National Holidays for the subordinate staff except durwans. The Company granted holidays on 11th January 1966 and 12th January 1966 on account of the death of Shri Lal Bahadur Shastri, Prime Minister of India, to all the employees except the durwans. So, the only dispute in respect of this issue is in regard to durwans. The learned representaeive of the Union has argued that these two days were declared National Holidays and the durwans are also entitled to these holidays, but as the durwans actually worked for these two days they are entitled to extra wages. Ext. 21 is the circular which states that commercial establishments who observe all the National Holidays under the Negotiable Instruments Act will treat both the holidays as holidays with pay. In view the circumstances, there is no satisfactory reason why the durwans should be deprived of these holidays with pay (namely 11th January 1966 and 12th January 1966). The durwans are thus entitled to extra wages for duty on National Holidays as stated above This issue is thus disposed of.

Issue No. 4.

It has been submitted by the learned representatives of both sides that this issue has been settled and there is no dispute in respect of the same. There will thus be a no-dispute award in respect of issue No. 4 This issue is thus disposed of.

This is my award. The reference be disposed of.

GOVERNMENT OF WEST BENGAL

DEPARTMENT OF LOCAL SELF-GOVERNMENT

NOTIFICATION

No. 827/M3R-10/71 Pt. I.—30th March 1971.—Whereas the Commissioners of the Bongaon Municipality in the district of 24-Parganas have made the following rules under sub-section (1) of section 69 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and have applied to the State Government for confirmation of the said rules under section 506 of the said Act;

And whereas—

(a) notice of the intention to apply for such confirmation of the said rules has been duly given one month before the making of the application for confirmation as required under clause (i) of sub-section (2) of section 506 of the said Act, and

(b) for one month before the making of the application a copy of the said rules has been kept at the office of the Commissioners of the said municipality and has been open during office hours thereat to the inspection of the inhabitants of the said municipality without fee, as required by clause (ii) of sub-section (2) of section 506 of the said Act;

Now, therefore, the Governor is pleased, in exercise of the power conferred by sub-section (1) of section 69 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), to approve and in exercise of the power conferred by section 506 of the said Act to confirm the following rules, namely:—

RULES FOR THE MANAGEMENT OF PROVIDENT FUNDS MAINTAINED BY THE BONGAON MUNICIPALITY

1. In the following rules:—

(a) Salary shall comprise mothly substantive pay, special pay or any allowance drawn during leave of any kind and includes acting, charge, personal, deputation or duty allowance, if any, but shall not include local or travelling allowance.

(b) "Servant" includes every non-pensionable employee holding a substantive appointment under the Bongaon Municipality but excludes those who are or may in future be treated by Government as non-pensionable if in Government service:

Provided that the persons to whom the existing pension and gratuity rules issued under Government Circular No. 16L.S.-G., dated the 19th March 1903, are applicable, may, in lieu of enjoying the benefits of these rules, elect to come under the Provident Fund Rules at their option. The option once exercised shall be final:

Provided further that all officers in temporary service are, with the consent of the Bongaon Municipality, embodied in a formal resolution at a meeting, eligible to subscribe to the fund, if they have been employed or in the opinion of the Bongaon Municipality, are likely to be employed for at least three years:

Provided also that persons appointed on probation to substantive appointments or appointed to officiate in an office which is vacant, or the permanent incumbent of which does not draw any part of the pay or count service may, if they are confirmed without interruption, be allowed to join the Provident Fund with retrospective effect from the date of their joining the service. The monthly subscriptions to the fund shall not, in such a case, be less than 10 per cent. on the salary of the officer till all arrear subscriptions are paid up:

Provided further that a servant, while on temporary transfer to service, under some other local fund or Government may also subscribe to the Provident Fund.

(c) "Depositor" means a servant on whose behalf a deposit is made under these rules.

(b) "Interest" means the interest which is paid on a deposit at a Government Savings Bank under the rules in force for such institution, and includes that allowed on Government and other securities.

(e) "Due notice of resignation of appointment" means—

(i) in the case of servants drawing Rs. 200 a month and over, three months; and

(ii) in the case of all other servants, one month.

2. **Rate and realization of subscription.**—Every servant shall be required to subscribe at the rate of 6¼ per cent. or 1 anna in the rupee on his salary to a Provident Fund, of which an account will be opened at the Post Office Savings Bank. This deduction shall be made by the Bongaon Municipality upon every salary bill presented, and the net salary only shall be paid to the servant. In making this deduction fractions of a rupee of salary should be omitted. The subscription of a servant, while on temporary transfer to service under some other Local Fund or Government, shall be calculated on his assumed pay [Articles 767 and 768, Civil Service Regulations, Fifth Edition (Reprint)], and it shall be the duty of the servant on transfer to remit the subscription to his original employer for credit to the Provident Fund.

A servant who desires to subscribe during leave must notify his intention beforehand, in order to allow of the deductions from his leave allowance being noted in his leave and pay certificate. He will not be permitted to discontinue subscribing during leave.

A servant who fails to notify his intention to continue to subscribe, when proceeding on leave, can subsequently pay his subscription in cash.

3. **Prohibition of voluntary deposits.**—No voluntary deposits from servants will be credited to the Provident Fund.

4. **Subscription during leave and suspension.**—Subscription on leave of any kind will be optional. They will be calculated on the allowances admissible during leave.

A servant on reinstatement, after a period passed under suspension, may be allowed the option of subscribing for that period. In the case of a servant who exercises the option of subscribing to the Fund during leave without allowances, or on reinstatement after a period passed under suspension without allowances, it is left to the discretion of the Chairman to determine in each case the amount of which subscriptions should be paid, the general principle to be observed being that the subscription should be calculated on half the salary last drawn by the servant before on proceeded on leave without allowances, or was placed under suspension without allowances.

5. **Contribution by the municipality to deposit account of each servant.**—It shall be competent to the Bongaon Municipality to make contribution to the deposit account of each servant equal to, but not exceeding the deduction/one-half on the deduction made from his salary under rule 2. Provided that, if the total of the contributions shown in the bill on which remittance is made to the Savings Bank contains a fraction of a rupee, it shall be increased to the next highest rupee by an addition to the bill of the difference between this fraction and unity. These provisional increases in the contribution will be shown in the abstract of balance until adjusted at the close of the year (see rules 20 and 21 below), but they will not appear in the depositor's ledger accounts.

No contribution shall be made by the Bongaon Municipality on the subscription paid by the depositor for any period during which he had been on suspension as a penalty for misconduct for other offences.

It will be optional with Bongaon Municipality to contribute for an employee while on temporary transfer to service under some other Local Fund or Government.

5A. **Additional contribution.**—(1) When any servant retires or dies who has subscribed to the Provident Fund and has, for not less than 15 years, rendered continuous good service, the district board/commissionser may grant to him or to his estate from the district/municipal fund as additional contribution which should, if the finances of the board/commissioners permit, be calculated at the rate of half a month's pay for each complete year of service rendered by him, subject to a maximum of 15 month's pay:

Provided that the district/commissioners at a meeting shall be competent to pay the additional contribution with the sanction of Government if the period of service of an employee falls short of 15 years by not more than one year.

(2) If such servant has died before retirement or after retirement but before receiving the contribution, the contribution shall be paid in the manner laid down in rule 14.

(3) For the purpose of this rule—

(a) "Retirement" means retirement—

(i) on attaining the age of 55,

(ii) at a later age, if an extension of service has been duly sanctioned, and

(iii) at an earlier age, on account of physical unfitness, illness, abolition of an appointment or any other reason considered adequate by the board/commissioners, provided that if the retirement be voluntary retirement or resignation, it must be with the consent and approval of the authority empowered to appoint the servant.

(b) "Continuous service" includes any authorised leave of absence whether with or without allowances and any overstayal of leave that was condoned at the time by the board commissioners.

(c) "Pay" means substantive pay (i.e., the pay other than special pay, personal pay or other emoluments classed as pay), to which an employee is entitled on account of a post to which has been appointed substantively, or by reason of his substantive position in a cadre.

(d) When the complete years of service rendered are being calculated, periods spent on leave other than privilege leave or leave on full average pay shall be excluded.

(4) An additional contribution cannot be claimed by any subscriber to the Provident Fund as a matter of right. It should be granted at the discretion of the Board/commissioners only to those subscribers whom they consider deserving.

6. **Investment.**—The deductions under rule 2 and the contributions under rule 5 shall be paid to the Post Master for credit to the account of the Provident Fund in the Savings Bank. The payment of the deduction shall be debited in the accounts to the same head as the salary and the contributions shall be charged to the service head "Miscellaneous" sub-head "Provident Fund Contribution." The remittances to the Savings Bank should whenever possible be made between the 1st and 4th of each month in order that interest may accrue for the month of deposit.

7. (1) Deposits on account of the Provident Fund of the Local Fund employees may be made under rule 44(c) of the Savings Bank Rules (see Indian Postal Guide, April, 1917); the usual limitations of the total amount at credit of each account do not apply to such deposits [rule 44(g)]. When the investment of any portion of the amount of the balance at credit of the account is found desirable, the amount shall, on application by the Chairman, be withdrawn, and the investment shall be made either through the Postal authorities or through other agencies, as may be deemed convenient by the Chairman, in Government loans, Municipal Debentures or Pro Port Trust Bonds of Calcutta, Bombay or Madras or in the fixed deposit in the State Bank of India or in a Co-operative Bank specially approved for the purpose of the Registrar of Co-operative Societies, provided that in case of investment in a Co-operative Bank at least three-fourths of the subscribers are in favour of such investment.

(2) The interest will be drawn by the Post Office in the case of investment through postal authorities, or by the Chairman in case of investment through other agencies, and credited in the Savings Bank Account.

(3) The actual cost of purchases of such securities or the amount of such fixed deposits shall be added to the balance in the Savings Bank to obtain the total balance of the Provident Fund ledger. When any such securities are sold or any loss of such fixed deposits is caused by the failure of the Bank in which such deposits are made, the net gain or loss shall be added to or deducted from the net excess interest calculated for that year [see rule 21(1)]before apportioning such interest among the depositors as set forth in that rule.

8. **Advances for special purposes.**—(1) No final withdrawal will be allowed until the depositor quits the service or dies, but when the pecuniary circumstances of a depositor are such that the indulgence is absolutely necessary, a temporary advance may be allowed from the sum at his credit with the sanction of the Chairman of the Bongaon Municipality when the depositor draws a salary below Rs. 50 and that of the commissioners of the municipality at a meeting when his salary Rs. 50 or over. Such an advance shall not exceed the amount subscribed by the depositor, except in special cases, e.g., when the necessity for the advance is great and the sum subscribed by him is insufficient for the expenses to be incurred.

(2) The following are examples of occasions on which the grant of advances may be considered, provided the circumstances are exceptional:—

(a) to pay expenses incurred in connection with illness of a depositor or any of his dependant;

(b) to pay for the passage of any dependant of a depositor coming from beyond the sea to join him, or requiring to make a journey beyond the sea for some urgent cause, and

(c) to pay expenses in connection with marriages, funerals or ceremonies which by the religion of the depositor it is incumbent upon him to perform, and in connection with which it is obligatory, that expenditure should be incurred.

Note.—Advances, though not confined rigidly to the objects laid down in clauses (a) to (c) above, should be made with due regard to the principle expressed in clause (1) of this rule as illustrated by the foregoing examples. The order sanctioning the advance should state the specific purpose for which the advance is granted.

(3) Advances will be recovered at the discretion of the authority sanctioning them, in not less than 12 instalments or more than 24. A depositor may, however, at his option make repayment in less than 12 instalments or may repay two or more instalments at the same time. Recoveries will commence from the first payment of the full months' salary after the advance is granted or (in the case of advances to an officer going on leave) after the officer's return from leave. The instalments will be paid by compulsory deduction from salary, and will be in addition to the usual subscription:

Provided that if in the opinion of the Chairman of the Bongaon Municipality, the recovery of an ordinary advance in 24 instalments is likely to cause excessive hardship recovery may be made in not more than 36 instalments with the sanction of the District Magistrate.

(4) When an advance is paid to a depositor in excess of the amount shown against him in column 9 of the Provident Fund ledger (a portion of his sum having been invested in a postal cash certificate), a minus balance should be shown in red ink in column 9 till it is wiped off by subsequent payment of subscription, contribution, etc.; and similarly a minus entry in red should be made in column 12 of the ledger for interest at 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank on the debit balance in column 9. If, however the advance is to be paid by the sale of a portion of the investment either in Government promissory notes, war bonds or postal cash certificates, etc., the loss, if any, by this sale should be recovered from the depositor taking the advance.

(5) When an advance is repayable as regards principle is not more than 12 instalments, an additional instalment representing interest and equivalent to 3 per cent. of the total amount of the advance should be paid in the month following that in which the last instalment is paid. Similarly two additional instalments representing interest each equivalent to 3 per cent. of the total amount of the advance should be paid when the advance is repayable in more than 12 instalments. In either case, the instalment of interest, when realised, should be credited to the account of the depositor himself.

8A. In the following cases a depositor may be permitted to withdraw the deposits up to 90 per cent. of his own subscription with interest at his credit before the actual date of his retirement on the conditions laid down against each:—

(1) A subscriber proceeding on leave preparatory to retirement at any time between the date of his proceeding on leave and the date of retirement, subject, however, to the condition that he will be required, should return to duty at the end of his leave, to repay to the bond in or more instalments the whole amount withdrawn by him with interest thereon, unless his active service actually terminates within six months.

(2) A subscriber who produces a medical certificate of incapacity for further service, at any time between the date of his producing such certificate and the date of retirement.

In both the cases referred to above the previous sanction of the Commissioners at a meeting should be obtained and no refund shall be made until the Chairman after due enquiry certifies that no dues are outstanding against the depositor.

9. **Withdrawals on retirement.**—(1) When a depositor in permanent employ ceases to be a servant of the Bongaon Municipality by resignation, retirement, reduction of establishment, or by permanent transfer to service under some other local fund or to Government service, the Commissioners of the municiptlity at a meeting shall cause the amount standing to his credit (i.e., the deposits and contributions with interest thereon) to be withdrawn and subject to rule 17, to be handed over to him, unless the Bongaon Municipality has received notice of an assignment made before 18th February 1928, affecting the disposal of the amount or any portion of it. Should such notice have been received, the Bongaon Municipality will hand over to the depositor only that portion of the amount which is not affected by the assignment or by the operation of rule 17 and will dispose of the balance after taking the opinion of the Legal Remembrancer through the District Officer:

Provided that in the event of a depositor being directly appointed by the Local Government as Assistant Director of Public Health or Director of Public Health Laboratory, the amount standing to his credit in the Provident Fund maintained by the Municipal Commissioners may, if he so desires, be transferred to his credit in the Contributory Provident Fund maintained by the Local Government.

(2) A depositor holding a temporary appointment may, subject to the same conditions, either withdraw the amount on the termination of his appointment or leave it in the Fund to be withdrawn at the time he finally quits the service.

(3) If in the opinion of the Chairman of the Bongaon Municipality the withdrawal of interest from the Savings Bank would unduly trench upon the deposits at credit of the other depositors, the interest shall not be paid at once from the Provident Fund, but he temporarily advanced from the funds of the Bongaon Municipality. The advance shall be ajusted when the difference between the total of the ledger balances and the balance of the Provident Fund in the Pass Book may be withdrawn from the Savings Bank under rule 21.

(4) In the case of final withdrawal of the entire balance standing to the credit of a depositor on retirement or otherwise, the fraction of a rupee, if any, may be advanced temporarily from the funds of the Bongaon Municipality. The advance shall be adjusted when the difference between the total of the ledger balance and the balance of the provident fund in the pass book may be withdrawn from the Savings Bank under rule 21.

10. **Disposal on depositor's death.**—Each depositor will, as soon after he joins the Funds as possible, be called upon by the Chairman of the Bongaon Municipality to furnish a "Form of Declaration", showing how he wishes the amount of his accumulations to be disposed of on his death. A specimen of this form will be found at the end of these rules.

11. An adopted child shall be considered to be a child for the purpose of these rules when, under the personal law of the depositor, adoption is legally recognised as conferring the status of a natural child, but in this case only. If doubts arise in an individual case, the Bongaon Municipality will take the opinion of the Legal Remembrancer through the District Officer and his opinion shall be final for the purposes of these rules. A declaration in favour of an adopted child is made at the depositor's risk and can be challenged at any time.

12. A depositor may in his declaration provide for the distribution of a portion only of the amount. Thus the form of declaration may mention a specific sum or a specific proportion of the total amount. The disposal of the balance will be governed by rule 14.

Any form of declaration submitted by a depositor is revocable at any time and from time to time. A fresh declaration shall, subject to rule 13, be operative only on being received by the Chairman of the Bongaon Municipality. On a depositor's marriage, or re-marriage, any declaration already submitted by him will forthwith become null and void and, unless a revised Form of Declaration is received, the amount of his accumulation will be dealt with under rule 14.

If minors are nominated in a Form of Declaration, the person or persons to whom sums intended for their benefit are to be paid, should be stated in the Form of Declaration.

13. In the event of the depositor having a dependant, he is not permitted in his Form of Declaration to leave the amount of his accumulations or any part of it to any one who is not his dependant. Where a Form of Declaration purports to leave money otherwise than to a depositor's dependant, the Chairman of the municipality shall call upon the depositor to state whether he has a dependant, and if it is found that he has one, the Form of Declaration shall not be accepted. A depositor who has dependants has absolute discretion regarding the distribution of the amount at his credit at the time of his death among those dependants. He may exclude any one or more of them in favour of another or others of them and the manner in which the distribution is to be made among them is also within his absolute discretion.

14. The disposal of the balances at credit of deceased depositors is regulated by section 4(1) of the Provident Funds Act, 1925.

15. (Cancelled by circular Nos. 700—704L.S.G., dated the 13th February, 1931).

16. The Bongaon Municipality will not be bound by or recognise, any assignment or encumbrance executed or attempted to be created which effects the disposal of the accumulations of a depositor who dies before retirement.

17. **Withdrawal of contribution and deduction from deposit.**—If a servant is dismissed, or removed, or called upon to resign on account of misconduct, or inefficiency or resigns without due notice, or is made liable for any losses, damages, costs and expenses which the Bongaon Municipality may at any time pay, sustain or be put to by reason of any act of embazzlement or default of or by such servant, the Bongaon Municipality may, with the sanction of the Commissioner of the Division, withhold all or any part of the contribution allotted to him with the interest accrued thereon, any pay to the servant only the balance to his credit without such contribution and the interest thereon. If a servant is permitted to resign under any other circumstances than those mentioned in the last sentence before he has rendered five years' complete service, the Bongaon Municipality may, with the sanction of the Commissioner of the Division, withhold a portion of the contribution allotted to him with interest bearing the same ratio to the whole amount so contributed with interest thereon, as the number of years required to complete a service of five years bears to five years.

18. (Cancelled by Circular Nos. 700-704L.S.-G., dated the 13th February 1931).

19. Any contribution and interest thereon withheld from a servant shall be credited to the Bongaon Municipal Fund.

20. **Provident Fund Ledger and Abstract of Balance.**—A Provident Fund Ledger in the following form having a separate page for each depositor's account will be maintained in the municipal office:—

(1) Calculation of the interest due on each account shall be made at the rate of 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank per annum for each calendar month on the lowest balance at credit of an account between the closing of the fourth day and the end of the month. The yearly interest thus calculated on each account shall be entered in column 16 of the abstract of balances prescribed in rule 20. As soon, after the 30th April, as the interest for the previous year is added by the Post Office to the principal of the Fund and the interest on investment through other agencies is drawn by the Chairman and credited in the Savings Bank Account [see rule 7(2)], the difference between the total yearly interest calculated at the aforesaid rate of 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank and entered in the depositor's accounts as shown in column 16 of the said abstract of balances, and the total interest actually received for the year shall together with the gain or loss by the sale of Government securities if any during the year [see rule 7(3)] be shared by those depositors whose credits in the Provident Fund exceed Rs. 100 in proportion to their balances on the 31st March: Provided

that, for the purpose of calculating and crediting to each depositor's account his share of the gain or loss on account of interest, the total balance at the depositor's credit shall be taken as the nearest hundred. The interest thus calculated shall be added to the principal in column 9 of the depositor's ledger account (see form in rule 20).

(2) In the case of the Post Office Five-Year Cash Certificates, the total amount received from the Post Office shall be apportioned to each depositor, when the cash certificate matures or is cashed, in the proportion fixed at the time of purchase.

(3) If any payment has to be made during the year on a depositor's account the interest calculated monthly at 2½ per cent. or at such rate as may be allowed at the time by the Post Office Savings Bank on that account shall be added to the principal in column 9 (see form in rule 20) and for his proportionate share in the Post Office Cash Certificates, the amount due as calculated from the figures given at the back of the cash certificate shall be added.

(4) The provisional increase to contributions under rule 5 of the temporary advance under sub-rule (4) of the rule 9 shall be credited to the municipality as a miscellaneous receipt. If however, the total of the provisional increase and temporary advance is, or contains, a fraction of a rupee, this fraction of a rupee shall be left in the Savings Bank for adjustment at the close of the following year. When the balance have been thus compared and adjusted, the ledger account of the next year shall be opened.

22. A copy of this ledger account signed by the Vice-Chairman shall be given to each subscriber after the annual comparison and adjustment of balances. Subscribers must satisfy themselves as to the correctness of these accounts, and unless errors in them are brought to the notice of the Vice-Chairman within one month from the date of their receipt, no claim based on such error will be subsequently recognised.

23. **Dead accounts.**—On a depositor leaving the service his account shall be closed and unless the amount at his credit be withdrawn within a certain period, viz.—

for balance of Rs. 10 and under, one year, and

for balance over Rs. 10, three years,

it shall be written off as a dead account, and repaid only under the orders of the Commissioners of the Division. The fact that the account has been closed will not operate as a bar to the interest being credited to the depositor's account, i.e., the interest accruing until the amount of deposit is withdrawn for payment to the depositor or his heir, or, under rule 24 will be added to the deposit.

24. When accounts become 'Dead' they must be removed from the Provident Ledger and be credited in the cash book as a miscellaneous receipt the money being drawn out of the Savings Bank. On an amount being thus written off, it should be entered in a 'Dead Account' register, in which subsequent repayments shall be noted in order to avoid double payment.

25. **Procedure.**—The Chairman of the Bongaon Municipality will endeavour to secure from all depositors on their first joining the Fund the submission of the Form of Declaration prescribed in rule 10. If a depositor desires to revise his declaration he should apply to the Chairman of the Bongaon Municipality for the necessary form. All such declarations still in force shall be carefully recorded in the personal custody of a responsible officer.

(b) twenty-five units of energy, during the period commencing with the 16th November, 1967.

Explanation.—(1) For the purposes of exemption (6) in the premises referred to in article (2) of the First Schedule every 10 watts shall be deemed to consume one and a half units in a month.

(2) For the purposes of exemption (7), whether more than fifteen units or, as the case may be, twenty-five units, of energy have been used in any one month in any shop or tenement for which there is no meter or sub-meter shall be determined by dividing the total number of units supplied during that month to such shops or tenements in the building by the number of such shops or tenements therein.

V. V. GIRI,
President.

N. D. P. NAMBOODIRIPAD,
Joint Secy. to the Govt. of India.

Reasons for the enactment

Government of West Bengal have been levying and collecting duty on the consumption of electricity generated by the Damodar Valley Corporation, which is an inter-State river valley authority, in accordance with the rules framed under the Bengal Electricity Duty Act, 1935. Under article 288(2) of the Constitution, a State law imposing tax on electricity generated, consumed, distributed or sold by an inter-State river valley authority requires previous assent of the President which was not taken by the State Government. In order to rectify this defect, enable the State Government to levy and collect the duty on the consumption of electricity generated by an inter-State river valley authority and validate the collections made in the past, the present measure is being enacted as a President's Act.

2. In view of the urgency of the matter, it does not appear practicable to consult the Consultative Committee on West Bengal Legislation. The measure is accordingly being enacted without reference to the Consultative Committee.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL. WEST BENGAL

Present :
Shri ARUN KUMAR COARI, Judge,
Second Industrial Tribunal.

This dispute between Shri Bishwanath Mallick and his workman has been referred to this Tribunal by the Labour Department by order No. 8473-I.R./IR/11L-531/70, dated 31st December 1970 and the Tribunal has been invited to decide the following issue :

Issue

Whether suspension of Shri Raj Kokil is justified ? To what relief, if any, is he entitled ?

Notices were issued to the parties fixing 8th February 1971 for appearance. Parties did not file any written statement but filed a joint petition settling the dispute signed by the Union representing the workman and the employer. The terms of the settlement are fair and I see no reason to interfere with it. Therefore I give a 'no dispute' award in this case.

Notices were served upon the parties. The Union entered appearance on 13th May 1970 and prayed for time for filing written statement. The prayer was allowed and 8th June 1970, was fixed for filing written statement by the Union. The Union, however, did not put in any written statement. Several dates were thereafter fixed for hearing of the case but both Union and the Company were absent. In the circumstances it appeared to me that the parties might have settled the dispute amicably out of Court and that at present there is no dispute pending between the parties. I accordingly pass a "No-dispute" award in this case.

AWARD

The Government of West Bengal, Labour Department, by order No. 1850 I.R./IR/7L-8/68, dated 30th March 1968, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the abovementioned dispute to this Court for its adjudication, in respect of the following issue :

Issue

Is the dismissal of Shri Manju Prosad Mukherjee justified? To what relief, if any, is he entitled ?

Pursuant to the notices, the parties appeared, filed their written statement and the case was fixed on 18th October 1968, for hearing. The case was not, however, heard on that day and the case was adjourned to several dates on representation of the parties The case was heard in part on 12th November 1969 and some documents were also marked Exts. on behalf of both the sides. On that day, both the parties, however, submitted that they were trying for coming to a settlement in this case and 15th January 1970, accordingly, was fixed for hearing failing compromise. On 15th January 1970, and on 13th February 1970, both the parties prayed for time for effecting compromise. The case was fixed on 8th April 1970, for the purpose at the instance of both the sides. On 8th April 1970, neither of the parties was found available and even up to this day, from then, they kept themselves absent from appearing before the Court. In the circumstances, it is presumed that there is no dispute outstanding between the parties at the present moment. Hence, a "No dispute" award is passed in this case. This disposes of the instant reference.

AWARD

The reference is under section 10 of the Industrial Disputes Act, 1947, by the Government of West Bengal, under its Labour Department. order No. 8492-I.R./IR/10L-133/68, dated the 29th November 1968 and it relates to an industrial dispute between (i) Messrs. Victory Iron Works (P) Ltd. and (ii) Shri Nirapada Das both of P-26 Benares Road, Salkia, Howrah, on the one hand and their workmen represented by Iron & Steel Workingmen's Union, 69 Kaibartapara Lane, Salkia, Howrah, on the other. The issues involved in the dispute are as under :

Issues

(1) Whether the workmen working in the Bucket Section are employed directly by the Company or through the Contractor Shri Nirapada Das as contended by the management? If they are employed through the Contractor, is employment of such contract labour justified? What relief, if any, are they entitled to?

(2) Whether the termination of services of the workmen named in the attached list is justified? What relief, if any, are they entitled to?

(3) Whether the lay-off of all the workmen employed in the Bucket Section with effect from 8th July 1968 is justified? What relief, if any, are the workmen concerned entitled to?

List of the workmen

(1) Shri Nemai Charan Malik.
(2) Shri Mohan Das.
(3) Shri Niranjan Karmakar.
(4) Shri Patit Pahab Dolui.
(5) Shri Nemai Charan Patra.
(6) Shri Abhinarayan Adhikari.
(7) Shri Balaram Sarkar.

Pursuant to the usual notices served upon the parties Messrs. Victory Iron Works (P) Ltd (hereinafter be mentioned as the Company), and the Union representing the workmen, entered their appearance and filed their respective written statements. Shri Nirapada Das did not turn up and file any written statement. After several adjournments evidence was adduced oral and documentary by the Union and the Company. After the conclusion of the evidence adjournment was taken twice by the Company for argument. 12th February 1971 was thus fixed the date of argument. On that day the learned Advocate for the Company appeared and submitted that he could not prepare himself for argument as he could not contact his client. His submission was rejected and the argument for the Union was heard. No further step was taken by the Company.

Preliminary objection has been raised by the Company that the dispute referred for adjudication is not an industrial dispute, firstly because the Union which sponsored the dispute before the Labour Commissioner and got it referred to this Tribunal for adjudication, is an omnibus type of organisation as it was not formed by the workmen of the Company and as such, it is stranger Union so far as the employees of the Company are concerned. And secondly because, the workmen were not employed by the Company, but were employed by Shri Nirapada Das to whom contract was given on the basis of an agreement entered into with him for manufacture of buckets in the Bucket Section of the Company out of black iron sheets to be supplied by the Company on the condition that after delivery of finished goods he would obtain his payment on production of bills and he would employ his own workmen for his work and that the workmen being the employees of the Contractor, they are not the workmen of the Company as defined in section 2(s) of the Industrial Disputes Act.

The Company is admittedly an industrial establishment. It has in its hold two sections, Moulding Section and Bucket Section. The two sections stand side by side intervening by a municipal drain. There remains a Union in the name of Victory Iron Mazdoor Union. The case of the Company as appears from the evidence of O.P.W. 1 Shri Lakshmi Prasad is that this Victory Iron Mazdoor Union existing from before 1968 is the Union of the factory of the Company. In this connection the Company produced Memorandum of Settlement, Ext. L, that was reached between the Company and its workmen represented by the Victory Iron Mazdoor Union in respect of the dispute that arose over the demand for bonus for the year 1966-1967. The evidence on the side of the workmen represented by the Iron & Steel Industrial Workingmen's Union is that Victory Iron Mazdoor Union is the Union of the employees of the Moulding Section and that Iron & Steel Workingmen's Union is their Union as they became members of this Union in 1967 on the basis of their letter, Ext. 10, addressed to the Secretary of the Union. It appears that on the basis of their becoming members of the Union, the Union laid grievances of these workmen before the Assistant Labour Commissioner on 12th March 1968, Ext. 2, relating to overtime wages, lay-off compensation, introduction of Provident Fund and E.S.I. Scheme for conciliation. In view of such evidence produced by the Union, it can hardly be said that the Union is a stranger Union and not the Union of the employees whose grievances it sponsored before the Labour Commissioner. So the first ground of the Company fails.

The workmen involved in the dispute are the workmen of the Bucket Section of the Company. The Bucket Section of the Company, stands as it appears from the written statement of the Company, at P-29/1 Beneras Road, Howrah. The Factory Licence, Ext. H, for the section shows that the section is in existence at least from August 1966. Exhibit 10 referred to above, bears out that the workmen of the section became the members of the Union concerned on 3rd September 1967. Exhibit 2, dated 12th March 1968, is the representation made by the Union concerned to the Assistant Labour Commissioner in respect of the grievances of the workmen for overtime wages, lay-off compensation, introduction of Provident Fund and E.S.I. Scheme, etc., for conciliation with the Company. The evidence of O.P.W. 1, Shri Lakshmi Prosad, who deposed for the Company is that on the basis of a contract entered into by the Company with Shri Nirapada Das, the latter was the Contractor of the Bucket Section and that all the workmen concerned of the section, were employed by Shri Nirapada Das for his contract work. He thus states that the workmen concerned were not the workmen of the Company. The agreement on the basis of which the contract was allegedly given to Shri Das is Ext. F, which is dated 5th May 1968. The workmen concerned were employed in the section long before the agreement and there is nothing for the Company to show that after this agreement, Ext. F, any new contract of service was brought into existence between these workmen and Shri Das. Exhibit 3 is a letter, dated 11th April 1968, written out on the letter-head of the Company under the signature of Shri Nirapada Das without any designation to the Assistant Labour Commissioner against the grievances of the workmen of the Bucket Section represented by the Union concerned earlier. The contents of this letter clearly exhibit that this is a letter of the Company sent under the signature of Shri Nirapada Das for the Company and that this fact will appear further from the letter of the Company addressed to the Assistant Labour Commissioner on 8th June 1968, Ext. 8. It transpires from the evidence of O.P.W. 1 that this Nirapada Das used to hold a card under the E.S.I. Scheme. The E.S.I. Scheme is applicable to the employees only. There remains thus no room for doubt to hold that Shri Nirapada Das was an employee of the Company as he had master and servant relationship with the Company and that the agreement, Ext. F, was created with a motive to negative the grievances of the workmen. The workmen concerned were the workmen of the Company and not of Nirapada Das as alleged by the Company and as such, the preliminary objection raised by the Company against no ground to stand and thus fails.

Issue No. 1

On scrutiny of the evidence discussed above, it has been found that the workmen working in the Bucket Section of the Company were employed directly by the Company and not through Nirapada Das as contractor as alleged by the Company. In view of this findings, the second part of the issue hardly needs a decision.

Issue No. 2

Seven workmen named in the list attached to the reference were retrenched from service on 13th April 1968 as appears from the notice of retrenchment in Form P submitted to the Labour Department on 10th April 1968, Ext. B. Exhibit I is the notice of retrenchment that was admittedly served upon each of the 7 workmen retrenched. All these are under the signature of Shri Nirapada Das. The evidence on the side of the workmen is that Shri Nirapada Das being the supervisory mistry of the Company used to look after and supervise their works. Shri Nirapada Das, as already said, was an employee of the Company and not an independent Contractor as contended by the Company. Exhibit A and Exts. E to E/5 are the stamped receipts passed out by these 7 workmen retrenched acknowledging payment in full and final settlement of their claims. All these receipts are dated 18th May 1968. As these alleged payments were made subsequent to the retrenchment and not prior to or at the time of retrenchment, argument has been advanced by the learned Advocate for the Union that their retrenchment is bad in law as the payment being a condition precedent to the retrenchment, has not been strictly complied with. In this connection, I have been referred to section 25F of the Industrial Disputes Act, 1947. Retrenchment, as the section stands, is not valid unless all the three pre-requisits, i.e., payment of the notice pay, retrenchment compensation, service of one month's notice in writing indicating the reasons for retrenchment and service of the printed notice to the Government are complied with. In the notice, Ext. 1, served upon the workmen retrenched, each of them was specifically requested to collect their legal dues under the provision of section 25F, Industrial Disputes Act and other dues, if any, before the date of retrenchment. But the retrenched workmen did not present themselves to receive their dues either before or on the date of the retrenchment. They received their dues, as it appears from the receipts, Exts. A and E to E/5, subsequently. By the notices served, an unconditional offer was made to the retrenched workmen for payment. The question is whether this unconditional offer for payment preceding retrenchment, can be said to be equivalent to payment. It is difficult to make a workman accept the payment if he will not himself do that. So in the circumstances, unconditional offer for payment preceding retrenchment shall be regarded as equivalent to payment. So all the three pre-requisits of the section have been fully complied with.

The next question that can arise is whether these receipts acknowledging payment in full and final settlement of their claims, will stand as a bar to their challenging the validity of the retrenchment. The evidence on the side of the Union is that these receipts were obtained by the Company from these retrenched workmen under coersion and that no payment over them was made by the Company. Whether full payment was made for these receipts is a question not to be decided by the Tribunal in this reference. An unconditional offer for payment made in the retrenchment notice is equivalent to payment and as such whether any payment was made to the retrenched workmen subsequently or not, cannot be decided in this proceeding. It appears that immediately after the receipt of retrenchment notices, vide Ext. 4, dated 15th April 1968, the Union representing the workmen raised protest to the Labour Commissioner against the retrenchment. Hence the acceptance of the retrenchment compensation, etc., is not a bar to their challenging the validity of the retrenchment.

Paucity of work and want of raw materials are said by the Company to be the grounds that led them to retrench these 7 workmen. In the notice of retrenchment served on the workmen retrenched and sent to the Government in the prescribed form, these were stated to be the grounds for retrenchment. This retrenchment was made after the Union laid before the Labour Commissioner the grievances of these workmen relating to overtime wages, introduction of Provident Fund and E.S.I. Scheme, etc., on 12th March 1968, Ext. 2. The case of the Union is that the grounds so shown are flimsy and false and that the workmen were retrenched for victimisation. The management is the sole judge to decide the strength of its labour force to carry out efficiently the work involved in its undertaking. Occasion may arise when the number of the employees may exceed the reasonable and legitimate needs of the undertaking. If in such circumstances, some employees are found surplus, the management has got every right to retrench them. Retrenchment shall always be a cogent and reasonable ground because it is not open to the management to retrench its employees capriciously or without any reason.

Buckets were made of black iron sheet. It is admitted that black iron sheet was a controlled commodity at the time. It is further admitted that before the retrenchment full works were not provided to the workmen in the Bucket Section and that the workmen lay idle 2 or 3 days a week. The case of the Company is that non-supply and short supply of black iron sheet caused shortage in the stock, as a result less work was provided to the workmen and that the situation reached such a point that they had no alternative but to retrench the 7 workmen named in the list. The case of the Union, on the other hand, is that these were nothing but acts of victimisation on the part of the Company as the workmen became the members of the Union and submitted their grievances against the Company to the Labour Department through the Union and did not yield to the threats held out by the Company. Act of victimisation cannot be assumed or inferred from the fact that the retrenchment took place after the Union sponsored the grievances to the Labour Department' by the letter Ext. 2. Exhibit J, dated 15th May 1966, is a letter by Messrs. The Indian Iron & Steel Company Limited to the Company informing their inability to supply black sheet cuttings as required by the Company. It throws much light on the point and supports the contention of the Company that paucity of work and want of raw materials were the sole cause for retrenchment. Even after, the commodity was decontrolled. Frantic efforts were made by the Company to get supply of the raw materials from different sources but without success. Exhibits I to I/5 and J/1 to J/4 stand as a clear proof. In the circumstances, I am of the opinion that the retrenchment of the 7 workmen named in the list was justified and that barring compensation as provided under section 25F of the Industrial Disputes Act, they are not entitled to no other relief.

Issue No. 3

There is no dispute that there was lay-off of the workmen in the Bucket Section from 8th July 1968 to 10th September 1968. The lay-off was due to want of raw materials as contended by the Company. The letters marked Exts. I/1 to I/5 and J/1 to J/4 lend support to this contention of the Company. The workmen are thus entitled to laid-off compensation as provided under section 25C of the Industrial Disputes Act. In the Bucket Section the number of workmen employed at the relevant time was less than 50. The contention of the Company is that the workmen laid-off in the section, were not entitled to relief provided in section 25C as section 25A of the Act is a bar. The Company has under it 2 sections—Moulding Section and Bucket Section. In both the sections more than 50 workmen worked. The case of the Company is that the 2 sections are separate and independent, but no evidence was adduced in support of it. The 2 sections stand side by side invervening by a municipal drain. In the Bucket Section, buckets were manufactured out of the raw materials supplied by the Company from its other section. Both the sections were under one management as transpires from the evidence from the side of the Union. The 2 sections are thus not independent and separate but are integral parts of one establishment.

In the result I do hold that the lay-off is justified and that the workmen concerned are entitled to compensation for lay-off under section 25C of the Industrial Disputes Act.

This is my award.

AWARD

This is a reference for adjudication of an industrial dispute between Messrs. Hindusthan Pilkington Glass Works Ltd. of G. T. Road, P. O. Assansol, district Burdwan and their workmen Sarbasri Dilip Dey and 30 others. The reference has been made by the Government of West Bengal, Labour Department, under its order No. 4876-I.R./IR/11L-210/69, dated 19th June 1970, for adjudication of the following issue:

Issue

Whether the dismissal of the workmen mentioned in the attached list is justified? What relief, if any, are they entitled to?

On receipt of the reference this Tribunal issued notices to both sides directing them to appear on 21st July 1970. Notices were served on the employer factory and the workmen namely, Sarbasri Dilip Dey, Umakanta Chaudhury and 29 others, C/o Shri Umakanta Chaudhury, Ushagram Durgamandir, Asansol. The Company entered appearance and Advocate appearing for the workmen filed a petition for time for filing written statement by the workmen. 10th August 1970 was the date fixed for filing of the written statement by the workmen. On that date no steps were taken by the workmen. They were given time till 27th August 1970 for filing of written statement. On that date too the parties were absenting and the workmen did not take any steps. This Tribunal again extended the date to 17th September 1970 for filing of the written statement by the workmen. On that date the parties did not appear. The workmen did not take any steps. 22nd October 1970 was fixed for filing of written statement by the Company. On 23rd October 1970 none of the parties appeared but still this Tribunal in its wisdom issued notices on 29 workmen excluding Dilip Dey and Umakanta Chaudhury for their appearance on 10th

November 1970. Though this issue of further notices was not necessary still by way of abundant caution notices were issued for giving the workmen another opportunity to appear before the Court. On 10th November 1970 the employer did not appear. Notices were duly served on 24 workmen out of the abovementioned 29 workmen. Two of the workmen refused to receive the notices. The notices issued to them should be deemed to have been duly served on them as refusal was tantamount to service on them in the eye of law. The notices issued to the three others were returned undelivered and so the presumption will be that the notices were also duly served on them. One Advocate appeared and filed a petition on behalf of the workmen praying for time to file written statement. 4th December 1970 was fixed for filing of the written statement by the workmen On 4th December 1970 the workmen did not appear. The employer also did not appear No steps were also taken by any of the parties. 2nd February 1971 was fixed as the date for filing of the written statement by the workmen. On 2nd February 1971 the parties again absented themselves. The workmen did not also take any steps The employer did not also take any steps. 16th February 1971 was the date fixed for orders. On this date the Court found that the parties seem to have amicably settled their dispute out of Court and so 17th February 1971 was fixed as the date for hearing of the case or for passing a "no-dispute" award if the parties do not appear

Even today the parties are absent and no steps have been taken by any one of them In the circumstances appearing in this case it seems to me that the parties have amicably settled the dispute out of Court and that is why they are not keen to proceed with the reference. If they were really keen for hearing of the reference and the decision in the case they must have appeared before the Court and taken necessary steps. When inspite of so many opportunities given to the parties for their appearance and for being present for hearing of the case they did not choose to appear and take any steps. I must reiterate that they have settled the dispute amicably. The case is already sufficiently old and no useful purpose will be served by dragging it any longer. Under the circumstances I pass a "no-dispute" award in the present reference

AWARD

By the Government of West Bengal, Labour Department, order No. 5760-I.R./IR/10L-292/69, dated the 1st August 1969, an industrial dispute existing between Messrs. Alumilite Private Ltd., 17/1 Kalia Tangra 2nd Lane, Calcutta-15 and their workman Shri Kanailal Das, 132/24 Beliaghata Main Road, Calcutta-10, was referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue :

Issue

Whether the termination of services of Shri Kanailal Das from 12th July 1967 is justified ? To what relief, if any, is he eititled ?

Pursuant to the notices, the workman appeared before the Court on 30th August 1969 but the Company was found absent though the notice was served on it. The Company was given several opportunities to put its appearance before the Court, but the Company failed to appear before the Court on all the dates fixed. On 28th October 1969, the workman filed his written statement and the case was ultimately fixed on 28th May 1970 for hearing. The workman's representative took an adjournment on 28th May 1970 and the case was fixed on 23rd September 1970 for hearing The workman, however, was found absent on 23rd September 1970. The Court, suo motu adjourned the case on several dates. But the workman refrained himself from appearing before the Court on all the dates fixed. I, therefore, am of opinion that the parties are no longer interested in proceding with this case and that the dispute under reference has, in all probability, ceased to exist. Accordingly, I pass a "No Dispute" award in this case. This disposes of the instant reference.

AWARD

By the Government of West Bengal, Labour Department, order No. 8926-I R./IR/11L-780/69, dated the 20th November 1969, an industrial dispute existing between Messrs. Paper Coaters (P) Ltd., 24 Brabourne Road, Calcutta-1 and their employee Shri Sankarlal represented by Bawasayee Karmachri Panchayet, Barrabazar, 13 Amoratolla Lane, Calcutta-1, was referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether the dismissal of Shri Sankarlal was justified? To what relief, if any, is he entitled?

Usual noties were issued to the parties fixing 31st December 1969 for their appearance. On 31st December 1969, the Company appeared but the Union was found absent. As the service of the notice issued to the Union was not known on that day, the record was directed to be put up on 20th January 1970 awaiting service of notice upon the Union. The notice ultimately, returned unserved with the postal remanrk "left".

A fresh notice was again issued to the Union on 10th June 1970 directing it to appear before the Court on 3rd July 1970. This time the notice was served, the Union appeared and was directed to file its written statement on 3rd August 1970. Neither of the parties was found available on 3rd August 1970 and also on the subsequent dates fixed by the Court. Even up to this day, the parties are found absent. In such circumstances, I am inclined to think that the parties have ceased to take any interest in this proceeding and that the dispute under reference is no longer in existence. I, therefore, dispose of this case by passing a "No Dispute" award.

In the matter of an industrial dispute between Messrs. Karam Chand Thapar & Bros. (Pvt.) Ltd., 25 Brabourne Road, Calcutta-1 and their workmen represented by Karam Chand Thapar and Bros. Ltd. Employees' Association, 25 Ananda Khan Lane, Calcutta 5. (Case No. 275/69.)

For the Company : Shri K. K. Maitra, Advocate.

This industrial dispute between Messrs. Karam Chand Thapar and Bros. (P.t.) Ltd., 25 Brabourne Road, Calcutta-1 (hereinafter referred to as the Company) and their workmen represented by Karam Chand Thapar and Bros. Ltd. Employees' Association, 25 Ananda Khan Lane, Calcutta-5 (hereinafter referred to as the Union), has been referred to this Tribunal under Government order No. 5334-I.R./IR/11L-138/69, dated the 21st July 1969, for adjudication on the following issue :

Issue

Whether the drivers are entitled to the same benefits in respect of working hours and overtime allowance as are enjoyed by other sub-staff. What should be the working hours and overtime wages for the drivers?

The history of the development of the dispute as made out by the Union has been narated in the written statement. It is stated that the number of workmen employed at the Head Office of the Company including the subordinate staff is 650. The subordinate staff includes motor drivers. There was a dispute between the Company and their workmen sometime in 1948. The dispute was referred to the Fifth Industrial Tribunal for adjudication of several issues including the issue of working hours by the Government order No. 488-Lab, dated 30th December 1948. The Tribunal gave an award on 25th January 1952 By that award the working hours were fixed from 9 30 a.m. to 4-30 p.m. with half-an-hour recess on all days of the week excepting Saturday on which it would be from 9-30 a.m. to 1-30 p.m. without recess. The Company was not satisfied with that award and subsequently agitated for revision of the working hours of the subordinate staff including peons and sweepers. The dispute was referred to the Fourth Industrial Tribunal by Government order No. 2024-Dis, dated 9th May 1955. The Tribunal gave an award on 3rd October 1960. The Tribunal found that the working hours should remain the same for all the workmen including sweepers and peons as decided by the previous award. The Tribunal further hold that the Company might direct the sweepers to attend office at 9 a.m., i.e., half-an hour before the normal time, and this should be regulated by a system of rotational duties among the sweepers.

The Company moved the Hon'ble Supreme Court of India against that award. During the period of pendency of appeal the drivers were forced to work more and more ; the Union and the drivers were thus forced to sign an agreement on 21st May 1962 (copy of which is enclosed and marked Annexure 'A' and there were some other agreements marked Annexures 'B' and 'C'). When the Supreme Court of India upheld the provisions of the award as aforesaid, the Company agreed to pay Rs. 50 as lump sum allowance to compensate the extra time work done by the drivers. The Company by paying them Rs. 50 as lump sum allowance forced them to work more and more and if calculation of overtime was made, the drivers were entitled to get many times of Rs. 50 as overtime allowance. So, the Union decided to terminate the provisions of agreements, already marked Annexures 'A', 'B' and 'C'. The Union represented the management times without number to pay usual overtime wages to the drivers as per provisions of the Fifth Industrial Tribunal and also as per provision of the Award of Fourth Industrial Tribunal on working hours which was upheld by the Hon'ble Supreme Court of India. When all the attempts of the Union to persuade the Company to fix working hours as per provision of the awards, failed, at last the Union terminated the said agreements in Annexures 'A', 'B' and 'C' by the Union's letter, dated 24th July 1967.

The Union claims that the drivers' duties should not exceed 36½ hours in a week in a manner as directed by the award of Fifth Industrial Tribunal and reiterated in the award of the Fourth Industrial Tribunal, which was upheld by the Hon'ble Supreme Court of India, and all works in excess of the same be deemed to be overtime work and paid accordingly.

The Company filed written statement on 21st January 1970. The allegations made in the written statement of the Union are denied by the Company. It is stated therein that the number of workmen employed in the Head Office including the subordinate staff is about 500. It is admitted that the subordinate staff includes 12 drivers. It is also admitted that the Union by its letter, dated 24th July 1967, terminated the agreements mentioned in the written statement. The Company asserts that the drivers were never forced to work more and more or beyond normal working hours. The Union appreciated the practical difficulties in the matter of working hours fixed by this Tribunal for the subordinate staff and with a view to remove the anomalies entered into an agreement with the Company in respect of the drivers through the good offices of the Conciliation Officer. The Company never used any force in bringing about the agreement as alleged by the Union. The Company agreed to pay the drivers attached to the Directors and bungalow Rs. 50 per month extra in consideration of their having to work beyond the working hours, i.e., 8-30 a.m. to 6 p.m. on week days and 8 30 a.m. to 2-30 p.m. on Saturday. According to the Company the work of drivers is of intermittent nature and they get several hours rest on an average during their working hours. Furthermore, their main duty is to bring Company's officers to the office in the morning and to take them back to their homes in the evening. The working hours of the drivers, therefore, could not be the same as applicable to the other staff of the Company, and this is necessary in view of the very nature of duties for which they have been employed. The Company, therefore, prays that the normal working hours of the drivers should be fixed in terms of the agreement already reached, and the system of work should not be interrupted as any other form of determination would be impracticable and inconsistent with the function and duties for which they have been employed.

Both the parties have adduced oral and documentary evidence.

I shall first consider whether the Union who terminated the memorendum of settlement, dated 21st May 1962, fixing the working hours of the drivers of the Company normally from 8-30 a.m. to 6 p.m. on week days and from 8-30 a.m. to 2 p.m. on Saturday is entitled to claim that working hours of the drivers should be fixed in a manner as enjoyed by the other subordinate staff of the Company. In view of the admission made by the Company in paragraph 2 of the written statement and clause 5(3) of the Service Rules, it cannot be disputed that the drivers are subordinate staff of the Company. According to the Union the drivers who are subordinate staff of the Company are entitled to claim as of right the privilege regarding working hours as enjoyed by the other subordinate staff of the Company and their working hours should be fixed from 9-30 a.m. to 4-40 p.m. on week days with half-an hour recess and from 9-30 a.m. to 1-30 p.m. on Saturday. It is further contended on behalf of the Union that the Company is bound by the previous awards fixing working hours of the subordinate staff including the drivers. The Company, however, contends that the question regarding working hours of the drivers was not at all considered by the previous Tribunals and this Tribunal should ignore the previous awards in view of the tripartite settlement, dated 21st May 1962. It is further contended that the drivers whose nature of duty is different from the other subordinate staff are not entitled to claim the working hours as enjoyed by the other subordinate staff. It cannot be disputed that the issue regarding working, hours was referred to the Fifth Industrial Tribunal when the dispute between the Company and their workmen was referred to the said Tribunal sometime in 1948. Issue No. 4(d) of the award of 1952 clearly shows that the Tribunal fixed the working hours of the Company from 9-30 a.m. to 4-30 p.m. with half-an-hour recess on week days and from 9-30 a.m. to 1 30 p.m .on Saturday following the Bengal Chamber of Commerce award (vide Ext. 1/a) No doubt, the question of working hours of the drivers was not specifically raised at the time of consideration of Issue No. 4(d) by the Tribunal, it cannot be disputed that both parties were bound by the award passed by the Fifth Industrial Tribunal unless the same was revoked by their subsequent act. It may be mentioned that the Fifth Industrial Tribunal specifically considered the wages of the drivers at the time of consideration of Issue No. 3(i). It cannot be disputed that there was a fresh dispute between the Company and their workmen regarding working hours and other matters as the same was referred to this Tribunal sometime in 1958. There was a specific issue to the effect as to what should be the working hours for the subordinate staff including peons and sweepers (vide Ext. 1). This was considered by this Tribunal at the time of consideration of Issue No. 1. The question of drivers was not specifically raised before the Tribunal but the relevant order of the Tribunal runs as follows :

> "I, therefore, direct that the working hours should remain the same for all the workmen including the sweepers and peons".

It may be mentioned that at the time of hearing of award of 1960, the Company produced certain documents regarding attendance and salary sheet for December 1954 of some of the drivers who entered into a separate agreement with the Company after the award of 1960 (vide Exts. 4 and 4/a). It cannot be disputed that the parties were also bound by the award of 1960 unless the same was revoked by their subsequent act. It cannot also be disputed that the dispute regarding working hours of the drivers between the parties took place sometime after the award of 1960 (vide paragraph 4 of Ext. 2), and thereafter a tripartite settlement was signed by the representative of the Union, Conciliation Officer and the representative of the Company. The said settlement shows that the agreement signed by the parties came into force on 21st May 1962. The Union representative who himself signed the tripartite settlement has deposed on behalf of the workmen. He speaks about under what circumstances the Union settled the dispute with the Company. It is clear from the evidence adduced in the case that the Union was fully aware of the working hours fixed by the previous awards and the Union representative entered into an agreement knowing about the same. The evidence adduced in the case also proved that the above settlement regarding working hours of drivers remained in force until the same was terminated by letter, dated 24th July 1967. In the circumstances, it cannot be said that the Union entered into an agreement with the Company under force as alleged in paragraph 9 of the written statement. Upon a consideration of entire evidence on record and from facts and circumstances disclosed in this case the conclusion is irresistable that the previous award regarding working hours of subordinate staff are no longer binding upon the Company in fixing the working hours of the drivers. The question is whether the working hours of the drivers should be fixed as prescribed for the subordinate staff or their working hours should be fixed in consideration of the nature of work rendared by them and the prescribed hours fixed in comparable industries. The Factories Act, the Mines Act, the Plantation Labour Act and the various Shops & Establishment Act prescribe the hours of work. For others, hours of work have to be regulated by various considerations such as conditions of work, hours of work in comparable industries, amount of fatigue involved and so on. The Tribunals have no doubt power to reduce the working hours but this may be done only after a proper investigation as pointed out by

Higgins J. in Australian Timber Workers' Union Vs. John Sharp & Sons Ltd. (1920—14 C.A.R. 811). In the instant case the nature of work done by the drivers is different from the nature of work done by the clerks including peons of the Company whose duty is to attend office mainly during the working hours prescribed. The drivers are, however, to attend the garage at Hazra Road and go to their officers' place after taking the car from the garage. They have to bring their officers to the Company's office from their residence and wait till they are again required to carry their officers to their respective residence and bring the car to the garage again after being relieved by the officers. They are also required to perform other duties from time to time as demanded by the officers. The nature of duty rendered by them by itself proves that the drivers are not entitled to claim that their duty hours should be fixed as prescribed for the other subordinate staff. It is contended on behalf of the Union that there would be discrimination if the duty hours for the drivers are different from the duty hours as prescribed for the other subordinate staff. I am unable to accept such contention. The Corporation of Calcutta has got various types menial staff. The duty hours of the sweepers of the Corporation are different from the duty hours prescribed for other menial staff. That being the position the drivers will not be prejudiced if their duty hours are fixed after considering the nature of duties done by them and the hours of work prescribed in other comparable industries. In that view of the matter I find that the drivers are not entitled to the same benefit in respect of working hours as are enjoyed by other subordinate staff of the Company.

The next question that comes for consideration is whether the Tribunal should change the working hours from 8-30 a.m. to 6 p.m. on week days and from 8-30 a.m. to 2 p.m. on Saturday which came into force as a result of tripartite agreement, dated 21st May 1962. It is not disputed that the agreement, dated 21st May 1962, and the subsequent agreement, dated 2nd May 1964 and 4th August 1965, respectively have been validly terminated. The Company contends that the Tribunal is not entitled to change the working hours which came into force as a result of tripartite agreement unless the Tribunal is satisfied that there is material change in the circumstances on which it was based. Having regard to the nature of changes brought about by the West Bengal Shops and Establishment Act, 1963, which came into force on 3rd August 1964 and applicable to the commercial establishments and rise in the Price Index and living cost since the date of agreement of 1962 as disclosed in the evidence in the Company's representative (O.P.W. 1), I am satisfied that the Union is justified in its contention that there has been a material change in the circumstances on which the tripartite agreement was based.

The Union also contends that the agreement on the face it shows that it was based on error of a fundamental character. In that view of the matter it is submitted that it is not necessary to take the change in circumstances into consideration. There is some force in the contention raised on behalf of the Union. The agreement shows that the working hours on week-days are from 8-30 a.m. to 6 p.m. without any recess. The agreement also shows that the total working hours in a week are 53 hours. The Motor Transport Workers' Act of 1961 provides that "hours of work". of an adult transport worker which includes driver should not be more than eight hours a day. The Factories Act also provides that a workman should not work more than 48 hours in a week. In my opinion, these factors were not at all considered in fixing working hours at 9 hours a day and 53½ hours in a week. This fact including the award fixing office hours from 9-30 a.m. to 4-30 p.m. on week days with half-an-hour recess and from 9-30 a.m. to 1-30 p.m. on Saturday for the subordinate staff which includes drivers goes to prove that the agreement was based on error of a fundamental character. In whatever view the matter may be approached, the conclusion is irresistable that the Union has been able to make out a case, that it will be unfair and unjust if the working hours as prescribed by the above agreements are allowed to continue as before. I, therefore, find that the existing working hours should be changed keeping in view the office hours of the Company and the hours of work prescribed by various statutory acts including the West Bengal Shops and Establishment Act, 1963.

The next question that comes for consideration is what should be the working hours of the drivers of the Company who are 12 in number and work from 8-30 a.m. to 6 p.m. on week days and 8-30 to 2 p.m. on Saturday as per agreement, dated 21st May 1962. It cannot be disputed that these drivers who are wholly and principally employed in connection with the business of the Company are "persons employed" within the meaning of section 2(10) of the West Bengal Shops and Establishment Act, 1963 (hereinafter to be referred as the Act). The evidence of the Company's representative (O.P.W. 1) regarding the duties of the above drivers are as follows:

> "There are in all 12 drivers in our Company. They report for duty at our Hazra Road Garage at 8-30 a.m. The caretaker records their attendance and gives petrol to them. They go out for collecting their officers for coming to office. They go on with their duties according to the instructions of the caretaker. The drivers who drive office car are required to take the officers out on duty from time to time. Their normal working hours terminate at 6 p.m. on week days and 2 p.m. on Saturdays. They do not have any fixed lunch hour because of the nature of their work. But they do have their lunch. The drivers are on duty during the working hours but sometime they drive and sometime they do not."

In view of what has been disclosed in the evidence discussed above including the case made out by the Company in paragraph 16 of the written statement, and the nature of duties performed by the drivers, it cannot be disputed that the drivers of the Company do not come under the purview of classes of exempted persons within the meaning of section 4(2)(b) of the Act. The evidence discussed above proves that the "hours of work" of the drivers of the Company is analogus to the "hours of work" as defined in section 2(f) of the Motor Transport Workers' Act, 1961, i.e., the duty of a driver starts from the time he takes his car from the Hazra Road Garage and returns back to the garage with his car. The evidence discussed above clearly proves that even during the lunch hour the drivers remain in charge of their respective car. The question is how the Tribunal should fix the working hours of these drivers. It is contended on behalf of the Company that the Tribunal should not change the existing working hours. It is further contended that the drivers can at best claim that their working hours should not be more than 8½ hours as fixed by the Act. In view of the provisions of the Act I am unable to accept the contention of the Company.- Section 7(2) of the Act provides that no person employed in an establishment shall be required or permitted to work in such establishment for more than 8½ hourh in any one day or more than 48 hours in any one week or after the hour of closing of such establishment. There is also a provision to the effect that a persion employed in an establishment may be required to work overtime. and the total number of hours of his work including overtime work shall not exceed 10 hours in any one day. There is a further provision that no person employed in an establishment shall be required or permitted to work in such establishment for more than 6 hours in any one day unless he has been allowed an interval of rest, at least for one hour during that day. The Act also provides that there must be half-day in a week including a rest day. The Act also makes provision saving certain rights and privileges enjoyed by the employee on the date the Act came into force. It cannot be disputed that the agreement, dated 21st May 1962, was in force when the Act came into force on the 15th August 1964. The drivers are therefore entitled to claim the protection given to them under section 24 of the Act in respect of any right or privilege under the agreement if such right or privilege is more favourable to them than any right or privilege conferred upon them by the Act. In view of the agreement this Tribunal cannot fix the working hours before 8-30 a.m. The Tribunal cannot also fix the working hours beyond 6 p.m. on week days. The question is whether the Tribunal can ask the drivers to work after 4-30 p.m on week days and 1-30 p.m. on Saturday without any overtime wages. It is clear from the previous awards and the evidence adduced in this case that the working hours of the commercial establishment to which the drivers are attached are from 9-30 a.m. to 4-30 p.m. on week days and 9-30 a.m. to 1-30 p.m. on Saturday It is significant to note that a question was raised at the time of passing the award of 1960 whether the sweepers were also entitled to the working hours prescribed for the Company. The question was answered in the affirmative. It was found by the Tribunal that the sweepers who according to the rotation would attend duty half-an-hour by the award. In view of the statutory right given earlier would get overtime wages at the rates fixed to a person employed in an establishment who shall not be required or permitted to work after the closing of such establishment as provided by section 7(2) of the Act, the Union is right in contending that the Company must pay the drivers their overtime wages if the Company wants their service after the closing hours of the Company. It cannot also be disputed that the drivers are entitled to recess on week days as provided by the Act. In view of what has been disclosed in the evidence discussed above. I am of opinion that the recess period to be granted to the drivers under the Act will be immaterial as they are to remain in-charge of the car during the recess period Be that as it may, the question is now the recess period should be fixed. It cannot be disputed that the officers of the Company will be put to difficulty if the recess period of the drivers is fixed during the period of the recess prescribed for the officers as some of the officers may require the service of the drivers during the recess period for taking lunch outside the office. In my opinion the period of recess for the drivers should be fixed either after the recess period of officers or at a time as fixed by the Company during the recess period for taking lunch outside the office. In my opinion the period of recess for the drivers should be fixed either after the recess period of officer or at a time as fixed by the Company during the period from 1-30 p.m. to 4-30 p.m. on week days.

Even assuming for arguments sake that the provisions of the Act. i.e., West Bengal Shops and Establishment Act, 1963, are not applicable to the drivers of the instant Company, it cannot be disputed that as the "hours of work" of a driver of the Company is analogous to the "hours of work" of a driver under the Motor Transport Workers' Act, 1961, the Tribunal cannot fix the working hours more than eight hours a day as provided by the said Act. After giving my anxious consideration to the arguments advanced on behalf of both sides and considering the convenience and inconvenience of the parties and upon a proper construction of the provisions of the relevant Acts referred to above, I find that the parties will not be prejudiced if the working hours are fixed from 8-30 a.m. to 4-30 p.m. on week days and from 8-30 a.m. to 1-30 p.m. on Saturday with recess on week days as prescribed by the Act which would be fixed by the Company either after the recess period of officers or at any time between 1-30 p.m. to 4-30 p.m. subject to the terms that the Company is entitled to engage any driver on payment of overtime wages during the working hours of the drivers as prescribed in the agreement, dated 21st May 1962, and not covered by the working hours of the establishment and a driver will not be entitled to refuse to do overtime work during that period.

In view on the findings made above, it cannot be disputed that the drivers of the Company are entitled to get overtime wages for work done after the working hours mentioned above. The Factories Act and other Acts prescribing hours of work also prescribe the rate for overtime work at a rate higher than the ordinary rate. The West Bengal Shops and Establishment Act, 1963, fixes the overtime rate at the rate of 1½ times of the ordinary rate of wages payable to a person employed in an establishment. The previous award also provides the payment of overtime wages at the same rate. The drivers are also getting overtime wages at the rate of 1½ times of their ordinary wages on the basis of agreement, dated 21st May 1962. Upon materials on record, I find that a driver of the Company is entitled to get overtime wages at the rate of 1½ times of ordinary wages payable to him.

The last question that comes for consideration is whether the drivers numbering seven, are entitled to get a lump sum of allowance of Rs. 50 per month for doing duty during the period from 6 a.m. to 10 p.m. as evidenced by the memorandum of settlements, dated 12th April 1965 and 4th August 1965 respectively (vide Exts. 2/a and 2/b). These agreements were not in force when the West Bengal Shops and Establishment Act, 1963, came into force. The drivers of the Company are, therefore, not entitled to claim the lump sum allowance as a privilege as provided by section 34 of the Act. It is contended on behalf of the Union that it has got no objection if the drivers are paid a lump sum allowance at the rate of Rs 90 per month for doing duty during the period from 6 a.m. to 10 p.m. No such case has been made out in the written statement. In view of the findings made above, the Tribunal cannot fix such a lump sum allowance as claimed by the Union I, however, find that the drivers would be entitled to get overtime wages for any work done by them during the period from 6 a.m. to 10 p.m.

In the result, the issue under reference is answered as follows·

(a) The drivers are not entitled to the same benefit in respect of working hours as are enjoyed by the other subordinate staff of the Company;

(b) The working hours of the drivers are fixed from 8-30 a.m. to 4-30 p.m. on week days and from 8-30 a.m. to 1-30 p.m. on Saturday with usual recess as prescribed by the West Bengal Shops and Establishment Act, 1963, and the same will be fixed by the Company either after the recess period of the officers or any time from 1-30 p.m. to 4-30 p.m. on week days subject to terms that the Company is entitled to engage any driver on payment of overtime wages during the working hours of the drivers as prescribed in the agreement, dated 21st May 1962, and not covered by the working hours of the establishment; and the drivers will not be entitled to refuse to do overtime work during that period. The Company is also entitled to engage the drivers at any time after the working hours on payment of overtime wages;

(c) The drivers will get overtime wages at the rate of 1½ times of the ordinary rate of wages payable to them;

(d) The award will take effect from the date of reference on 21st July 1969.

This is my award.

GOVERNMENT OF WEST BENGAL

LABOUR DEPARTMENT

ORDER

No. 1139 I.R./IR/10L-22/70.—18th March 1971. Whereas under the Government of West Bengal, Labour Department, order No. 6103-I.R./IR/10L-181/66, dated 19th August 1968, the industrial dispute between Messrs. Calcutta Electric Supply Corporation Ltd., Victoria House, Calcutta-1, and their workmen represented by the Calcutta Electric Supply Workers' Union, 35/B Nirmal Chandra Chandra Street, Calcutta-13, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the Annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Calcutta Electric Supply Corporation Ltd., Victoria House, Calcutta-1 and their workmen represented by the Calcutta Electric Supply Workers' Union, 35/B Nirmal Chandra Chandra Street, Calcutta-13. (Case No. VIII-325/68.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri ARUN KUMAR COARI, Judge,
Second Indistrial Tribunal.

This dispute between Messrs. Calcutta Electric Supply Corporation and their workmen was referred to this Tribunal by the Labour Department by Government order No. 6103-I.R./IR/10L 181/66, dated 19th August 1968, for adjudication. The workman was dismissed by the employer. So the issue framed is :

Issue

Whether the dismissal of Shri Raj Kumar Bagchi (Clerk 'B., Construction Department) is justified? What relief, if any, is he entitled?

The reference was in the year 1968 and both parties took several steps for hearing but ultimately the dispute has been settled and a joint petition of compromise signed by the management, the workman concerned as well as Joint Secretary of the Union representing the workmen have been filed. The terms of the settlement are fair and the workman who was dismissed from service in the year 1959 will be taken in again by the Company as fresh employee and the parties have agreed that they would not proceed with the dispute any further in this Tribunal. They have also prayed for passing an award in terms of the settlement arrived at by the parties. As the terms are fair and reasonable the Tribunal sees no reason to interfere with it. Award is accordingly passed and the terms of settlement do form part of it.

Dictated and corrected by me.

ARUN KUMAR COARI,
Judge.

AWARD

By order No. 9228-I.R./IR/10L-327(A)/69, dated the 29th November 1969, the Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Braithwaite Burn & Jessop Construction Co. Ltd., 27 R. N. Mukherjee Road, Calcutta-1, and their workmen represented by Baithwaite Burn & Jessop Construction Co. Ltd. Staff Union, 6/4 Buroshibtola Main Road, Shahpur, Calcutta-38, to this Tribunal, under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue :

Issue

Whether the termination of service of Shri Nemchand is justified ? What relief, if any, is he entitled to ?

After due service of notices the parties entered appearance in the proceeding and filed respective written statements

Pursuant to the petition, dated 1st August 1970, filed by the Company, the preliminary objection regarding maintainability of the proceeding and jurisdiction of this Tribunal, is now taken up for consideration.

Before the preliminary objections are taken up it will be useful to give brief resume of the respective cases of the parties before the Tribunal. The case of the workman represented by the Braithwaite Burn & Jessop Construction Co. Ltd Staff Union is that he had been working as a Probationer Sweeper at the Head Office of the Company on a basic salary of Rs. 30 per month plus working class index. Dearness Allowance of Bengal Chamber of Commerce, his period of probation being extended from time to time. On 31st August 1968, he was asked to sign a receipt in full and final settlement of all his claims against the Company. Thereafter he was not allowed to join his duties. According to the workman this was a case of unreasonable retrenchment. The staff Union which represents the workman before the Tribunal took up the matter with the Conciliation Officer of the Office of the Labour Commissioner, West Bengal. Eventually this reference was made by the Government on the report of the Conciliation Officer. The workman sought the reliefs of reinstatement in service and payment of all back wages.

The defence is twofold. The Company challenged the instant Government order of reference and the issue framed thereunder as untenable in law. Adverting to merits of the case the Company pointed out that Shri Nemchand had been appointed against a temporary vacancy for a specified period. The appointment of the workman stood terminated on the expiry of the extended probationary period ending on 31st August 1968. This was no case of retrenchment of the workman, and, consequently, no retrenchment compensation was available, it was contended

Elaborating the objection regarding the maintainability of the order of reference and the issue as well as the challenge to assumption of jurisdiction by the Tribunal, the learned representative for the Company invites reference to the order of the reference itself. It is pointed out that the Government was satisfied that the industrial dispute relating to termination of service of Shri Nemchand being a matter specified in the Second Schedule of the Industrial Disputes Act, 1947 (XIV of 1947), was in existence. It was consequently found expedient to refer the dispute to this Tribunal for adjudication On behalf of the Company it is contended that the alleged dispute between the Company and Shri Nemchand is different from the dispute described in the written statement of the workman. It will appear from paragraphs 4 and 5 of the written statement of the workman that the workman was aggrieved because the Company had, without showing any reason, terminated his services. The relief sought for by the workman was retrenchment compensation or one month's salary in terms of section 15 of the West Bengal Shops and Establishment Act, 1963. The fact remains that the authority making the order of reference was concerned with termination of service of Shri Nemchand while Shri Nemchand in his written statement is concerned with his retrenchment and recovery of retrenchment compensation. According to the learned representative for the Company this conflict between the order of reference and the case of the workman is fatal to this proceeding.

In the first place the order of reference militates against the scheme of the Act. The Second Schedule to the Industrial Disputes Act, 1947, does not include any dispute relating to retrenchment of workman. Indeed retrenchment of workman is included in the Third Schedule of the Act. Prima facie, the authority making the order of reference was under a confusion. Reference was made in respect of a dispute covered by the Third Schedule to the Industrial Disputes Act while the dispute, in fact, relates to dismissal/discharge of workman included in the Second Schedule to the Industrial Disputes Act. The learned representative for the Company submits that this is not an incosequential error. A Tribunal cannot question correctness of reference made by the Government and must act, if possible, in terms of the order of reference. Accordingly, it must in this case, deal with termination of service of Shri Nemchand and not his retrenchment.

The reason why this Tribunal cannot proceed with adjudication of the issue referred to in the order of reference, dated 29th November 1969, is that the termination of service of Shri Nemchand which is the issue framed by the Government cannot include retrenchment of the workman described in his written statement.

In 1957 L.L.J. 243, Their Lordships of the Supreme Court held that "retrenchment as defined in section 2(00) and as used in section 25F has no wider meaning within the ordinary accepted connotation of the word. It means the discharge of surplus labour or staff by the employer for any reason whatsoever, otherwise than as a punishment inflicted by way of disciplinary action.. ..".

The question was also considered in the Bombay High Court case of National Garage reported in 1962 (I) L.L.J 56. The facts of this case were as follows:—The service of the respondent Consalves was terminated by the National Garage, whereupon Gonslaves applied to the Assistant Labour Commissioner seeking reinstatement alleging that his termination amounted to retrenchment and the petitioner not having followed the statutory procedure under the Industrial Disputes Act, the termination was wrongful. The Assistant Labour Commissioner held that the discharge was wrongful and ordered payment of back wages and compensation. An appeal was taken to the State Industrial Court and the order of the Assistant Labour Commissioner was confirmed. An appeal was then taken to the High Court. Following above decision of the Supreme Court reported in 1957 L.L.J. (I) 243, Their Lordships of the Bombay High Court held that retrenchment within the meaning of the Industrial Disputes Act means discharge of surplus labour or staff in continuing or running industry. The question whether termination of service amounts to retrenchment must be determined in each case on the facts and circumstances of that case. If the termination of services is found to be due to the reason that the workman discharged was surplus, it will amount to retrenchment within the meaning of the Act. If the termination of services is due to any other reason, it will not constitute retrenchment. It is thus clear that termination of service may include retrenchment but retrenchment is not synonymous with termination of services. Only when the service of surplus staff is terminated, it becomes retrenchment as contemplated in Third Schedule to the Industrial Disputes Act. In the instant case it is nobody's case that the workman had been retrenched because he was the surplus workman. That being so, there cannot be any question of Shri Nemchand being dismissed from the service by way of retrenchment of surplus staff. The case of the workman is that he had been retrenched by the Company without reason and without giving him retrenchment compensation. The authority making reference did not refer this industrial dispute to this Tribunal for adjudication. Evidently the order of reference cannot be acted upon.

This conclusion must be that this Tribunal has before it the issue of termination of service of Shri Nemchand referred by order, dated 29th November 1969. The workman seeks relief in respect of another industrial dispute relating to his retrenchment. The Tribunal cannot leave the order of reference, dated 29th November 1969, out of account and proceed to adjudicate upon a dispute not specifically referred to it. The learned representative of the workman argues that this is merely a technical objection. The Tribunal may, apart from the order of reference, adjudicate the dispute described in the workman's written statement as one included in item 6 of the Second Schedule to the Industrial Disputes Act, 1947. This argument does not appeal to me. The workman in question must obtain an order of reference in respect of the industrial dispute in which he is involved. It is not permissible for me to embark on an enquiry in respect of his alleged retrenchment from service which was not referred by the Government.

In view of my findings above, the objection regarding jurisdiction, taken by the Company should be upheld. It must be held that there is no order of reference enabling this Tribunal to entertain the case of alleged retrenchment of Shri Nemchand with compensation. This Tribunal has no jurisdiction to try this dispute. The preliminary issue is answered accordingly.

This is my award.

AWARD

By Labour Department order No. 7335 I.R./IR/11L-70, dated the 2nd November 1970 and order No. 8324-I.R./IR/11L-33/70, dated the 22nd December 1970, respectively the Governor was pleased to refer the two instant disputes between Messrs. Western India Industries (Pvt.) Ltd., 10 Clive Row, Calcutta-1 and their workmen represented by Western India Industries Private Ltd. Employees' Union, C/o. Federatiaon of Mercantile Employees' Union, 12A Netaji Subhas Road, Calcutta-1 and Messrs. Western India Industries (Pvt.) Ltd., 10 Clive Road, Calcutta-1 and their workmen represented by Western India Industries Pvt. Ltd. Workmen's Association, 46/1 Durga Charan Mitra Street, Calcutta-6, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification Nos. 808 I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, both on the following issues:

Issues

1. Whether the retrenchment of Sarbasree D. P. Chatterjee, P. Nath, M. M. Saha, N. K. Chakraborty, N. Chakraborty, R. N. Dev Sharma, U. S. Roy and Mehabob Ali is justified? To what relief, if any, are they entitled?
2. Whether the closure of the establishment with effect from the 25th July 1970, is real? To what relief, if any, are the workmen entitled?

On receipt of the said two references, notices were isued to the respective parties and both the parties appear in each of the said two cases. The Western India Industries Pvt. Ltd. Employees' Union (hereinafter referred to as Employees' Union) filed writted statement in the reference, dated the 2nd November 1970 (Case No. VIII 433/70). In the other reference, namely, the reference, dated the 22nd December 1970 (Case No. VIII-477/70), the Company as well as the Western India Industries Pvt. Ltd. Workmen's Association (hereinafter referred to as Workmen's Association) filed a joint petition of compromise on 26th December 1970. No order, however, was passed in connexion with the said compromise petition and it was kept with the record. In case No. VIII-433/70 the Company raised a preliminary objection that the reference, dated the 2nd November 1970, was not maintainable on the contention that the Employees' Union did not represent the substantial number of workmen of the Company. The said objection of the Company was, however, rejected (vide order No. 13, dated 20th January 1971, in the said case). By the said order both the aforesaid cases were amalgamated, inasmuch as both the cases involved the same issues between the same Company and their workmen and both the cases were fixed on 2nd April 1971 for hearing another petition filed by the Company. In the meantime on 1st March 1971 a joint petition of compromise as to both the cases was filed by the Company and both the Unions namely Employees' Union and Workmen's Association. The Company as well as the Workmen's Association have filed today (2nd March 1971) a joint petition stating that no action should be taken on the petition of compromise, dated 24th December 1970, filed by them on 26th December 1970. The said petition of compromise filed by the Company and the Workmen's Association on 26th December 1970, therefore, stands rejected. The compromise petition filed on 1st March 1971 in these two cases is signed by the Principal Officer of the Company and the Secretary of the Employees' Union and also by the Joint Secretary of the Workmen's Association. The terms of the said compromise are lawful and valid and those are accepted. Both the aforesaid references are, therefore, disposed of in terms of the said petition of compromise, dated 1st March 1971, which shall form part of the award as Annexure "B".

This award will apply mutatis mutandis to both the aforesaid cases.

ANNEXURE

In the matter of an industrial dispute between Messrs. Birjugal Brothers, 4 Howrah Road, Salkia, Howrah, and their workmen represented by Iron & Steel Workmen's Union, 63 Shivgopal Banerjee Lane, Ghusury, Howrah. (Case No. 846/67.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri B. C. CHAUDHURI, Judge,
Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 5809-I.R./IR/10L-407/67, dated the 9th November 1967, referred this industrial dispute between Messrs. Birjugal Brothers, 4 Howrah Road, Salkia, Howrah and their workmen represented by Iron & Steel Workmen's Union, 63 Shivgopal Banerjee Lane, Ghusury, Howrah, to this Tribunal under section 10 of the Industriaal Disputes Act for adjudication on the following issue :

Issue

Whether termination of services of the following workmen is justified ? To what relief, if any, are they entitled ?

Sarbasree (1) Bholanath Kundu, (2) Sasadhar Roy (3) Brojendra Nath Jana and (4) Sitaram Roy.

Upon receipt of the order of reference notices were issued upon the parties for appearance and for filing written statements. Thereafter the workmen filed the written statement on 16th February 1968. It is alleged in their written statement that they served under the Company for long years but the Company terminated their services on 30th October 1966 without serving any notice upon them. It is further alleged that the Company did not comply with the provision of section 25F of the Industrial Disputes Act at the time of terminating their services. It is also alleged that the Company has employed new hands at a lesser pay in the posts of the workmen under reference after termination of their service. The workmen demanded reinstatement with compensation for the period of unemployment but the Company turned a deaf ear to their demand.

Messrs. Birjugal Brothers (hereinafter referred to as the Company), then filed a written statement on 20th May 1968. It is stated in the written statement, inter alia, that the workmen did not come to their duty from 28th October 1966 without notice and left their services after taking all their dues. Subsequently on 28th December 1968 the Company filed an additional written statement in which a plea was taken that the Company has closed down its business.

The dispute came up for hearing on 30th January 1969 when a preliminary objection regarding maintainability of reference was raised on behalf of the Company. Both parties adduced evidence at the time of hearing of preliminary objection. The Tribunal overruled the objection raised on behalf of the Company and decided the preliminary point in favour of the workmen by its order, dated 11th June 1969.

In course of hearing of preliminary objection Brajo Kishore Chowdhury, its sole-proprietor, disclosed in his evidence that towards the end of December 1968, i. e., one year after the present reference, he sold out the factory of Messrs. Birjugal Brothers to his wife Mrs. G. D. Chowdhury, proprietor of Messrs. G. D. Steel Industries. Thereafter the workmen filed a petition praying for adding Messrs. G. D. Steel Industries as party to the dispute in order to adjudicate upon the dispute under reference completely and effectively. They also asserted that a benami transfer was made by the husband in favour of his wife. Shrimati Jagadhartri Devi, proprietor of Messrs. G. D. Steel Industries, was made a party to the present proceeding by an order, dated 4th August 1969. The added Company filed its written statement on 7th August 1970 duly signed and verified by its Manager. It is alleged that the added Company is separate and distinct from Messrs. Birjugal Brothers. It is further alleged that the added Company purchased the rolling mills and some machineries from Messrs. Birjugal Brothers and made a settlement of a portion of the said factory premises on rental basis.

Both the Companies did not turn up when the dispute was taken up for final hearing on 20th January 1971. The case of workman Sitaram Roy was not pressed at the time of hearing. Two witnesses were examined on behalf of the workmen.

The question therefore arises for consideration whether the Company was justified in terminating the services of the three workmen on 30th October 1966.

The evidence of two workmen, viz., Bholanath Kundu and Brojendra Nath Jana, clearly shows that they were employed by the Company sometime in 1963 and their services were terminated on 30th October 1966. They also asserted that neither any notice nor any compensation was paid to them as well as other workmen when their services were terminated. It is clear from their evidence that other workman Sasadhar Roy worked for eleven months when his service was terminated on 30th October 1968. The certificate granted by the Company to Bholanath Kundu also shows that his service was terminated by the Company on 29th October 1966 (vide Ext. 1). Thus the evidence adduced on behalf of the workmen goes to prove that the Company terminated the services of three workmen without complying with the provisions of section 25F of the Industrial Disputes Act. Considering the facts and circumstances of the case I hold that the termination of services of Bholanath Kundu, Sasadhar Roy and Brojendra Nath Jana are illegal.

The next question is whether the workmen are entitled to reinstatement. It is clear from the evidence that the husband is running the factory in the benami of his wife. It also appears from the evidence of workmen that they are unemployed. It is well-settled that when the order of termination is itself bad, reinstatement cannot ordinarily be refused merely because a long time has elapsed (vide A. I. R. 1960 S. C P. 1258). Upon materials on record I find that the three workmen, viz., Bholanath Kundu, Sasadhar Roy and Brojendra Nath Jana, are entitled to reinstatement to their former post with their back wages. The issue under reference is thus disposed of.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 6406-I.R./IR/7L 23/68, dated the 22nd August 1969, an industrial dispute existing between Messrs. Auckland Jute Mill, Jagatdal, 24-Parganas and their workman Shri

Kisto Nandan, village Hatkhola, P.O. Chandernagore, district Hooghly, was referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether the dismissal of Shri Kisto Nandan with effect from 27th February 1968 is justified? To what relief, if any, is he entitled?

Pursuant to the notices, the parties appeared, filed their written statements and the case was ultimately fixed on 20th February 1971 for hearing, failing compromise. On 20th February 1971, the parties appeared and filed a joint petition of compromise. I have heard the parties and have carefully looked into the terms of settlement. The terms of settlement, embodied in the joint petition of compromise, appear to me to be lawful, fair and just. I, therefore, pass an award in terms of the said joint petition of compromise. This disposes of the instant reference. The joint petition of compromise shall form part of the award.

In the matter of an industrial dispute existing between Messrs. Reed Camb & Allied Products (P) Ltd., 16 Canning Street, Second Floor, Calcutta-1 and their workman Shri Bhagwan Dutta Singh, 25 Princep Street, Calcutta-13. (Case No. 340 of 1970.)

By the Government of West Bengal, Labour Department, order No. 6142-I.R./IR/11L-947/69, dated the 21st August 1970, this industrial dispute between Messrs. Reed Camb & Allied Products (P) Ltd., and their workman Shri Bhagwan Dutta Singh was referred to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act for adjudication upon the issue mentioned below :

Issue

Whether the termination of service of Shri Bhagwan Dutta Singh by way of refusal of employment to him is justified ? To what relief, if any, is he entitled ?

The case of the workman Shri Bhagwan Dutta Singh is briefly as follows :

Bhagwan Dutta Singh was an employee in the capacity of a Jamadar in Messrs. Reed Camb & Allied Products (P) Ltd. at 16 Canning Street, Calcutta, which is a reputed Saw Manufacturing Factory (hereafter mentioned as the Company). His salary was Rs. 95 per month. He and the other workmen wanted to form a Union. As a result there was disagreement between the management and the workmen. On 6th September 1968 the management gave a false report to the Hare Street police-station, Calcutta and caused a case under section 381/114, I.P.C., started against Bhagwan Dutta Singh and other workmen. This led to his arrest on 6th September 1968 and the police produced him along with the others before the Chief Presidency Magistrate, Calcutta, on 7th September 1968. He was detained in custody till 14th September 1968. The learned Chief Presidency Magistrate discharged him on 9th May 1969. Thereafter Shri Singh approached the management for resuming his duties, but the management flatly refused employment to him. Lastly he sent a notice, dated 12th June 1969, through a lawyer to the management requesting them for his reinstatement in his former job. But the management did not respond to the said notice.

The notice of the Tribunal appears to have been duly served upon the Company. Sufficient time was given to the Company for appearance and for filing written statement, but the Company, in spite of service of notice, did not appear or file any written statement. Hence the case has been taken up for ex parte hearing.

It transpires from the evidence of P.W. 1 Shri Bhagwan Dutta Singh that he acted as a Jamadar in Messrs. Reed Camb & Allied Products (P) Ltd., and that there was disagreement between him and the management because he wanted to form a Union. It also appears from his evidence that the management gave a report to the Hare Street police-station against him and thereby caused his arrest by the police, the police produced him before the Chief Presidency Magistrate, Calcutta, on 7th September 1968 and that he was detained in custody till 14th September 1968. It further appears from his evidence that he was discharged by the learned Chief Presidency Magistrate on 9th May 1969 and that thereafter he went to report for his duty but the management refused to employ him any more. It is in his evidence that he was not given any charge-sheet and that he was not asked to show cause for any misconduct or negligence of duty or for any other charge. It is also in his evidence that the management did not hold any enquiry against him. From his evidence it appears that he is even unaware as to what his misconduct was or what the charges against him were save and except that a report, alleged by him to be a false one, was given by the management to the Hare Street police-station alleging that he had defalcated a sum of Rs. 15,000. But his evidence shows that he was discharged by the Chief Presidency Magistrate. Therefore his evidence shows a clear infraction of natural justice as he was thrown out of employment even without giving him an opportunity to explain the charge against him. As there was no charge framed against him or any 'show cause' notice given to him and as there was no enquiry held against him relating to any charge, I find that there was violation of natural justice in the matter of termination of service of Shri Singh by way of refusal of employment to him. Therefore it is to be held that the workman is entitled to reinstatement to his former job as a Jamadar of the Company.

Next comes the question as to what relief the workman is entitled to. I have already said that he is entitled to reinstatement. I also find that he is entitled to back wages. But the question is, from which date ? It appears from his own written statement that the workman was detained in police custody between 6th September 1968 and 14th September 1968. But he did not report for his duty till his discharge by the Chief Presidency Magistrate on 9th May 1969. In fact, neither from his written statement nor from his evidence it is clear as to the date when he went to the Company for reporting to his duty. In his written statement he clearly stated that he sent a notice, dated 12th June 1969, to the management through his lawyer for his reinstatement. In the absence of any other date showing that he went to report for his duty prior to 12th June 1969 I hold that Shri Singh went to report for his duty on 12th June 1969, and not prior to that. I find no reason why the workman did not go to report for his duty after 14th September 1968. There is no explanation for it. I therefore find no sufficient cause for his failure to report to his duty before 12th June 1969. I therefore hold that he is not entitled to any relief between 15th September 1968 and 11th June 1969 as he was not been able to show any reason for his absence during this period. Therefore he is entitled to reinstatement with back wages for the period between 1st August 1968 and 14th September 1968 and also for the period between 12th June 1969 to the date of his reinstatement.

Accordingly the workman Shri Bhagwan Dutta Singh be reinstated to his former job with back wages for the aforesaid periods within one month from the date of publication of the award in the "Calcutta Gazette".

AWARD

By Labour Department, order No. 9587-I.R/IR/11L-68/69, dated 10th December 1969, the Governor was pleased to refer the instant dispute between Messrs. O. K. Bakery, 246A Manicktalla Main Road, Calcutta-54 and their workmen represented by O. K. Bakery Workers' Union, 247/2 Manicktalla Main Road, Calcutta-54, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue:

Issue

> Whether closure of the factory from 22nd July 1969, is real? To what relief are the workmen entitled?

On receipt of the reference, notices were issued to both the parties on 3rd January 1970. The notice was properly served upon the Union and the Union appeared on 4th February 1970. The notice issued to the Company was, however, returned unserved and a fresh notice was issued to the Company which was properly served on 11th April 1970 and the Company appeared and filed authority in favour of 2 (two) Advocates on 2nd May 1970. Thereafter neither the Union nor the Company appeared in this case nor any of them took any steps. Notice was again issued to the Union which was served upon the Union on 19th August 1970, but the Union did not appear. Thereafter the case was adjourned to 14th September 1970, 23rd October 1970, 25th November 1970, 12th December 1970, 19th January 1971, 29th January 1971 and on 26th February 1971 (today), to give opportunities to the parties to take proper steps in the case. But neither the Union nor the Company appeared on any of the aforesaid dates. In the circumstances it appears that the dispute under reference is no longer in existence. The reference is, therefore, disposed of on a "no dispute" award.

This reference by the Government is under order No. 5275-I.R./IR/10L-199/68, dated 16th July 1970, for resolving a dispute between Messrs. Debi Dutt Agarwal & Co., and Debi Dutt Agarwal & Co. Rolling Mills Employees' Union and the undermentioned issue was framed for adjudication:

Issue

Whether refusal of employment to all workmen with effect from 23rd October 1969, is justified? To what relief, if any, are the workmen entitled?

Although notice was served on the Union, the Union took no interest in the matter. After several dates the record was put up on 19th November 1970, for making a no dispute award. On that day the Union appeared, prayed for time for filing written statement. The prayer was allowed and time was granted. Then there has been several adjournments but the Union is not taking any interest in the matter presumably because the Union is not interested in the dispute any more. Therefore, I am obliged to give a "no dispute" award in this reference.

The Government of West Bengal, Labour Department, by its order No. 5707-I.R./IR/11L-300/68, dated the 29th July 1968, referred this industrial dispute between Messrs. Bharat Kernels (P) Ltd., 24-B Basantalal Saha Road, Calcutta-53 (hereinafter referred to as the Company), and their workman, Shri S. Dasgupta, C.I.T. Buildings, Kankurgachi, Block No. 2, Flat No. 43, Calcutta-54, to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act for adjudication on the following issue:

Issue

Whether the dismissal of Shri S. Dasgupta is justified? To what relief, if any, is he entitled?

Pursuant to the usual notices served upon the parties they entered appearance and filed their respective written statements.

Preliminary objection raised by the Company is taken up for hearing at the instance of the Company. The preliminary objection is that the reference is bad in law because Sukamal Das Gupta, who was a salesman of the Company, was not a workman as defined in section 2(s) of the Industrial Disputes Act at the time of dismissal.

It is admitted in the written statement filed by the parties that the employee concerned Shri Das Gupta was appointed as salesman by the Company sometime in 1962. The relevant paragraphs 4 and 5 of the written statement of the employee concerned which have not been challenged by the Company runs as follows:

"This workman S. Das Gupta (Sukamal Das Gupta) was appointed on 3rd November 1962, as sole organiser of sales of Company's products for the areas of Burdwan and Presidency Divisions including Calcutta which were then the areas of operation of the Company. The salary of S. Das Gupta was fixed at the start at Rs. 200 plus T.A. Rs. 100 per month and commissions on sales over the fixed target of Rs. 2000 on a slab basis ranging from 2½ per cent to 5 per cent as per Company's letter, dated 8th February 1963, copy of the same is hereto annexed marked 'A'.

That this workman had to tour different markets within the areas aforesaid, pushed sales of Company's products, secure orders, realise bill amounts etc., and by his sincere and untiring services the Company's prosperity went high day by day and the management in recognition of his service had to give this workman an increment of Rs. 25 in his basic pay in 1965. Copy of the letter of the Company showing this workman as sales organiser annexed hereto and marked A(I)".

The employee concerned also filed an additional written statement on 9th August 1967. It is also admitted in paragraph 3 of the said written statement that the workman concerned was appointed as salesman.

The documentary evidence produced on behalf of the employee concerned also proves that he worked as a salesman under the Company all along from the date of his appointment in 1962 till the date of dismissal sometime in 1968 (vide Exts. 1 to 8). There is no document to prove that the employee concerned was appointed on 3rd November 1962. It, however, appears from Ext. 1 that the management wrote a letter to the employee concerned regarding introduction of incentive scheme for salesmen. Ext. 2 shows the commission which the salesmen of the Company used to get. Ext. 3 is the certificate, dated 7th June 1967. The certificate was granted by the Company certifying the employee concerned as Sales Organiser of the Company on a pay of Rs. 325 per month. Ext. 4 shows the tour programme of the employee concerned for the months of September and October 1967, Ext. 6 also shows the same. Ext. 7 series are the daily report submitted by the employee concerned to the Company from time to time. Ext. 8 clearly shows that the employee concerned was transferred as Salesman from Calcutta Central territory to Howrah territory. There is nothing in the documentary evidence to show that the employee concerned ever worked in different capacity other than a salesman under the Company.

The employee concerned has adduced oral evidence in support of his case to prove that he worked as a salesman and performed other duties from time to time after his appointment in 1962. He has stated that sometimes he performed the duties of a godown keeper. It, however, appears from his evidence that there is a seperate godown keeper for maintaining rcords of the godown. The assertion made by the employee concerned has been challenged by the representative of the Company in his evidence. The employee concerned frankly admits that there is no document with him to prove that he performed other duties besides his duty as a salesman. He has stated in his evidence that he used to do official work in the beginning and this work used to be done from 8 or 8-30 a.m. to 1 p.m. and this type of work was done by him up to January 1963. Thereafter he got a letter from the management of the Company directing him to do part of the official work in the morning, i.e., from 8 or

8-30 a.m. to 12 noon, and then to do the work of salesman as also the work of collection from 1-30 p.m. This type of work was done by him up to July 1967. He has made a categorical statement to the effect that he was transferred to do the work of a salesman only by the Sales Manager sometime in July 1967 and he did the said job up to the time of his suspension in December 1969. He has also stated that from July 1967 his sole duty was to secure orders and to send the same to the Company.

Thus from the evidence discussed above, it is clear that the employee concerned was appointed as a salesman and he used to work in such capacity at the time of his dismissal. The question is whether the employee who was a salesman is entitled to claim the benefit given to a workman under the provisions of the Industrial Disputes Act, 1947. It is well settled that for an employee in an industry to be a workman under section 2(s) of the Industrial Disputes Act, it is manifest that he must be employed to do skilled or unskilled manual work, supervisory work, technical work or clerical work. If the work done by an employee is not of such a nature, he would not be a workman. The evidence discussed above proves beyond doubt that the work of the type used to be done by the employee concerned as a salesman does not come under the purview of workman as defined in seection 2(s) of the Industrial Disputes Act. That being the position, the employee concerned is not entitled to claim the benefit given to a workman under the provisions of the Industrial Disputes Act. The view I am taking is supported by a case reported in L.L.J., II, 1970, p. 590, where it has been held by the Hon'ble Supreme Court that a person employed as a sales engineering representative to do promotion of sale is not a workman under the Industrial Disputes Act. After giving my anxious consideration to the argument advanced on behalf of both the sides I find that the employee concerned Sukamal Das Gupta was not a workman at the time of dismissal and as such, the dispute is not an industrial dispute as defined in section 2(k) of the Indutrial Disputes Act. The reference is thus bad in law.

This is my award.

Kasim Biri Factory, 3 Raja Dinendra Street, Calcutta and their workmen represented by Calcutta Biri Mazdoor Union, 249 Bepin Behari Ganguly Street, Calcutta-12, was referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether refusal of 6 days' job in a week to the Biri rollers is justified?

Pursuant to the notices, the parties appeared, filed their written statement and the case was ultimately fixed on 3rd November 1970, for filing documents by the parties. The joint petition of compromise shall form part of the award. This disposes of the instant reference.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the Annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Rampooria Cotton Mills Ltd., Serampore, Hooghly, and their workmen represented by Rampooria Cotton Mills Workers' Union, 10 Jagannath Ghat Lane, Mahesh and Serampore Subdivisional Cotton Textile Workers' Union, Dr Nanilal Bhattacharyya Road, Serampore, Hooghly. (Case No. VIII-315 of 1969.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri ARUN KUMAR COARI, Judge,
Second Industrial Tribunal.

This dispute between Messrs. Rampooria Cotton Mills Ltd., and their workmen represented by two Unions had been referred to by the Government to this Tribunal, vide order No. 6263-I.R./IR/8L-87/69, dated 19th August 1969 and these are the issues for adjudication.

Issues

1. Whether the management is justified in taking wage rate of August 1967; instead of wage rate of August 1968 at the time of making casual leave payment to the workmen in the year 1963 ?
2. Whether the temporary workmen are entitled to get casual leave payment as per the Cotton Textile Award of 1958 ?

The parties have filed a joint petition of compromise signed by the Advocate for the Company and the two Advocates of the two Unions By this compromise the Unions do not press issue No. 1 and Issue No. 2 also has been settled on agreement and as per the written agreement between the parties it has been decided that the temporary workmen are entitled to get casual leave payment as per Cotton Textile Award of 1958, only on their having 12 months' continuous service at their respective credit by the 31st July of the accounting year of the Company, commencing on 1st August and ending on 31st August, will be entitled to casual leave payment on the same conditions, provided they have 12 months' continuous service to their respective credit on or before the date of payment of Casual Leave in the Calendar Year in question with effect from 1st January 1971.

As the terms of settlement are legal and fair and have been agreed upon by mature deliberation between the Company and the Unions representing the workmen, I would give my award according to the agreement by which as regards Issue No. 1 there would be 'no dispute' as it is not pressed and as regards Issue No. 2 I have read the terms of the settlement.

This is the award of the Tribunal.

AWARD

By the Government of West Bengal, Labour Department, order No. 5556-I.R./IR/11L-150/68(Pt.). dated the 28th July 1969, an industrial dispute existing between Messrs. Luchminarayan, Kanoria & Co., 134 Canning Street, Calcutta-1 and their workman, Shri Prakash Chowdhury, Halder Bagan, P.O. Rahara, 24-Parganas, was referred to this Court, under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether the dismissal of Shri Prakash Chowdhury is justified? To what relief, if any, is he entitled?

Pursuance to the notices, the parties appeared, filed their written statements and the case was fixed on 8th July 1970, for hearing after completion all necessary steps by the parties concerned. On 3rd July 1970, the workman was found absent, but the case was adjourned to 28th August 1970, for hearing on Company's prayer. On 28th August 1970, the workman was again found absent but on that day too, the case was adjourned to 17th December 1970, for hearing on Company's prayer. On 17th December 1970, however, neither of the parties was found available. The Court sou-motu adjourned the case to some other dates, but the parties refrained themselves from appearing before the Court on all the dates fixed. In the circumstances, I am inclined to believe that the parties are no longer interested in proceeding with this case, and that the dispute under reference is no longer in existence. I, therefore, pass a "No-dispute" award in this case. This disposes of the instant reference.

AWARD

By the Government of West Bengal, Labour Department, order No. 7363-I.R./IR/8L-89/69, dated the 19th September 1969, an industrial dispute existing between Messrs. Krishna Textile, 14 Jackson Lane, Calcutta-1, and their workman Shri Purnamashi Singh represented by Byabashayee Karmachari Panchayet (Burrabazar), 13 Amratola Lane, Calcutta-1, was referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether the termination of service of Shri Purnamashi Singh by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

Usual notices were issued to the parties directing them to appear before the Court on 17th November 1969. The Company appeared but the Union was found absent. Service of notice upon the Union was not known on that day. The notice, however, was ultimately returned to this Court unserved with the postal remark "left". A fresh notice was again issued to the Union on 10th June 1970, directing it to appear before the Court on 3rd July 1970. This time the notice was served, the Union appeared and was directed to file its written statement on 3rd August 1970. Neither of the parties was found available on 3rd August 1970, and also on the subsequent dates fixed by the Court. Even up to this day, the parties are found absent. In such circumstances, I am inclined to think that the parties have ceased to take any interest in this proceeding and that the dispute under reference is no longer in existence. I, therefore, dispose of this case by passing a "No-dispute" award.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Mangala Saha Mistanna Byabasayee, Jhapantala, P.O. Issue

> Whether the termination of service of Shri Durlav Chandra Roy alias Dulal Chandra Roy is justified? To what relief, if any, is he entitled?

Notices were served upon both parties and they entered appearance. On 18th August 1970, the Union prayed for time for filing written statement and accordingly prayer was allowed and 9th September 1970, was fixed for filing written statement by the Union The Union, however, did not file any written statement.

Several dates were given to enable the Union to file written statement but no written statement was ultimately filed. Thereafter both the Union and the Company did not turn up though several dates were fixed for hearing of the case. In the circumstances it seems to me that the parties might have settled the dispute amicably out of Court and that at present there is no dispute pending between them. I accordingly pass a "No-dispute" award in this case.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Capco Pvt. Ltd., and their workman Shri S. C. Dutta, to this Tribunal by its order No. 9911-IR, dated 20th December 1969, under section 10 read with section 2A of the Industrial Disputes Act, for adjudication upon the matter on the following issue :

Issue

Whether the dismissal of Shri S. C. Dutta is justified ? What relief, if any, is he entitled to ?

This Tribunal received the aforesaid reference on 30th December 1969.

Pursuant to usual notices served upon the parties, the management and the employee concerned entered appearance and filed their respective statement and written statement. Thereafter the Company filed its list of documents on 13th June 1970 and the matter was set down for hearing on 6th July 1970. The case was ultimately taken up for hearing on 8th September 1970—before that two adjournments were granted on the application of the parties.

On 8th September 1970 Shri S. C. Dutta, employee concerned, was examined-in-chief in part. During his examination Shri D. L. Sengupta, Advocate for Shri Dutta, filed a petition for production of certain original documents and the Company was directed to produce the same and in order to allow time to the management to produce the said documents, the matter was adjourned till 11th September 1970. On that day, however, this Tribunal was apprised by the parties that the matter was practically settled and they asked for some time to finalise the draft settlement. Under the circumstances, the matter was adjourned till 15th September 1970; on that date an application was filed on behalf of the Company to file the compromise petition. Accordingly the matter was adjourned till 25th September 1970. Ultimately, however, the settlement was not arrived at by and between the parties and compromise petition was not filed and the matter was again taken up for hearing on 22th October 1970. On that date Shri S. C. Dutta's examination-in-chief was concluded and he was cross-examined in part. On 12th November 1970 Shri Dutta's cross-examintion was concluded and the management examined two witnesses, namely, Shri Hashya Kr. Biswas, OPW 1, an employee of the Company and Shri Paritosh Mukherjee (OPW 2), Assistant Secretary of the Company and they were cross-examined by Shri Sengupta, learned Advocate for the employee concerned. Argument of the respective parties was heard on 4th January 1971 and was concluded on that date.

I should now advert to the statement and written statement of the parties of the respective parties.

The case of Shri S. C. Dutta is that he was appointed as Chemist on 11th August 1948 at a total remuneration of Rs. 350 per month and his work was purely a technical one and he in order to supplement his poor income took up the work of life insurance agency. The Company too utilised his such agency for sometime as a Salesman to the Company during the period of 5/6 months since 3rd August 1968. During this period when he was made to work as Salesman he had lots of trouble with the Company over the travelling allowance and other items and the Company by a spirit of victimisation directed him to do purely clerical work. On 26th March 1969 without any basis whatsoever in a malafide motive the Company served him a letter from the Bombay office charging him with disobedience and asking him to explain why disciplinary action should not be taken against him. He received that letter on 3rd April 1969 when he was seriously ill. On 31st March 1969 he applied for sick leave with a medical certificate. During this period while still on sick leave by a letter, dated 3rd April

1969, addressed to the Divisional Manager, Shri S C Dutta, requested him to let him know whether he was permitted to write to the managing director directly or he would have to write to the Secretary. In answer to that by a letter, dated 7th April 1969, the Divisional Manager advised Shri Dutta to follow the direction of the Secretary of the Company, dated 20th August 1968. Thereafter Shri Dutta left for sea side under medical advice and he accordingly by a letter, dated 8th April 1969, intimated to the Company about the same. Before that on 26th March 1969 the Company wrote him a letter (Ext. 9) to the effect that he was not following the office instruction and asking him why disciplinary action should not be taken against him to which he replied on 25th April 1969 denying the allegations. He wrote that the letter of the management was too vague and he was ignorant about any delinquency he had committed to be charged with the same and generally denying the allegation. On 29th April 1969 Shri Dutta wrote to the Calcutta office with a medical certificate for extension of his sick leave. On 29th April 1969 Shri Dutta was charged for "various imaginary, vague and baseless offences and was dismissed with immediate effect without any enquiry and without any scope of self-defence". Shri Dutta states that the said action of the Company in thus dismissing him was clearly in violation of the principles of natural justice, illegal, unjustified, basically erroneous, perverse and mala fide. It is necessary to set out the letter, dated 29th April 1969. The said letters, dated 29th April 1969, levelled two charges against Shri Dutta—(1) He has been asked to attend to the office wholetime but for reasons best known to him only he took leave and that too without prior permission of the management which amounted to indiscipline and disobedience and (2) All along he had been doing life insurance work in the Benami name of his wife thus neglecting the office work that was entrusted to him In paragraph 17 of his written statement Shri Dutta states that all these allegations were malicious as would be borne out by the previous correspondence. His case is that he did life insurance agency business to the knowledge of the Company and that matter was agitated and thrashed out long before and was dropped by the management and so far indiscipline and disobedience are concerned for taking leave without prior permission his case is that the fact that he was sick was never challenged and his leave application was never rejected and as such the question of indiscipline and disobedience would never arise. Shri Dutta wrote back by a letter, dated 13th June 1969 (Ext. 7), to the Company protesting against such arbitrary action of the management. The said letter charged the management with arbitrary action actuated by mala fide motive and he took strong exception to such dismissal without holding any enquiry He writes "my illness was never questioned, my leave application was never refused, I was never charged for neglecting office work" and so far his agency work was concerned he made it quite clear that it was in his name and not Benami and it was to the knowledge of the Company But the Company refused to accede to the demand of Shri Dutta and did not retract from its attitude in dismissing the said Shri S. C. Dutta which impelled Shri Dutta to refer this matter to the Labour Commissioner. The Company took an objection there that as Shri Dutta was not a workman this matter could not be agitated before the Labour Commissioner and on merit its case was that he was charge-sheeted more than once, enquiry was held and as such he had had no case against the Company. The conciliation officer on consideration, referred this matter to the Tribunal for adjudication.

Company's written statement is as follows:

Shri S. C. Dutta was all along a chemist in-charge of the Dyes Department, managing, supervising the same and "drawing Rs. 600 per month, besides the conveyance allowance and other emoluments and therefore is not a workman under the Industrial Disputes Act". In dealing with paragraphs 4 to 8 of the statement of the employee concerned the Company states that Shri Dutta neglected the works of the Company as chemist in charge and steealthily worked as a life insurance agent having no right to do so enjoying conveyance allowance which was not for doing his work as life insurance agent and was often found to be absent on enquiries. He was several times warned by the management as he was often found absent on enquiries from the office and as such by a letter of 28th August 1968 he was requested to take in addition to his work, the work of Shri P. K Ganguly and that was to fix his presence in the Company's office but still he absented himself frequently from office to do his works as a life insurance agent and as such the Company by a letter, dated 20th March 1969, asked him to attend office whole time and also to attend to the correspondence of Chemist Department but he refused on the ground that he was neither "a pedlar of medicine nor a correspondence clerk" and as such by a letter, dated 26th March 1969, he was charge-sheeted after due enquiry for disobedience and he was called upon to show cause why disciplinary action should not be taken against him. Company further states that Shri Dutta suddenly thereafter applied for sick leave which was inopportune and was done only to perpetuate disobedience to the orders of the Company and even absented himself from the office from 31st March 1969 to 29th April 1969 and as such Shri S. C. Dutta was dismissed by the Company by a letter, dated 29th April 1969, on grounds of misconduct and indiscipline, disobedience, prolonged insubordination in correspendence and in practice and for violation of the Service Rules of the Company as explained in their Bombay office letter No. 9026, dated 29th April 1969. They have also in their written statement gives an extract of that letter which has been referred to earlier; the purport of the same is that he took leave without prior permission which amounted to indiscipline and he was charged for disobedience for doing insurance work in the Benami name of his wife and thus neglecting office work and for all this he was dismissed with immediate effect. It takes the stand that such dismissal was justified and was not in violation of the principles of natural justice. The Company asserts that the dispute which was raised by Shri Dutta was a purported and false one and which was only to cover up his own acts of negligence and fraud. This is all what the Company has to say in their written statement.

Shri Kar, learned advocate for the management, at the time of argument pressed a preliminary objection as stated before raised in the written statement of the Company. The objection is that the matter in question is not an industrial dispute and as such this Tribunal has no jurisdiction to adjudicate upon it, he impressed upon this Tribunal that on the evidence as adduced before this Tribunal both oral and documentary it is proved that Shri Dutta was not a workman within the meaning of section 2(s) of Industrial Disputes Act and as such this merits of the case having no jurisdiction to sit over this dispute It is apposite before I deal with the preliminary objection to discuss the evidence of both the parties as adduced before me in order to ascertain the nature of work of the employee concerned and thereafter if necessary after dealing with preliminary objection to discuss the merits of this case on the evidence adduced.

I first of all take up the evidence of Shri S. C. Dutta, employee concerned, P.W. 1. His evidence is that he used to work in the laboratory of the Company to test synthetic dyes stuff and to match shade and if in the mills there was any complication or trouble on colour matching then he had to go over there to put the matter in order and he was assisted by a laboratory boy Previously there were other chemists but in 1962-63 he was there alone and in 1967 another chemist was taken in and the works were divided between them. Shri Dutta said that he did purely technical work, he had no managerial function, no administrative function nor had he any executive or even any supervisory function. He sometimes described himself as chemist in-charge and he volunteered to say that he did it with the hope that after a long period of service if he styled himself to be such it would earn him some promotion or increment. He used to write laboratory report and according to him it was merely a clerical and technical work, but he was described in the salary voucher as an Assistant. His salary was Rs. 600 per month at the material time. In cross-examination he stated that he had no fixed designation but in the salary receipt he was designated as assistant. He had to sit at 14 Netaji Subhas Road, Calcutta and had to go through the correspondence regarding Chemical Department. On and from 27th March 1969 he said as per the intimation received in the afternoon on 26th March 1969 he started looking to the correspondence at the Head Office, 14 Netaji Subhas Road. It was suggested to him that it was not correct which he denied. In cross-examination Mr. Kar put a question like this "subject to this Tribunal's decision are you ready and willing to serve at the Head Office as Correspondence Assistant' to go through the correspondence of Chemical Department even now" Shri Dutta answered, "yes, why not? Volunteers: my job as was assigned was absolutely a clerical job". The management called Shri Hashya Kr. Biswas, O.P.W. 1. He described Shri Dutta as chief chemist which is not even the case of the management. In cross-examination he said that when Shri Dutta was on leave he used to sign the laboratory report. Shri D. L. Sengupta drew my attention to this fact pointedly that Shri Dutta's work was of a chemist and such work could be signed and passed by a laboratory boy even, presumably purporting to contend that his work was a routine work of minor nature not involving any kind of managerial or supervisory function. Shri Paritosh Mukherjee, Assistant Secretary of the Company, testified to the fact that the laboratory report was signed by Shri Dutta. He used to sign the report because he was in-charge of the laboratory. In cross-examination he said that previously he was an Accounts assistant which was a clerical post. His further evidence is that Shri Dutta was transferred from laboratory to Head Office because he was frequently unavailable at the laboratory. In the laboratory he was doing the work of a chemist. The post of a chemist is a substantive one and he further said that the work of a chemist is a technical one and he was transferred to the Head Office to do clerical work.

This is all the evidence relating to the preliminary objection which has been left to me for ascertainment first whether Shri S. C. Dutta was a workman within the meaning of section 2(s) of the Industrial Disputes Act. In order to deal with this question I must first of all refer to section itself. The section is as follows:

"Workman means any person (including an apprentice) employed in any industry to do any skilled or unskilled manual, supervisory, technical or clerical work for hire or reward . . . . . . but does not include any such person who is employed mainly in a managerial or administrative capacity; or who being employed in a supervisory capacity draws wages exceeding Rs. 500 per mensem or exercises either by the nature of the duties attached to the office or by reason of the powers vested in him, functions mainly of a managerial nature. In the instant case it is admitted that Shri Dutta at the relevant point of time was drawing a salary more than Rs. 500 per month. Shri Kar for the Company shortly put his argument in the following manner:

He is not a workman; he was drawing a salary of Rs. 600 per month; he was in-charge of the department called Chemical Department of the Company; his designation was chemist-in-charge; he used to sign report of the Company. Thereby he contended that he held a supervisory post drawing a salary of Rs. 600 per month—the fact which tends to show that he could not be a workman to attract the jurisdiction of this Tribunal and in support of his argument he cited me a judgment reported in A.I.R. 1955 (NUC) P. 1463. It is rather unfortunate that I do not get full text of the judgment. In the said judgment a Bench Chemist was not held to be a workman. This judgment of Labour Appellate Tribunal at Bombay holds: the question whether or not an employee is a workman depends upon the nature of his work done by him and the degree of his responsibility. His designation does not matter. It is also necessary that in order to be a workman an employee should be doing manual or clerical work for hire or reward Employees in any industry may be divided broadly in the following cases :

(1) those who are workmen within the meaning of that term,

(2) those who are not such workmen.

In the latter category it was divided into two cases :

(i) Those who are officers having directional or controlling powers.

(ii) Those who may not posses any directional or controlling powers; yet they may not be workmen because they are not doing manual or clerical work. When such employees do not work such work they do not fall within the definition of workman and the Appellate Tribunal held that a Bench Chemist who neither does any manual work or clerical work and if he does so, those works being ancillary, cannot be held to be a workman. This cryptic report is too short and the absence of full reason on the basis of which the said judgment is arrived at, makes it rather otiose. But as it is the definition of workman as laid down there seems to be very narrow. The Bombay case of the Labour Appellate Tribunal as cited by Mr. Kar, however, relied on two judgments, namely, 1951 (1 LLJ., P. 167 and 1953 (1) LLJ., P. 344. In the former case the Appellate Tribunal by scrutinising the nature of work held that the employee concerned was doing a work which was mainly of a supervisory nature and therefore he was not held to be a workman. In the latter case it was decided that it is not the designation that matters, but the nature of work done by him is he crux of the whole thing. Therefore, these two cases on which AIR case (Chintamon Mantant Vs. Phulton Sugar Works) reported in N.U.C. do not give any new principle and so far Bombay Tribunal case is concerned as detailed report is not there, this Tribunal is rather reluctant to base its judgment upon it.

Shri D. L. Sengupta has cited me a recent judgment on this point, which is reported in 1970 (2) LLJ., P. 590 (Between Burmah-shell Oil Storage & Distribution India Ltd. and Burmah-shell Oil Storage Staff and Association). Their Lordships of the Supreme Court in that case, analysing the nature of work of a chemist, were pleased to hold that a chemist is a workman; in that case there were assistants who assisted the chemist in the laboratory work where their work was carried on, but all the chemists did their own work which was a technical nature and all the test works were carried out by the chemists personally and there were only a few assistants who did routine work in order to assist the chemist. The chemists no doubt ensured that the workmen assisting them work properly but their small amount of supervision was only incidental to their technical work. This judgment of the Hon'ble Supreme Court is directly on this issue and lays down guidelines for this Tribunal to determine this question. Analysing the evidence their Lordships held that any supervisory work was ancillary to the main work which was done by the chemists themselves and the decision of the Tribunal in respect of the chemists holding them to be employees of technical work and not in supervisory capacity was upheld. In this instant case the management's witness Shri Paritosh Mukherjee O.P.W. 1 in course of his cross-examination stated that the work of a chemist is technical one and he admitted that Shri Dutta in the laboratory was doing the work of a chemist and he further said that he was transferred to Head Office to do clerical work. In such facts and circumstances of the case it cannot be gainsaid that Shri Dutta did not do any supervisory work nor was he expected to do any supervisory work of the management. Under these circumstances, the nature of work Shri Dutta used to do does come within the purview and meaning of the definition of "workman" as laid down in section 2(s) of Industrial Disputes Act.

Considering the nature of work done by Shri S. C. Dutta as it appears from the evidence I am inclined to hold and I hold that Shri Dutta never held any supervisory post or did or had to do any managerial function. The evidence is too glaringly patent to resist that conclusion. His work was purely technical and clerical in nature and as such I hold that he was a workman within the meaning of section 2(s) of Industrial Disputes Act and the preliminary objection raised by Shri Kar is hereby not accepted.

Apropos the merits of the case I refer to the evidence again along with the charge-sheet. According to Company's statement as stated in page 2 that Shri S. C. Dutta was charge-sheeted by a letter, dated 26th March 1969, after due enquiry being held and he was called upon to show cause why disciplinary action should not be taken against Shri Dutta, to which Shri Dutta replied challenging the contents of the letter and as a matter of fact to such a letter itself. He made it clear that the said letter was rather cryptic; no specific charge has been made and denied that there was any cause for disciplinary action. After receiving this letter the management wrote back on 29th April 1969 to the following effect: "you have been asked to attend office whole time but for reasons best known to you only you took leave without our prior permission which amounts to indiscipline and disobedience". It further goes on to write "all along you have been doing insurance work in the Benami name of your wife. Your above letter has no bearing on the subject. In the present circumstances you are dismissed with immediate effect". This letter read with letter, dated 26th March 1969, together formed the whole charge-sheet against the alleged delinquent. The letter, dated 26th March 1969, as referred to above does not convey any specific charge against Shri Dutta. It only called for explanation which was given and no steps were taken to take legal course for the verification of the charges levelled against Shri Dutta. This, to my mind, is a queer case of dismissal. The Company prima facie as it appears was taking exception to this taking leave without prior permission. But the fact is not borne out by evidence. The employee concerned made an application for sick leave and it was never rejected within a period of reasonable time. The management for reasons best known to it sat on the fence. It was known to the management that he took leave but management did not take any action against that; if they wanted to reject his application, they could have done so, but management was strangely silent over it.

Shri Sengupta rightly pointed by referring to the statement of Shri Dutta (paragraphs 10 and 13) that Shri S. C. Dutta had 4 months' sick leave due to him was not controverted and contradicted by the management in its written statement. That being so the very charge that he was guilty of insubordination and negligence of duty by taking sick leave becomes a very unavailing accusation worthy of no merits; even if it had some worth the Company, it was expected, should have taken immediate action against it, but as I said before the Company was strangely silent over it. The letter of dismissal too is abrupt and does not speak favourable for the management. The very charges that have been given in the letter of dismissal were not earlier intimated to Shri Dutta in express terms. The charges came simultaneously along with the letter of dismissal Therefore he had had no opportunity to refute or controvert the same; each and every item of it required probe in the domestic forum. As for example, the management was charging him that he was asked to attend to the office whole time but he took leave and that too without prior permission. This fact should have been enquired in a proper domestic forum under what circumstances he had to take leave, whether his application for sick leave was a bona fide one or whether he was really under the circumstances guilty of indiscipline and disobedience but no such domestic enquiry was held. Next charge was that he was doing insurance agency business in the Benami of his wife. This also required a probe in the domestic forum ordinarily but as Exhibits go to show that he was doing insurance work was known to the management for a long time. The management acquiesced to the same without raising any protest to it. The management had an earlier occasion to decide upon it : but it took no action and allowed the thing to continue. The indecisive stance of the management let alone being deplorable gives the whole thing a colour not being genuine. Therefore, certainly it can be said to be a mala fide attitude in the spirit of victimisation against the employee concerned and as such the order of dismissal was an invalid one in the perspective of industrial law. The management took a high-handed action in such dismissal and their action is unsupportable.

As I find from the exhibits and from the evidence as adduced before me and before the Labour Commissioner that the management sought to say that it held enquiries, I am in grave doubt whether they really understood the meaning of the term "enquiry", perhaps they thought enquiry means private enquiry based on some hearsay evidence.

Even if there were no enquiry I may took into the facts whether charges that were levelled against Shri Dutta were really substantiated by any evidence before me. I am constrained to hold that the evidence both oral and documentary also does not substantiate the case of the management so far charges are concerned Shri Dutta as such never flouted the order of the management. His delinquency and negligence were sought to be proved by two witnesses, namely, Shri Hashya Kr. Biswas O.P.W. 1 and Shri Paritosh Mukherjee O.P.W. 2. The evidence of Hashya Kr. Biswas O.P.W. 1 is "from Head Office many times enquiries came relating to Shri Dutta but he was not available at Chowringhee Road. From Head Office officers came to enquire about the matter. He used to come punctually at the schedule hours but off and on he went out. He used to take lunch at Chowringhee (office)". He said in cross-examination that he knew there was some sort of charge-sheet against Shri Dutta and an enquiry was held but such enquiry was held in the absence of Shri Dutta. Shri Paritosh Mukherjee O.P.W. 2 stated that he was guilty of insubordination and disobedience because he did not carry out the order of the Head Office. He attended the office but he did not attend to the correspondence. This is absolutely a new thing stated by the management. This witness showed his complete ignorance whether Shri Nigam gave him permission to do insurance work but it has been proved before me that so far his insurance work was concerned not only the Company complacently accepted it At least there is no evidence that he did the insurance work at the cost of his office work. Shri Paritosh Mukherjee had no personal knowledge about the frequent absence of Shri Dutta from the laboratory. He had some sort of idea that he played truant from the office from some sources in the office—the legal force of such evidence is absolutely nil. The Company on this evidence wants to impress upon this Tribunal that the dismissal was a justified one; on the other hand as I find the order of dismissal was imposed upon the employee concerned in an arbitrary and perfunctory manner with unseemly haste without giving any proper chance to Shri Dutta to defend himself. It is regretable that the Company chose to take a high-handed action and sought to cover it up by laying some charges simultaneously with the letter of dismissal without giving any opportunity to Shri Dutta to controvert the same.

Shri Kar appearing for the management in course of his argument strongly relied upon this extra-office activity, namely, doing of insurance work but that was an accepted fact that he was doing insurance work. In this context I may refer to Ext. 5, dated 16th November 1963, written by Shri S. S. Dutta to the Company. It appears to me that long before, such a thing was raked up in the past and was allowed to be buried in the past. Again by a letter, dated 23rd September 1968, Shri Dutta, so far insurance works are concerned, made it clear that he was doing such insurance agency, yet the Company did not take any specific action. It is rather unfortunate that the Company again stirred it up for the purpose of dismissing the workman concerned. Certainly if Shri Dutta was guilty of proved negligence he could have been dismissed but not without any proper enquiry, not without facing any proper charge.

The Company by its letter, dated 18th June 1969 (Ext. 14), written to the Labour Commissioner hastened to write that more than once enquiry was held in respect of the charges against Shri Dutta and they also referred to the service rules. As I said before it appears to me that the Company did not understand the legal purport of the meaning of the term "enquiry" and I also point out here, although service rules were referred to, no service rules were placed before this Tribunal.

Under the circumstances, considering the exhibits, perusing and sifting the evidence I find that the Company was arbitrary in dismissing Shri Dutta in the manner he was dismissed without giving him any opportunity to defend himself against such arbitrary action. The Company sought to use certain grounds against Shri Dutta but such grounds were never substantiated nor even they were expressly laid at Shri Dutta to give him a chance to defend himself. The Company could have specifically forbidden any activity of Shri Dutta if it were against the service rules but that was also never done by the management. The management throughout was complacent and suddenly it stirred into action and then too it acted in a perfunctory and hasty manner flouting all the principles of natural justice, which this Tribunal cannot support.

Hence, I answer the issue in the following manner:

Whether dismissal of Shri S. C. Dutta is justified? No.

What relief, if any, he is entitled to ?

Shri Sengupta contended before me that Shri Dutta is entitled to back wage and argued if the management was grossly in error in dismissing a person and if that person is directed to be reinstated, Tribunal should not withhold his back wages. To my mind, this Tribunal has got discretion so far back wages are concerned, but the discretion should be judicially exercised in any case. Company took a very high-handed action in dismissing Shri Dutta and as such when he is legally entitled to reinstatement, I do not want to withhold his back wages.

The normal order when a dismissal is set aside and dismissed employee is reinstated with continuity of service is for the payment for full wages from the date of dismissal to the date of reinstatement. If the said normal order is to be departed from strong ground must be there before such deviation. In this case, true, Shri Dutta was doing some insurance work but as it was done to the knowledge of the management throughout and as there was no specific charge followed by any proper domestic enquiry to the effect that such work hampered and/or affected the office work to be done by Shri Dutta and/or as there was no firm finding by any domestic enquiry to that effect, this Tribunal cannot but allow full wages to the employee concerned.

Hence, it is ordered that Shri S. C. Dutta will be reinstated to his service with all the back wages and the management will implement this award within one month from the date of publication of the same in the Official Gazette.

This is my award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. The Calcutta Advertising Society, 3 Sri Aurabinda Sarani, Calcutta-5, and their workmen represented by the C. A. S. Employees' Union, 23 Ananda Khan Lane, Calcutta-5. (Case No. VIII-209/70)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Third Industrial Tribunal.

AWARD

By order No. 4923-I.R./IR/11L-351/70, dated the 23rd June 1970, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. The Calcutta Advertising Society, 3 Sri Aurabinda Sarani, Calcutta-5, and their workmen represented by the C. A. S. Employees' Union, 23 Ananda Khan Lane, Calcutta-5, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue :

Issue

Grade and Scales of Pay.

After due service of notices, both parties entered appearance on 3rd August 1970. Parties were thereafter asked to file written statements by 3rd September 1970. Time for filing written statement was thereafter extended to 28th September 1970, by the Tribunal suo moto. Not only did the Union fail to appear on the date fixed, it neglected to file written statement as directed. The record was put up on 28th October 1970, for orders. On this occasion also the Union did not appear. Neither was any step taken by the Union. On behalf of the Company, however, their representative was present.

The Tribunal allowed the Union another chance to file written statement by 18th November 1970 It was ordered that the case would be disposed of according to law if the Union again neglected to appear and to take steps. Thereupon the Union prayed for an extension of time for filing written statement. As before, the Union failed to file its written statement on the date fixed. The Tribunal thereafter adjourned the case on five occasions to enable the Union to file written statement, the last occasion being on 25th January 1971. On this occasion, the Tribunal allowed time till 15th February 1971, for filing written statement as a special case. Again, the Union failed to appear and as before, omitted to file written statement. The Tribunal suo moto extended time for filing written statement by the Union till 15th March 1971, indicating that on failure of the Union to file written statement, the case would be disposed of according to law. On 15th March 1971, the Union did not take any steps whatsoever The case is now taken up for disposal ex parte.

From the resume of the proceedings it will appear that the Union has been guilty of serious laches and negligence since very inception of this case. Evidently it is no longer interested in prosecuting the case before this Tribunal. In the circumstances, it is reasonable to presume that the dispute under reference has been settled out of Court and that the parties are not interested in adjudication by this Tribunal. Thus, the industrial dispute has, for all practical purposes, ceased to exist and I am inclined to pass a "no dispute" award in this case.

This is my award

Issue

What should be the quantum of Bonus for the piece-rated workmen for the year 1966-67 ?

Pursuant to the usual notices served upon the parties, they duly entered their appearance and filed their respective written statements. Thereafter several adjournments were taken by both the parties for taking various steps.

On 5th January 1971 a joint petition was filed duly signed by the Lawyers of both sides to the effect that a talk of compromise had been going on between the parties. So 28th January 1971 was fixed for filing the compromise petition by the parties. Thereafter further adjournments were taken by the parties to file the compromise petition.

On 3rd March 1971 a joint petition of compromise, duly signed by the learned Lawyers of both sides and the authorised representatives of both sides was filed by the parties stating therein that they had mutually discussed over the issues of dispute and had come to an amicable settlement on the terms as incorporated therein. They further prayed that the Tribunal should accept the terms of compromise and pass an award in terms of the petition of compromise filed by them.

I have perused the petition of compromise. The terms of the compromise appear to be legal, reasonable and fair. As such the petition of compromise is accepted and an award is passed in terms of the petition of compromise, which shall make an integral part of the award.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Issue

Whether the discharge of Shri Chittaranjan Saha by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

Notices were served upon both the parties and they duly entered appearance. The workman concerned filed written statement on 20th May 1970. The Company filed written statement on 15th June 1970. Thereafter 11th July 1970 was fixed for filing list of documents. The Company filed list of documents on 6th August 1970 but the workman did not file any list of documents. (iii) whether the procedure prescribed in rule 10 or rule 11 shall be followed in the proceedings.

Note 1.—In all cases of fraud, embezzlement, or similar offences, the disciplinary authority shall take steps to institute departmental proceedings against all the delinquents and conduct them with strict adherence to the rules upto the point at which prosecution of any of the delinquents begins. At that stage it must be specifically considered whether further conduct of the departmental proceedings against any of the remaining delinquents is practicable, and if so, it shall continue as far as possible (which will not, as a rule, include finding and sentence). If the accused is convicted, the departmental proceedings against him shall be resumed and formally completed either by dismissing or removing the person from Government service or by reducing him in rank on the ground of his conviction. If the accused is not convicted, the departmental proceedings against him should be dropped unless the authority competent to take disciplinary action is of opinion that the facts of the case disclose adequate grounds for taking departmental action against him. In either case the proceedings against the remaining delinquents shall be resumed and completed as soon as possible after the termination of the proceedings in court.

Explanation.—Departmental proceedings shall not as a rule be initiated on the same charges or on charges substantially similar to those of which a Government servant is acquitted in consequence of or by a decision of a court of law. There is, however, no bar to further inquiries being undertaken in cases where it is held by the Court that the safeguards imposed by article 311 of the Constitution of India have not been properly followed and a subsequent inquiry may be made on the same charges or on charges substantially similar to those on which the penalities were orginally imposed.

Discharge by the court on the submission of final report by the police does not, however, amount to acquittal and there is no bar to departmental proceedings being initiated after such discharge either on the same charges or on charges substantially similar to those leading to the discharge.

Note 2.—Where a Government servant (other than one to whom rule 12 or rule 13 applies) is transferred from the disciplinary control of one officer (hereinafter in this rule referred to as the first officer) to that of another officer (hereafter in this rule referred to as the second officer), the first officer after such transfer, ceases to be competent to draw up proceedings against the said Government servant although the proposed charges relate to things done while he was under the disciplinary control of the first officer. In such a case, the second officer shall draw up proceedings at first and then ask the first officer to conduct the enquiry and submit the case to him for orders. One receipt of the report of the enquiry, the second officer may impose the penalty after observing the procedure detailed in rule 10 or otherwise dispose of the proceedings.

10. **Procedure for imposing penalties.**—(1) No order imposing any of the penalties specified in rule 8 shall be made except after an enquiry held in the manner provided in this rule.

(6) If the Government servant who has not admitted any of the articles of charge in his written statement of defence appears before the inquiring authority, such authority shall ask him whether he is guilty or has any defence to make and if he pleads guilty to any of the articles of charge, the inquiring authority shall record the plea, sign the record and obtain the signature of the Government servant thereon. The inquiring authority shall return a finding of guilt in respect of those articles of charge to which the Government servant pleads guilty. The inquiring authority shall, if the Government servant fails to appear within the specified time or refuses or omits to plead or claims to be tried require the disciplinary authority or his representative to produce the evidence by which he proposes to prove the articles of charge and shall adjourn the case to a later date not exceeding 30 days, after recording an order that the Government servant may for the purpose of preparing his defence—

(b) the defence of the Government servant in respect of each article of charge;

(c) an assessment of the evidence in respect of each article of charge;

(d) the finding on each article of charge and the reasons therefor.
